

IN THE UNITED STATES DISTRICT COURT
FOR THE WESTERN DISTRICT OF KENTUCKY

POLYWEAVE PACKAGING, INC.,
a Delaware corporation,

Plaintiff,

Case Number: 4:21-CV-00054-JHM

v.

PETER PAUL MONTGOMERY BUTTIGIEG,
Secretary, United States Department of Transportation, in his
official capacity,

Defendant.

VERIFIED COMPLAINT

(For Violation of the Administrative Procedure Act
and for Declaratory and Injunctive Relief)

Nature of the Case

1. Plaintiff Polyweave Packaging, Inc. (“Polyweave”) is a small business regulated by the U.S. Department of Transportation (“DOT” or the “Department”). Polyweave is currently the target of an ongoing DOT “enforcement action” as defined at 49 CFR § 5.57.

2. Defendant is Peter Paul Montgomery Buttigieg, the Secretary of Transportation.

3. On February 15, 2019, DOT’s General Counsel issued a memorandum entitled *Procedural Requirements for DOT Enforcement Actions* (Feb. 15, 2019) (the “Bradbury Memo”) (Exhibit 1).

4. Among other things, the Bradbury Memo was intended to prevent the Department’s investigative process from being “a game of ‘gotcha’” and its enforcement actions from relying on “overly broad or unduly expansive interpretations of the governing statutes or regulations”; to prohibit “‘fishing expeditions’ to find potential violations absent sufficient evidence in hand to support assertion of a violation” and endless administrative proceedings; to ensure Polyweave and others had

fair notice of prohibited and permitted conduct; and to guard against the taint caused by Department employees' weaponizing civil administrative process out of "personal animus against a party." *Id.* at 5–7.

5. Accordingly, it ordered all agency enforcement personnel to follow *Brady v. Maryland* and disclose exculpatory evidence "as a matter of course;" to stop using "enforcement authority effectively to convert agency guidance documents into binding rules;" to stop allowing cases "to linger unduly;" and to stop imposing opaquely calculated penalties that do not "reflect due regard for fairness, the scale of the violation [and] the violator's knowledge and intent." *Id.* at 9–11.

6. All DOT employees were required to comply.

7. On October 9, 2019, President Trump issued Executive Order 13892, *Promoting the Rule of Law Through Transparency and Fairness in Civil Administrative Enforcement and Adjudication*, 84 Fed. Reg. 55239 (Oct. 9, 2019) (Exhibit 2).

8. Citing *Morton v. Ruiz*, 415 U.S. 199, 232 (1974), Executive Order 13892 affirmed the Administrative Procedure Act ("APA"), 5 U.S.C. § 551 *et seq.*, was enacted to provide that "administrative policies affecting individual rights and obligations be promulgated pursuant to certain stated procedures so as to avoid the inherently arbitrary nature of unpublished *ad hoc* determinations." 84 Fed. Reg. at 55239.

9. Executive Order 13892 declared DOT must act transparently and fairly with respect to all affected parties when engaged in civil administrative enforcement or adjudication; must not subject any person to a civil administrative enforcement action or adjudication absent prior public notice of both its jurisdiction over particular conduct and the legal standards applicable thereto; and afford regulated parties all the safeguards described in the Order, even above and beyond those that the courts have interpreted the Due Process Clause of the Fifth Amendment to the Constitution to impose. *Id.* at 55239. Specifically:

- a. Guidance documents may not be used to impose new standards of conduct on persons outside the executive branch except as expressly authorized by law. 84 Fed. Reg. at 55240.
 - b. When an agency takes an administrative enforcement action, engages in adjudication, or otherwise makes a determination that has substantive legal consequence for a regulated person, it may apply only standards of conduct that have been publicly stated in a manner that would not cause unfair surprise. An agency must avoid unfair surprise not only when it imposes penalties but also whenever it adjudges past conduct to have violated the law. 84 Fed. Reg. at 55241.
 - c. Any decision in an agency adjudication, administrative order, or agency document on which an agency relies to assert a new or expanded claim of jurisdiction—such as a claim to regulate a new subject matter or an explanation of a new basis for liability—must be published, either in full or by citation if publicly available, in the Federal Register (or on the portion of the agency’s website that contains a single, searchable, indexed database of all guidance documents in effect) before the conduct over which jurisdiction is sought occurs. *Id.* at 55241.
 - d. Each agency conducting civil administrative inspections shall publish a rule of agency procedure governing such inspections, if such a regulation did not already exist. *Id.*
 - e. Each agency shall submit a report to the President demonstrating that its civil administrative enforcement activities, investigations, and other actions comply with SBREFA, including section 223 of that Act. A copy of this report, subject to redactions for any applicable privileges, shall be posted on the agency’s website. *Id.* at 55242.
10. On December 27, 2019, and citing 49 U.S.C. § 322(a) as authority, DOT promulgated 49 CFR Part 5 Subpart D – Enforcement Procedures, 49 CFR § 5.53 *et seq.* (“Subpart D”).
11. The Federal Register notice explained Subpart D was promulgated to ensure “the Department provides affected parties appropriate due process in all enforcement actions,” and “the Department’s conduct is fair and free of bias and concludes with a well-documented decision as to violations alleged and any violations found to have been committed,” and “the penalties or corrective actions imposed for such violations are reasonable,” and “proper steps needed to ensure future compliance [are] undertaken by the regulated party.” Dep’t of Transp., *Administrative Rulemaking, Guidance, and Enforcement Procedures*, 84 Fed. Reg. 71714, 71716 (Dec. 27, 2019) (Exhibit 3).
12. The Federal Register notice further explained Subpart D “incorporates requirements found in the Executive Order related to cooperative information sharing, the Small Business

Regulatory Enforcement Fairness (SBREFA) Act, and ensuring reasonable administrative inspections.” *Id.* at 71716.

13. In the main, however, Subpart D codified the Bradbury Memo. For example:
 - a. Subpart D committed the Department to comply with the principle of *Brady v. Maryland*, 373 U.S. 83 (1963), commanding, as required by the Fifth Amendment, agency employees to disclose any exculpatory evidence in the Department’s possession to Plaintiff. 49 CFR § 5.83.
 - b. Subpart D prohibited “fishing expedition” investigations in the absence of sufficient evidence in hand to support the assertion of a violation. 49 CFR § 5.67.
 - c. Subpart D prohibited administrative penalties except when and as supported by clear statutory authority and sufficient findings of fact and with due regard for fairness, the scale of the violation, the violator’s knowledge and intent, and any mitigating factors (such as whether the violator is a small business), and it guaranteed transparency in the calculation thereof. 49 CFR § 5.97.

14. At all times relevant, Polyweave has had a strong reliance interest in these, and in the other due-process rights and procedural protections acknowledged, created, expanded, and/or protected by Subpart D.

15. On January 20, 2021, President Biden revoked Executive Order 13892 and ordered all agencies to “rescind any orders, rules regulations, guidelines or policies” implementing it. Executive Order No. 13992, *Revocation of Certain Executive Orders Concerning Federal Regulation*, 86 Fed. Reg. 7049 (Jan. 20, 2021).

16. President Biden called Executive Order 13892, with its emphasis on due process and federal bureaucratic transparency, a “harmful” policy and a “harmful” directive that threatens “to

frustrate the Federal Government's ability to confront” the pandemic, “economic recovery, racial justice, and climate change.” 86 Fed. Reg. at 7409.

17. However, President Biden cited no facts explaining how Executive Order 13892 might impair federal efforts to “confront” the pandemic, support “economic recovery,” effect racial justice, or fight climate change.

18. On April 2, 2021, without conducting notice-and-comment rulemaking, offering a reasoned explanation, or acknowledging and considering Polyweave’s reliance interest in the due-process rights and procedural protections acknowledged, created, expanded, and/or protected by Subpart D, defendant Peter Paul Montgomery Buttigieg rescinded it. *See* Dep’t of Transp., *Administrative Rulemaking, Guidance, and Enforcement Procedures*, 86 Fed. Reg. 17292, 17293 (Apr. 2, 2021) (Exhibit 4).

19. Without further explanation, his justification was that the due-process rights and procedural protections codified in Subpart D are derived from the APA and significant judicial decisions and their application to enforcement matters can be accomplished by internal directives “*as the Department deems necessary and appropriate.*” 86 Fed. Reg. at 17293 (emphasis added). Citing Biden’s Executive Order 13992, Secretary Buttigieg failed to explain why Subpart D might “threaten to frustrate the Federal Government’s ability to confront urgent challenges facing the Nation, including the coronavirus disease 2019 pandemic, economic recovery, racial justice, and climate change.” *Id.*

20. Therefore, Polyweave seeks temporary and permanent injunctive relief prohibiting Subchapter D’s rescission.

21. Polyweave also seeks declaratory relief requiring the Department to comply with the APA and to conduct notice-and-comment rulemaking prior to rescinding or otherwise modifying Subpart D.

22. Finally, Polyweave seeks permanent injunctive and declaratory relief requiring the Department to continue providing the Fourth, Fifth, and Eighth Amendment rights and procedural protections codified and protected by Subpart D.

Parties

23. Polyweave is a Delaware corporation with its manufacturing facility located at 8 Industrial Rd., Madisonville, KY. Polyweave makes packaging for the safe transportation of hazardous materials and certifies compliance with applicable performance specifications. It employs seven people. Polyweave is the target of an ongoing DOT “enforcement action” as defined at 49 CFR § 5.57. This enforcement action first began in April 2015.

24. Defendant Peter Paul Montgomery Buttigieg is named in his official capacity as the Secretary of Transportation.

Jurisdiction

25. This Court has jurisdiction under 28 U.S.C. §§ 1331 and 2201(a).

Venue

26. Venue is proper under 28 U.S.C. § 1391(b)(2) because this is the judicial district in which a substantial part of the events or omissions giving rise to the claim occurred.

27. Venue is also proper under 28 U.S.C. § 1391(e)(1)(C) because this is a civil action against an officer of the United States, plaintiff resides in this District, and no real property is involved.

Facts

I. Background

28. On December 27, 2019, the Department of Transportation promulgated 49 CFR Part 5 Subpart D – Enforcement Procedures, 49 CFR § 5.53 *et seq.* Subpart D codified the Bradbury Memo, while adding Executive Order 13892’s cooperative information sharing, Small Business Regulatory Enforcement Fairness (SBREFA) Act, and reasonable administrative inspections

provisions. *Compare* Bradbury Memo ¶¶ 13, 14, 20 with 49 CFR §§ 5.83, 5.85, 5.87; *see also* 84 Fed. Reg. at 71716 n.7.

29. Subpart D was promulgated to acknowledge, create, expand, and/or protect the due-process rights and procedural protections of DOT-regulated persons, including Polyweave, in DOT’s civil enforcement actions. 84 Fed. Reg. at 71716.

30. Subpart D applied to “*all* enforcement actions taken by *each* Department operating administration and *each* component of the Office of the Secretary of Transportation with enforcement authority,” including Administrative Law Judges. 49 CFR § 5.53.

31. Subpart D contained both procedural rules of agency organization, procedure, or practice, and substantive rules affecting Polyweave’s legal rights.

32. The procedural rules included 49 CFR §§ 5.55 (“Enforcement attorney responsibilities”); 5.79 (“The hearing record”); 5.87 (“Alternative Dispute Resolution (ADR)”); 5.99 (“Publication of decisions”); 5.101 (“Coordination with the Office of Inspector General on criminal matters”); 5.93 (“Settlements”); 5.95 (“OGC approval required for certain settlement terms”); 5.103 (“Standard operating procedures”); 5.105 (“Cooperative Information Sharing”); and 5.109 (“Referral of matters for judicial enforcement”).

33. The substantive rules included:

- a. 49 CFR § 5.59. It provided in relevant part: “No person should be subject to an administrative enforcement action or adjudication absent prior public notice of both the enforcing agency’s jurisdiction over particular conduct and the legal standards applicable to that conduct.”
- b. 49 CFR § 5.61. It provided in relevant part: “[T]o the maximum extent consistent with protecting the integrity of the investigation, the representatives of DOT should

promptly disclose to the affected parties the reasons for the investigative review and any compliance issues identified or findings made in the course of the review.”

- c. 49 CFR § 5.65. It provided in relevant part: “[A]gency counsel must not rely upon overly broad or unduly expansive interpretations of the governing statutes or regulations.” It further provides: “DOT will not rely on judge-made rules of judicial discretion, such as the *Chevron* doctrine, as a device or excuse for straining the limits of a statutory grant of enforcement authority. All decisions by DOT to prosecute or not to prosecute an enforcement action should be based on a reasonable interpretation of the law about which the public has received fair notice[.]”
- d. 49 CFR § 5.67. It provided in relevant part: “The Department will not initiate enforcement actions as a ‘fishing expedition’ to find potential violations of law *in the absence of sufficient evidence in hand to support the assertion of a violation.*” (Emphasis added.) In other words, no longer will the Department subject regulated persons, including Polyweave, to administrative investigations, inquiries, and subpoenas simply on suspicion that the law is being violated, or even just because it wants assurance that it is not, without reasonable prior evidence of a violation.
- e. 49 CFR § 5.69. It provided in relevant part: “All documents initiating an enforcement action shall ensure notice reasonably calculated to inform the regulated party of the nature and basis for the action being taken to allow an opportunity to challenge the action and to avoid unfair surprise. The notice should include legal authorities, statutes or regulations allegedly violated, basic issues, key facts alleged, a clear statement of the grounds for the agency’s action, and a reference to or recitation of the procedural rights available to the party to challenge the agency action, including appropriate procedure for seeking administrative and judicial review.”

- f. 49 CFR § 5.71. It provided in relevant part: “[A]ny agency personnel who have taken an active part in investigating, prosecuting, or advocating in the enforcement action should not serve as a decision maker and should not advise or assist the decision maker in that same or a related case. In such proceedings, the agency’s adversarial personnel should not furnish *ex parte* advice or factual materials to decisional personnel.”
- g. 49 CFR § 5.83. It provided in relevant part: “[T]he Department . . . will voluntarily follow in its civil enforcement actions the principle articulated in *Brady v. Maryland*, in which the Supreme Court held that the Due Process Clause of the Fifth Amendment requires disclosure of exculpatory evidence ‘material to guilt or punishment’ known to the government This policy *requires the agency’s adversarial personnel to disclose materially exculpatory evidence in the agency’s possession to the representatives of the regulated entity* whose conduct is the subject of the enforcement action. These affirmative disclosures should include *any material evidence known to the Department’s adversarial personnel that may be favorable to the regulated entity in the enforcement action*—including evidence that tends to negate or diminish the party’s responsibility for a violation or that could be relied upon to reduce the potential fine or other penalties. *The regulated entity need not request such favorable information; it should be disclosed as a matter of course.*” The Department had never previously recognized or acknowledged the existence of any sort of a *Brady* right in its civil enforcement activities, much less disclosed exculpatory evidence.
- h. 49 CFR § 5.85. It provided in relevant part: “[T]he Department may not use its enforcement authority to convert agency guidance documents into binding rules. Likewise, enforcement attorneys may not use noncompliance with guidance documents as a basis for proving violations of applicable law.”

- i. 49 CFR § 5.97. It provided in relevant part: “No civil penalties will be sought in any DOT enforcement action except when and as supported by clear statutory authority and sufficient findings of fact.” It further provides: “Where applicable statutes vest the agency with discretion with regard to the amount or type of penalty sought or imposed, the penalty should reflect due regard for fairness, the scale of the violation, the violator’s knowledge and intent, and any mitigating factors (such as whether the violator is a small business). The assessment of proposed or final penalties in a DOT enforcement action shall be communicated in writing to the subject of the action, along with a full explanation of the basis for the calculation of asserted penalties. In addition, the agency shall voluntarily share penalty calculation worksheets, manuals, charts, or other appropriate materials that shed light on the way penalties are calculated to ensure fairness in the process and to encourage a negotiated resolution where possible.”
- j. 49 CFR § 5.107. It provided in relevant part: “The Department shall comply with the terms of SBREFA when conducting administrative inspections and adjudications, including section 223 of SBREFA (reduction or waivers of civil penalties, where appropriate). The Department will also cooperate with the Small Business Administration (SBA) when a small business files a comment or complaint related to the Department’s inspection authority and when requested to answer SBREFA compliance requests.”

II. Defendant’s Unlawful Rescission of Subpart D

34. On April 2, 2021, Secretary Peter Paul Montgomery Buttigieg rescinded Subpart D.
35. He took this action without providing Polyweave prior notice and an opportunity to comment on it.

36. He took this action without offering a reasoned basis or sufficient explanation for it.

37. For example, Secretary Buttigieg justified rescission this way:

[W]ith regard to the regulations on enforcement matters, many of these provisions are derived from the Administrative Procedure Act (APA) and significant judicial decisions and thus need not be adopted by regulation in order to be effective. Application of the APA and these decisions to enforcement matters can be accomplished by internal directives as the Department deems necessary and appropriate.

86 Fed. Reg. at 17293.

38. However, Secretary Buttigieg failed to acknowledge Subpart D recognized, created, expanded, and/or protected critical new due-process and procedural protections (*e.g.*, *Brady* rights, the prohibition on “fishing expedition” investigations, and the limits on and transparency requirements for administrative penalties).

39. He also failed to connect and specify the provisions of Subpart D with the referenced corresponding sections of the APA or judicial decisions, and then to explain when and under what conditions the Department might deem it “necessary and appropriate” to issue “internal directives” protecting the rights and procedural protections acknowledged and provided by the Department in Subpart D.

40. He also failed to acknowledge or account for Polyweave’s reliance interest in Subpart D.

41. He also failed to affirm the Department will acknowledge and continue to provide Polyweave all of the due-process rights and procedural protections acknowledged, created, expanded, and/or protected by Subpart D, including but not limited to *Brady* rights, the right to be free from “fishing expedition” investigations and enforcement actions, the right to prompt adjudication of enforcement measures, and the rights to transparency and fairness with respect to civil fines.

42. Although his Federal Register Notice is unclear, it seems Secretary Buttigieg rescinded Subpart D because Biden Executive Order 13992 requires him to “take prompt action to rescind any rules or regulations, or portions thereof” implementing Executive Order 13892. 86 Fed. Reg. at 17293.

43. Yet Subpart D primarily codified the February 2019 memorandum and only incidentally implemented Executive Order 13892, which was issued months later. 84 Fed. Reg. at 71714 n.7.

44. But even if Subpart D was promulgated solely to implement Executive Order 13892, Buttigieg’s Federal Register Notice is inadequate because he fails to explain how Subpart D might threaten “to frustrate the Federal Government’s ability to confront urgent challenges facing the Nation, including the coronavirus disease 2019 pandemic, economic recovery, racial justice, and climate change” or if the rules in Subpart D indeed “threaten” coronavirus pandemic response, economic recovery, racial justice, or climate change, how the due-process rights and procedural protections they provide might lawfully be discarded.

III. Subpart D Protected Polyweave

45. At all times relevant, Polyweave was regulated by DOT’s Pipeline and Hazardous Materials Safety Administration (“PHMSA”).

46. At all times relevant, Polyweave was targeted for “enforcement action” as defined at 49 CFR § 5.53 and subjected to the sort of overreaching and abusive conduct Subpart D proscribed.

47. For example, in March 2015, PHMSA inspector Edward Rastetter saw one of Polyweave’s customers using its hazardous materials packaging products. A few weeks later, Rastetter paid an unannounced visit to Polyweave’s Madisonville, Kentucky facility. The company’s president, who maintains the facility’s compliance records, was away, so Rastetter was invited to visit at some other reasonable time. Affidavit of Neil Werthman, Jr. (Exhibit 5).

48. Instead of returning to Madisonville, Rastetter travelled to Ohio with another inspector, Theodore Turner, III, where a Polyweave customer, Hilltop Energy, was using its product, a bag used in the safe transportation of hazardous materials. Exhibit 5.

49. Hilltop employees reported that Rastetter ran through Hilltop's facility, screaming at its employees and declaring erroneously that the bags were not lawfully certified for such use. Without legal authority, Rastetter ordered Polyweave's customer to stop using its product immediately. Exhibit 5.

50. In June 2015, Rastetter completed and signed what the agency calls an "Exit Briefing Report" ("EBR"), which PHMSA inspectors ordinarily leave at a regulated business when they complete a field inspection. The EBR made five separate allegations that Polyweave had violated federal safety regulations. Exhibit 5.

51. After he signed the EBR in June, Rastetter chose to wait another five months, until November 2015, before he visited Polyweave's manufacturing facility. Rastetter kept the already-executed EBR in his briefcase for eleven hours while he interrogated Mr. Neill Werthmann, Jr., Polyweave's president. Exhibit 5.

52. On December 30, 2016, PHMSA attorneys signed a Notice of Probable Violation ("NOPV"), alleging that Polyweave committed four violations of federal regulations prior to November 2015. PHMSA counsel mailed the NOPV to an address it knew or should have known was incorrect. Exhibit 5.

53. Polyweave finally learned about the NOPV in February 2017. Its president responded to the allegations and asked PHMSA's Office of Chief Counsel to adjudicate the matter. Exhibit 5.

54. PHMSA's Chief Counsel issued an Order on July 20, 2020 finding Polyweave committed the alleged violations and assessed a substantial fine. Exhibit 5.

55. PHMSA once again mailed the Order to an address it knew or should have known was incorrect. In fact, the agency did not properly serve Polyweave until March 8, 2021. Upon information and belief, this action occurred this with the knowledge and/or expectation Subpart D was imminently to be rescinded. Exhibit 5.

56. Pursuant to 49 CFR § 107.325(d), Polyweave timely appealed on March 25, 2021. On May 6, 2021, Polyweave requested that PHMSA disclose exculpatory evidence in its possession. Exhibit 5.

57. PHMSA has insisted on pursuing its seemingly endless attacks on Polyweave even though federal law bars any action, suit or proceeding for the enforcement of any civil fine, penalty or forfeiture unless commenced within five years from the date when the claim first accrued. 28 U.S.C. § 2462. In Polyweave's case, PHMSA's claim accrued when the company took the last allegedly noncompliant action in 2015, nearly six years ago. Upon information and belief, but its decision to imminently rescind Subpart D, the Department would not, and indeed could not, have taken this action. Exhibit 5.

58. Polyweave, after years of engagement with the Department's enforcement bureaucracy, has no reason to believe post-deprivation proceedings will cure the abuse absent Subpart D's binding rules. Exhibit 5.

59. For example, if PHMSA's Administrator rejects Polyweave's appeal and Polyweave appeals the merits of its case to the appropriate U.S. Court of Appeals, and Polyweave were to discover that PHMSA violated its Fifth Amendment rights by hiding exculpatory evidence in violation of 49 CFR § 5.83, the Court could not consider such evidence because its review would be limited to the evidence PHMSA chose to put in the administrative record. Exhibit 5.

60. Polyweave was within the zone of persons and interests protected by Subpart D, and reasonably relied on its promises and its provisions. At all times relevant, Polyweave relied on Subpart

D as a source of rights and protections in its DOT enforcement proceeding, fully expecting it would be entitled to all due-process rights and procedural protections provided thereunder, including the right to *Brady* disclosures under 49 CFR § 5.83. Exhibit 5.

61. Subpart D’s rescission has improperly increased Polyweave’s regulatory burden and raised the cost of defending itself against PHMSA. For example, on May 6, 2021, Polyweave’s representative affirmatively demanded exculpatory evidence. If Subpart D had not been rescinded, then Polyweave would have been provided *Brady* evidence “as a matter of course” under 49 CFR § 5.83. In fact, if Subpart D had been left alone it is likely Polyweave would not have needed to devote any management resources to this matter at all because DOT would have been prohibited from imposing civil penalties based on expired allegations in the first place. *See* 49 CFR § 5.63; 28 U.S.C. § 2462. Now, Polyweave and its employees face the prospect of years of delay as it pursues administrative and judicial appeals, its management is forced to focus on fighting the federal government rather than running the business, and attorney costs and fees to vindicate the due-process rights and procedural protections Subpart D once provided but Defendant has taken away unlawfully. Exhibit 5.

Claims for Relief

First Claim: Violations of the Administrative Procedure Act

62. Polyweave repeats paragraphs 1–61.

63. 5 U.S.C. § 706(2) provides the Court “shall” hold unlawful and set aside agency action that is arbitrary, capricious, an abuse of discretion, or otherwise not in accordance with law; contrary to constitutional right, power, privilege, or immunity; in excess of statutory jurisdiction, authority, or limitations; and/or without observance of procedure required by law.

64. Accordingly, Secretary Buttigieg’s rescission of Subpart D should be held unlawful and set aside for, *inter alia*, the following reasons.

- a. Failing to provide Polyweave with notice and an opportunity to comment as required by 5 U.S.C. § 553.
- b. Failing to specify the Subpart D rules that “are derived from the Administrative Procedure Act (APA) and significant judicial decisions and thus need not be adopted by regulation in order to be effective” and those that are not, and to explain what will happen to these “non-derived” provisions.
- c. Failing to provide a clear and reasoned explanation for his claim, “Application of the APA and these decisions to enforcement matters can be accomplished by internal directives as the Department deems necessary and appropriate.” 86 Fed. Reg. at 17293.
- d. Failing to provide a reasoned explanation for DOT’s change in position with respect to the need for Subpart D and for the Fourth, Fifth, and Eighth Amendment rights, and other due-process rights and procedural protections acknowledged, created, expanded, or protected thereby.
- e. Failing to provide a reasoned explanation for DOT’s change in position that inchoate “internal directives” issued solely at DOT’s sufferance are a sufficient substitute for binding rules acknowledging, creating, expanding, or protecting Polyweave’s due-process rights and procedural protections in the Department’s enforcement actions.
- f. Failing to explain how the Department will protect Polyweave’s due-process rights and procedural protections through “internal directives as the Department deems necessary and appropriate” and to specify the standards the Department will use to determine the timing, content, and legal force thereof.
- g. Failing to provide a clear or reasoned explanation for his citation to and/or reliance on Biden Executive Order 13992.

- h. Failing to provide a clear or reasoned explanation for his apparent conclusion Subpart D might conceivably “frustrate the Federal Government’s ability to confront urgent challenges facing the Nation, including the coronavirus disease 2019 pandemic, economic recovery, racial justice, and climate change.”
- i. Violating Polyweave’s Fourth, Fifth, and Eighth Amendment and statutory rights.
- j. Failing to consider Polyweave’s reliance interest in Subpart D.

65. Polyweave will suffer irreparable and material harm fairly traceable to Defendant’s unlawful rescission of Subpart D. Subpart D acknowledged, created, expanded, and/or protected Polyweave’s critical due-process rights and procedural protections in DOT enforcement actions. Yet Buttigieg has decided to diminish and terminate these rights and procedural protections by rescinding Subpart D.

66. Enjoining Buttigieg’s rescission of Subpart D and requiring notice-and-comment rulemaking in compliance with 5 U.S.C. § 553 will redress Polyweave’s harm.

Second Claim: For Declaratory Judgment

67. Polyweave repeats paragraphs 1–66.

68. 28 U.S.C. § 2201(a) provides in a case of actual controversy within its jurisdiction, “any court of the United States, upon filing of an appropriate pleading, may declare the rights and other legal relations of any interested party seeking such declaration, whether or not further relief is or could be sought. Any such declaration shall have the force and effect of a final judgment and shall be reviewable as such.”

69. Secretary Buttigieg said many of Subpart D’s rules “are derived from the Administrative Procedure Act (APA) and significant judicial decisions and thus need not be adopted by regulation in order to be effective. Application of the APA and these decisions to enforcement

matters can be accomplished by internal directives as the Department deems necessary and appropriate.” 86 Fed. Reg. at 17293.

70. He did not specify and so it is not clear what APA provisions and “significant” judicial decisions he was referring to, what provisions of Subpart D are *not* derived from these provisions and decisions, and what will happen to these “non-derived” provisions of the rules.

71. 49 CFR § 5.65, among other things, prohibits enforcement actions based on interpretations of statutory or regulatory requirements about which the public has not received fair notice.

72. 49 CFR § 5.67, among other things, prohibits “fishing expeditions” to investigate violations absent sufficient evidence in hand to support assertion of a violation.

73. 49 CFR § 5.69 requires that the Department provide regulated persons with fair notice of an enforcement action, including relevant documents, the basis for the enforcement action, legal authorities, key facts alleged, and a reference to applicable procedural rights and protections.

74. 49 CFR § 5.83 requires the Department to comply with the principle of *Brady v. Maryland* and disclose exculpatory evidence.

75. 49 CFR § 5.97 requires civil penalties be transparent and reflect due regard for fairness.

76. Defendant intends to rescind these provisions along with the rest of Subpart D.

77. Historically, however, the Department has launched enforcement actions based on interpretations of statutes and regulations about which the public has not received fair notice; engaged in “fishing expedition” investigations without sufficient evidence in hand to support assertion of a violation; failed to provide regulated persons with fair notice of enforcement actions; declined to comply with *Brady* and voluntarily disclose exculpatory evidence; and issued unfair and opaque civil penalties.

78. Such conduct violates Polyweave's Fourth, Fifth, and Eighth Amendment rights, as well as its rights under the APA.

79. Therefore, rescinding Subpart D would jeopardize those rights.

80. Consequently, Polyweave seeks a declaration under 28 U.S.C. § 2201(a) that the protections for the rights recognized and provided under certain Subpart D provisions remain binding on the Department because they are derived from the United States Constitution. These provisions include, *inter alia*: 49 CFR §§ 5.65, 5.67, 5.69, 5.83, and 5.97.

81. A declaration that the due-process rights and procedural protections codified in these provisions survive any future lawful rescission of Subpart D will redress Polyweave's harm.

Relief Requested

WHEREFORE, plaintiff respectfully requests the following relief.

- a. A preliminary injunction against Defendant's rescission of Subpart D without prior and lawful notice-and-comment rulemaking pursuant to 5 U.S.C. § 553.
- b. A declaration that the due-process and procedural protections codified in Subpart D's rules survive its future lawful rescission, if any.
- c. All costs, expenses, and attorney fees allowed under the Equal Access to Justice Act, 5 U.S.C. § 504, 28 U.S.C. § 2412.
- d. Such other relief as this Court deems just.

Dated this 19th day of May, 2021.

Respectfully,

/s/Christopher Wiest

Christopher Wiest (KY Bar No. 90725)

February 15, 2019

**MEMORANDUM FOR SECRETARIAL OFFICERS AND HEADS OF
OPERATING ADMINISTRATIONS**

From: Steven G. Bradbury
General Counsel

A handwritten signature in blue ink, appearing to read "Steven G. Bradbury".

Subject: Procedural Requirements for DOT Enforcement Actions

This memorandum clarifies the procedural requirements governing enforcement actions initiated by the Department of Transportation (DOT), including administrative enforcement proceedings and judicial enforcement actions brought in Federal court. The purpose of this memorandum is to ensure that DOT enforcement actions satisfy principles of due process and remain lawful, reasonable, and consistent with Administration policy.

I. APPLICABILITY

The requirements set forth herein apply to all enforcement actions taken by each DOT operating administration (OA) and each component of the Office of the Secretary of Transportation (OST) with enforcement authority.

II. ENFORCEMENT ATTORNEY RESPONSIBILITIES

All attorneys of OST and the OAs involved in enforcement activities are responsible for carrying out and adhering to the policies set forth herein. All supervising attorneys with responsibility over enforcement adjudications, administrative enforcement proceedings, and other enforcement actions are accountable for the successful implementation of these policies and for reviewing and monitoring compliance with this memorandum by the employees under their supervision.

These responsibilities include taking all steps necessary to ensure that the Department provides a fair and impartial process at each stage of enforcement actions. The Office of Litigation and Enforcement (C-30) within the Office of the General Counsel (OGC) is delegated authority to interpret this memorandum and provide guidance on compliance with the policies contained herein. C-30 shall exercise this authority in coordination with the Chief Counsels of the OAs and subject to the direction and supervision of the General Counsel.

III. DEFINITIONS

1. “*Administrative enforcement proceeding*” is to be interpreted broadly, consistent with applicable law and regulations, and includes, but is not limited to, administrative civil penalty proceedings; proceedings involving potential cease-and-desist or corrective action orders; preemption proceedings; safety rating appeals; pilot and mechanic revocation proceedings; grant suspensions, terminations, or other actions to remedy violations of grant conditions; and similar enforcement-related proceedings.
2. “*Administrative law judges*” (ALJs) are adjudicatory hearing officers appointed by a department head to serve as triers of fact in formal and informal administrative proceedings and to issue recommended decisions in adjudications. At DOT, ALJs are to be appointed by the Secretary of Transportation and assigned to the Office of Hearings.¹
3. “*Administrative Procedure Act*” (APA) is the Federal statute, codified in scattered sections of chapters 5 and 7 of title 5, United States Code, that governs procedures for agency rulemaking and adjudication and provides for judicial review of final agency actions.²
4. “*Adversarial personnel*” are those persons who represent a party (including the agency) or a position or interest at issue in an enforcement action taken or proposed to be taken by or for an agency. They include the agency’s employees who investigate, prosecute, or advocate on behalf of the agency in connection with the enforcement action.

¹ See *Lucia v. SEC*, 585 U.S. ___, 138 S. Ct. 2044 (2018) (holding that ALJs of the Securities and Exchange Commission are “Officers of the United States” under the Appointments Clause).

² See 5 U.S.C. §§ 553 (rulemaking), 554 (adjudication), 556 (formal hearings), and 701-706 (judicial review).

5. “*Decisional personnel*” are employees of the agency responsible for issuing decisions arising out of the agency’s enforcement actions, which include formal or informal enforcement adjudications. These employees include ALJs, hearing officers, Administrative Judges (AJs), and agency employees who advise and assist such decision makers.

6. “*Due process*” means procedural rights and protections afforded by the Government to affected parties to provide for a fair process in the enforcement of legal obligations, including in connection with agency actions determining a violation of law, assessing a civil penalty, requiring a party to take corrective action or to cease and desist from conduct, or otherwise depriving a party of a property or liberty interest. Due process always includes two essential elements for a party subject to an agency enforcement action: adequate notice of the proposed agency enforcement action and a meaningful opportunity to be heard by the agency decision maker.³

7. “*Enabling act*” means the Federal statute that defines the scope of an agency’s authority and authorizes it to undertake an enforcement action.

8. “*Enforcement action*” means an action taken by the Department upon its own initiative or at the request of an affected party in furtherance of its statutory authority and responsibility to execute and ensure compliance with applicable laws. Such actions include administrative enforcement proceedings, enforcement adjudications, and judicial enforcement proceedings.

9. “*Enforcement adjudication*” is the administrative process undertaken by the agency to resolve the legal rights and obligations of specific parties with regard to a particular enforcement issue pending before an agency.⁴ The outcome of an enforcement adjudication is a formal or informal decision issued by an appropriate decision maker. Enforcement adjudications require the opportunity for participation by directly affected parties and the right to present a response to a decision maker, including relevant evidence and reasoned arguments.⁵

³ *Mathews v. Eldridge*, 424 U.S. 319, 331 (1976).

⁴ 5 U.S.C. § 551(7).

⁵ Lon L. Fuller, *The Forms and Limits of Adjudication*, 92 Harv. L. Rev. 353, 354 (1978); ATTORNEY GENERAL’S MANUAL ON THE ADMINISTRATIVE PROCEDURE ACT 14 (1973), available at <https://archive.org/stream/AttorneyGeneralsManualOnTheAdministrativeProcedureActOf1947#page/n0/mode/2up> (“[A]djudication is concerned with the determination of past and present rights and liabilities. Normally, there is involved a decision as to whether past

10. “*Formal enforcement adjudication*” means an adjudication required by statute to be conducted “on the record.”⁶ The words “on the record” generally refer to a decision issued by an agency after a proceeding conducted before an ALJ (or the agency head sitting as judge or other presiding employee who is not an ALJ) using trial-type procedures. It is usually the agency’s enabling act, not the APA, that determines whether a formal hearing is required.⁷

11. “*Informal enforcement adjudication*” means an adjudication that is not required to be conducted “on the record” with trial-like procedures. The APA provides agencies with a substantial degree of flexibility in establishing practices and procedures for the conduct of informal adjudications.⁸

12. “*Investigators, inspectors, and special agents*” refer to those agency employees or agents responsible for the investigation and review of an affected party’s compliance with the regulations and other legal requirements administered by the agency.

13. “*Judicial enforcement proceeding*” means a proceeding conducted in an Article III court, in which the Department is seeking to enforce an applicable statute, regulation, or order.

14. “*Procedural regulations*” are agency regulations setting forth the procedures to be followed during adjudications consistent with the agency’s enabling act, the APA, and other applicable laws.⁹

IV. ENFORCEMENT POLICY AND REQUIRED PROCEDURES

1. *Enforcement Policy Generally.* It is the policy of the Department to provide affected parties appropriate due process in all enforcement actions. In the course of such actions and proceedings, the Department’s conduct must be fair and free of bias and should conclude with a well-documented decision as to violations alleged and any violations found to have been committed, the penalties or corrective

conduct was unlawful, so that the proceeding is characterized by an accusatory flavor and may result in disciplinary action.”).

⁶ *United States v. Allegheny-Ludlum Steel Corp.*, 406 U.S. 742 (1972); see 5 U.S.C. §§ 554, 556, and 557.

⁷ *Wong Yang Sung v. McGrath*, 339 U.S. 33, 50 (1950); see 5 U.S.C. § 554 (Adjudications).

⁸ 5 U.S.C. §§ 555, 558.

⁹ CHARLES ALAN WRIGHT & CHARLES H. KOCH, FEDERAL PRACTICE AND PROCEDURE: JUDICIAL REVIEW § 8138.

actions to be imposed for such violations, and the steps needed to ensure future compliance. It is in the public interest and fundamental to good government that the Department carry out its enforcement responsibilities in a fair and just manner.¹⁰

2. *Investigative Functions.* DOT's investigative powers must be used in a manner consistent with due process, basic fairness, and respect for individual liberty and private property. Congress has granted the Secretary (and by delegation from the Secretary to the OAs) and the FAA Administrator broad investigative powers,¹¹ and it is an essential part of DOT's safety and consumer protection mission to investigate compliance with the statutes and regulations administered by the Department, including through periodic inspections.¹² The OAs and components of OST with enforcement authority are appropriately given broad discretion in determining whether and how to conduct investigations, periodic inspections, and other compliance reviews, and these investigative functions are often performed by agency investigators or inspectors in the field. The employees and contractors of DOT responsible for inspections and other investigative functions must not use these authorities as a game of "gotcha" with regulated entities and should follow existing statutes and regulations. Rather, to the maximum extent consistent with protecting the integrity of the investigation, the representatives of DOT should promptly disclose to the affected parties the reasons for the investigative review and any compliance issues identified or findings made in the course of the review. The responsible enforcement attorneys within the relevant OA or component of OST shall provide effective legal guidance to investigators and inspectors to ensure adherence to the policies set forth herein.

3. *Clear Legal Foundation.* All DOT enforcement actions against affected parties seeking redress for asserted violations of a statute or regulation must be founded on a grant of statutory authority in the relevant enabling act. The authority to prosecute the asserted violation and the authority to impose monetary penalties, if sought, must be clear in the text of the statute. Unless the terms of the statute clearly and expressly authorize the OA or component of OST to enforce the

¹⁰ See *Sackett v. EPA*, 566 U.S. 120 (2012).

¹¹ The Department's investigative powers include, but are not limited to, the power to conduct inspections and other investigations or compliance reviews, to make reports and findings, to issue subpoenas, to conduct fact-finding hearings, to require production of records, and to take depositions and other sworn statements from witnesses. See, e.g., 49 U.S.C. § 60117(a).

¹² *Oklahoma Press Pub. Co. v. Walling*, 317 U.S. 186, 509 (1946).

relevant legal requirement directly through an administrative enforcement proceeding, the proper forum for the enforcement action is Federal court, and the enforcement action must be initiated in court by attorneys of the Department of Justice acting in coordination with DOT counsel.

4. *Proper Exercise of Prosecutorial and Enforcement Discretion.* The Department's attorneys and policy makers have broad discretion in deciding whether to initiate an enforcement action.¹³ Nevertheless, in exercising discretion to initiate an enforcement action and in the pursuit of that action, agency counsel must not adopt or rely upon overly broad or unduly expansive interpretations of the governing statutes or regulations, and should ensure that the law is interpreted and applied according to its text. DOT will not rely on judge-made rules of judicial discretion, such as the *Chevron* doctrine,¹⁴ as a device or excuse for straining the limits of a statutory grant of enforcement authority. All decisions by DOT to prosecute or not to prosecute an enforcement action should be based upon a reasonable interpretation of the law about which the public has received fair notice and should be made with due regard for fairness, the facts and evidence adduced through an appropriate investigation or compliance review, the availability of scarce resources, the administrative needs of the responsible OA or OST component, Administration policy, and the importance of the issues involved to the fulfillment of the Department's statutory responsibilities.

5. *Duty to Review for Legal Sufficiency.* In accordance with established agency procedures, enforcement actions should be reviewed by the responsible agency component for legal sufficiency under applicable statutes and regulations, judicial decisions, and other appropriate authorities.¹⁵ If, in the opinion of the responsible agency component or its counsel, the evidence is sufficient to support the assertion of violation(s), then the agency may proceed with the enforcement action. If the evidence is not sufficient to support the proposed enforcement action, the agency may modify or amend the charges and bring an enforcement action in line with the evidence or return the case to the enforcement staff for additional investigation. The reviewing attorney or agency component may also recommend the closure of

¹³ *Marshall v. Jerrico, Inc.*, 446 U.S. 238, 248 (1980).

¹⁴ *See Chevron U.S.A. Inc. v. NRDC, Inc.*, 467 U.S. 837 (1984).

¹⁵ Though it may not always be feasible or necessary for agency personnel to consult with counsel before initiating an enforcement action, particularly since the OAs utilize a variety of enforcement personnel to staff their enforcement programs, including personnel located in the fields, agency personnel should ensure that the basis for an enforcement action is legally sufficient before initiating it.

the case for lack of sufficient evidence.¹⁶ The Department will not initiate enforcement actions as a “fishing expedition” to find potential violations of law in the absence of sufficient evidence in hand to support the assertion of a violation.

6. *Fair Notice*. Notice to the regulated party is a due process requirement. All documents initiating an enforcement action shall ensure notice reasonably calculated to inform the regulated party of the nature of the action being taken to allow an opportunity to challenge the action. The notice should include legal authorities, statutes or regulations allegedly violated, basic issues, key facts alleged, a clear statement of the grounds for the agency’s action, and a reference to or recitation of the procedural rights available to the party to challenge the agency action, including appropriate procedure for seeking administrative and judicial review.

7. *Separation of Functions*. For those OAs or OST components whose regulations provide for a separation of decisional personnel from adversarial personnel in an administrative enforcement proceeding, any agency personnel who have taken an active part in investigating, prosecuting, or advocating in the enforcement action should not serve as a decision maker and should not advise or assist the decision maker in that same or a related case. In such proceedings, the agency’s adversarial personnel should not furnish *ex parte* advice or factual materials to decisional personnel. When and as necessary, agency employees involved in enforcement actions should consult legal counsel and applicable regulations and ethical standards for further guidance on these requirements.

8. *Avoiding Bias*. Consistent with all applicable laws and ethical standards relating to recusals and disqualifications, no Federal employee or contractor may participate in a DOT enforcement action in any capacity, including as ALJ, adjudication counsel, adversarial personnel, or decisional personnel, if that person has (1) a financial or other personal interest that would be affected by the outcome of the enforcement action; (2) personal animus against a party to the action or against a group to which a party belongs; (3) prejudgment of the adjudicative facts at issue in the proceeding; or (4) any other prohibited conflict of interest.

¹⁶ Attorneys at many of the OAs issue Notices of Probable Violations, Notices of Claims, or Demand Letters to initiate enforcement proceedings. At other OAs, these documents are issued by non-attorney program officials. The duty to review applies equally to all agency attorneys whether deciding to issue a document to initiate enforcement proceedings or to continue to prosecute based upon a document previously issued by a non-attorney program official. In the latter situation, it is important that attorneys provide legal input, training, and review of the work product of the program office. At all times, DOT attorneys are encouraged to exercise their best professional judgment in deciding to initiate, continue, or recommend closing a case, consistent with applicable legal and ethical standards.

9. *Formal Enforcement Adjudications.* When a case is referred by the decision maker to the Office of Hearings or another designated hearing officer for formal adjudication (an “on the record” hearing), the assigned ALJ or hearing officer should use trial-type procedures consistent with applicable legal provisions. In formal adjudication, the APA requires findings and reasons on all material issues of fact, law, or discretion (policy).¹⁷ In all formal adjudications, the responsible OA or component of OST shall adhere faithfully and consistently to the procedures established in the relevant procedural regulations. Agency counsel engaged in formal adjudications on behalf of DOT are accountable for compliance with the requirements of this memorandum.

10. *Informal Enforcement Adjudications.* Even though informal adjudications do not require trial-type procedures, the responsible OA or component of OST should afford the applicant or the regulated entity that is the subject of the adjudication (as the case may be), as well as other directly affected parties (if any), adequate notice and an opportunity to be heard on the matter under review, either through an oral presentation or through a written submission. Except in cases of a safety emergency or when the clear text of the relevant enabling act expressly authorizes exigent enforcement action without a prior hearing, the responsible OA or component of OST shall give the regulated entity appropriate advance notice of the proposed enforcement action and shall advise the entity of the opportunity for an informal hearing in a manner and sufficiently in advance that the entity’s representatives have a fair opportunity to prepare for and to participate in the hearing, whether in person or by writing. The notice should be in plain language and, when appropriate, contain basic information about the applicable adjudicatory process.¹⁸ In all informal adjudications, the responsible OA or component of OST shall adhere faithfully and consistently to the procedures established in any applicable procedural regulations.

11. *The Hearing Record.* In formal hearings, the agency shall comply with the APA, and include in the record, the testimony, exhibits, papers, and requests that were filed, in addition to the ALJ’s or hearing officer’s decision or the decision on appeal.¹⁹ For informal hearings, the record shall include the information that the agency considered “at the time it reached the decision” and its contemporaneous

¹⁷ 5 U.S.C. § 557(c).

¹⁸ 5 U.S.C. § 554(b)-(c).

¹⁹ 5 U.S.C. § 556(e).

findings.²⁰ The administrative record does not include privileged documents, such as attorney-client communications, or deliberative or draft documents. Agencies are encouraged to make the record available to all interested parties to the fullest extent allowed by law, consistent with appropriate protections for the handling of confidential information.

12. *Contacts with the Public.* After the initiation of an enforcement proceeding, communications between persons outside the agency and agency decisional personnel should occur on the record. Consistent with applicable regulations and procedures, if oral, written, or electronic *ex parte* communications occur, they should be placed on the record as soon as practicable. Notice should be given to the parties that such communications are being placed into the record. When performing departmental functions, all DOT employees should properly identify themselves as employees of the Department, including the OA or component of OST in which they work; they should properly show official identification if the contact is made in person; and they should clearly state the nature of their business and the reasons for the contact. All contacts by DOT personnel with the public shall be professional, fair, honest, direct, and consistent with all applicable ethical standards.

13. *Duty to Disclose Exculpatory Evidence.* It is the Department's policy that each responsible OA or component of OST will voluntarily follow in its civil enforcement actions the principle articulated in *Brady v. Maryland*,²¹ in which the Supreme Court held that the Due Process Clause of the Fifth Amendment requires disclosure of exculpatory evidence "material to guilt or punishment" known to the government but unknown to the defendant in criminal cases. Adopting the "*Brady* rule" and making affirmative disclosures of exculpatory evidence in all enforcement actions will contribute to the Department's goal of open and fair investigations and administrative enforcement proceedings. This policy requires the agency's adversarial personnel to disclose materially exculpatory evidence in the agency's possession to the representatives of the regulated entity whose conduct is the subject of the enforcement action. These affirmative disclosures should include any material evidence known to the Department's adversarial personnel that may be favorable to the regulated entity in the enforcement action—including evidence that tends to negate or diminish the party's responsibility for a violation, that could be relied upon to reduce the potential fine or other penalties, or that

²⁰ *Camp v. Pitts*, 411 U.S. 138 (1973).

²¹ *Brady v. Maryland*, 373 U.S. 83 (1963).

could be used by the party to support or impeach the credibility of a witness (including an agency employee). The regulated entity need not request such favorable information; it should be disclosed as a matter of course.²² Agency counsel should recommend appropriate remedies to DOT decision makers where a *Brady* rule violation has occurred, using the factors identified by courts when applying the *Brady* rule in the criminal context.²³

14. *Use of Guidance Documents in Administrative Enforcement Cases.* The Department of Justice issued a memorandum on January 25, 2018, outlining the permissible uses of agency guidance documents. That memorandum states in relevant part: “Guidance documents cannot create binding requirements that do not already exist by statute or regulation. Accordingly, the Department [of Justice] may not use its enforcement authority effectively to convert agency guidance documents into binding rules. Likewise, prosecuting attorneys may not use non-compliance with guidance documents as a basis for proving violations of applicable law. The Department should not treat a party’s noncompliance with an agency guidance document as presumptively or conclusively establishing that the party violated the applicable statute or regulation.”²⁴ DOT will follow the advice set forth in this Department of Justice memorandum and the DOT Memorandum entitled “Review and Clearance of Guidance Documents.”

15. *Alternative Dispute Resolution (ADR).* The OAs and the components of OST with enforcement authority are encouraged to use ADR to resolve enforcement cases where appropriate. The Department’s ADR policy describes a variety of problem-solving processes that can be used in lieu of litigation or other adversarial proceedings to resolve disputes over compliance.²⁵

16. *Duty to Adjudicate Proceedings Promptly.* Agency attorneys should promptly initiate proceedings or prosecute matters referred to them. In addition, cases should not be allowed to linger unduly after the adjudicatory process has begun. Attorneys should seek to settle matters where possible or refer the case to a decision maker for proper disposition when settlement negotiations have reached an impasse.

²² *Kyles v. Whitley*, 514 U.S. 419, 434 (1995); *United States v. Bagley*, 473 U.S. 667 (1985).

²³ See *Giglio v. United States*, 405 U.S. 150 (1972); *Kyles v. Whitley*, 514 U.S. at 434.

²⁴ Mem. from Associate Attorney General, U.S. Department of Justice, re “Limiting Use of Agency Guidance Documents in Affirmative Civil Enforcement Cases” (Jan. 25, 2018), available at <http://src.bna.com/vY4>.

²⁵ See Statement of Policy on Alternative Dispute Resolution, 67 Fed. Reg. 40,367 (June 12, 2002).

17. *Agency Decisions.* Agency counsel may be used in the conduct of informal hearings and to prepare initial recommended decisions for the agency decision maker. The agency must notify the directly affected parties of its decision, and the decision must reasonably inform the parties in a timely manner of the additional procedural rights available to them.

18. *Settlements.* Settlement conferences may be handled by appropriate agency counsel without the involvement of the agency's decision maker. Once a matter is settled by compromise, that agreement should be reviewed and accepted by an appropriate supervisor. The responsible OA or component of OST should issue an order adopting the terms of the settlement agreement as the final agency decision, where and as authorized by statute or regulation. No DOT settlement agreement, consent order, or consent decree should be used to adopt or impose new regulatory obligations for entities that are not parties to the settlement. Unless required by law, settlement agreements are not confidential and are subject to public disclosure.

19. *OGC Approval Required for Certain Settlement Terms.* Whenever a proposed settlement agreement, consent order, or consent decree would impose behavioral commitments or obligations on a regulated entity that go beyond the requirements of relevant statutes and regulations, including the appointment of an independent monitor or the imposition of novel, unprecedented, or extraordinary obligations, the responsible OA or OST component should obtain the approval of OGC before finalizing the settlement agreement, consent order, or consent decree.

20. *Basis for Civil Penalties and Disclosures Thereof.* No civil penalties will be sought in any DOT enforcement action except when and as supported by clear statutory authority and sufficient findings of fact. Where applicable statutes vest the agency with discretion with regard to the amount or type of penalty sought or imposed, the penalty should reflect due regard for fairness, the scale of the violation, the violator's knowledge and intent, and any mitigating factors (such as whether the violator is a small business). The assessment of proposed or final penalties in a DOT enforcement action shall be communicated in writing to the subject of the action, along with a full explanation of the basis for the calculation of asserted penalties. In addition, the agency shall voluntarily share penalty calculation worksheets, manuals, charts, or other appropriate materials that sheds light on the way penalties are calculated to ensure fairness in the process and to encourage a negotiated resolution where possible.

21. *Publication of Decisions.* The agency's decisions in informal adjudications are not required to be published under the APA.²⁶ However, where the agency intends to rely on its opinions in future cases, those opinions must generally be made available on agency Web sites or in agency reading rooms (and publication on Westlaw, Lexis, or similar legal services is also highly recommended).²⁷ The APA has been read to require that opinions in formal adjudications must be made "available for public inspection and copying."²⁸ Agencies are strongly encouraged to publish all formal decisions on Westlaw, Lexis, or similar legal services.

22. *Coordination with the Office of Inspector General on Criminal Matters.* All Department employees must comply with DOT Orders 8000.8 and 8000.5A, which cover referrals of potential criminal matters to the Office of Inspector General (OIG). DOT Order 8000.8 delineates the respective roles of the OIG and DOT OAs and components of OST in criminal investigations, and Order 8000.5A provides a summary of the OIG's investigative procedures under the Inspector General Act of 1978, as amended.

23. *Standard Operating Procedures.* All legal offices that participate in or render advice in connection with enforcement actions should, to the extent practicable, operate under standard operating procedures. Such offices include, but are not limited to, those that oversee investigatory matters and serve as adversarial personnel in the agency's enforcement matters. These standard operating procedures, which can be contained in manuals, can be used to outline step-by-step requirements for attorney actions in the investigative stage and the prosecution stage; the role of an attorney as counselor, adjudicator, or litigator; the rulemaking process; and the process for issuance of guidance documents, letters of interpretation, preemption decisions, legislative guidance, and a variety of other legal functions performed in the legal office.

24. *Referral of Matters for Judicial Enforcement.* In considering whether to refer a matter for judicial enforcement by the Department of Justice, DOT attorneys should consult the applicable procedures set forth by the General Counsel, including in the document entitled "Partnering for Excellence: Coordination of Legal Work Within the U.S. Department of Transportation," and any update or supplement to such document issued hereafter by the General Counsel. The specific procedures for initiating an affirmative litigation request are currently

²⁶ 5 U.S.C. § 552(a)(2)(A).

²⁷ WRIGHT & KOCH § 8242.

²⁸ *Id.*

found in the coordination document at Section II.B.1., “Affirmative Litigation Requests to the Department of Justice.” In most instances, requests to commence affirmative litigation must be reviewed by OGC, with such reviews coordinated through the Office of Litigation and Enforcement (C-30).

25. *No Third-Party Rights or Benefits.* This memorandum is intended to improve the internal management of the Department. As such, it is for the use of DOT personnel only and is not intended to, and does not, create any right or benefit, substantive or procedural, enforceable at law or in equity by any party against the United States, its agencies, officers, or any person.

A variety of reference materials are listed at the end of this memorandum, and DOT attorneys should consult these materials where appropriate. Any questions concerning the implementation of this memorandum should be directed to C-30’s Assistant General Counsel for Litigation and Enforcement.

Presidential Documents

Executive Order 13892 of October 9, 2019

Promoting the Rule of Law Through Transparency and Fairness in Civil Administrative Enforcement and Adjudication

By the authority vested in me as President by the Constitution and the laws of the United States of America, it is hereby ordered as follows:

Section 1. Policy. The rule of law requires transparency. Regulated parties must know in advance the rules by which the Federal Government will judge their actions. The Administrative Procedure Act (APA), 5 U.S.C. 551 *et seq.*, was enacted to provide that “administrative policies affecting individual rights and obligations be promulgated pursuant to certain stated procedures so as to avoid the inherently arbitrary nature of unpublished *ad hoc* determinations.” *Morton v. Ruiz*, 415 U.S. 199, 232 (1974). The Freedom of Information Act, America’s landmark transparency law, amended the APA to further advance this goal. The Freedom of Information Act, as amended, now generally requires that agencies publish in the *Federal Register* their substantive rules of general applicability, statements of general policy, and interpretations of law that are generally applicable and both formulated and adopted by the agency (5 U.S.C. 552(a)(1)(D)). The Freedom of Information Act also generally prohibits an agency from adversely affecting a person with a rule or policy that is not so published, except to the extent that the person has actual and timely notice of the terms of the rule or policy (5 U.S.C. 552(a)(1)).

Unfortunately, departments and agencies (agencies) in the executive branch have not always complied with these requirements. In addition, some agency practices with respect to enforcement actions and adjudications undermine the APA’s goals of promoting accountability and ensuring fairness.

Agencies shall act transparently and fairly with respect to all affected parties, as outlined in this order, when engaged in civil administrative enforcement or adjudication. No person should be subjected to a civil administrative enforcement action or adjudication absent prior public notice of both the enforcing agency’s jurisdiction over particular conduct and the legal standards applicable to that conduct. Moreover, the Federal Government should, where feasible, foster greater private-sector cooperation in enforcement, promote information sharing with the private sector, and establish predictable outcomes for private conduct. Agencies shall afford regulated parties the safeguards described in this order, above and beyond those that the courts have interpreted the Due Process Clause of the Fifth Amendment to the Constitution to impose.

Sec. 2. Definitions. For the purposes of this order:

(a) “Agency” has the meaning given to “Executive agency” in section 105 of title 5, United States Code, but excludes the Government Accountability Office.

(b) “Collection of information” includes any conduct that would qualify as a “collection of information” as defined in section 3502(3)(A) of title 44, United States Code, or section 1320.3(c) of title 5, Code of Federal Regulations, and also includes any request for information, regardless of the number of persons to whom it is addressed, that is:

- (i) addressed to all or a substantial majority of an industry; or
- (ii) designed to obtain information from a representative sample of individual persons in an industry.

(c) “Guidance document” means an agency statement of general applicability, intended to have future effect on the behavior of regulated parties, that sets forth a policy on a statutory, regulatory, or technical issue, or an interpretation of a statute or regulation, but does not include the following:

(i) rules promulgated pursuant to notice and comment under section 553 of title 5, United States Code, or similar statutory provisions;

(ii) rules exempt from rulemaking requirements under section 553(a) of title 5, United States Code;

(iii) rules of agency organization, procedure, or practice;

(iv) decisions of agency adjudications under section 554 of title 5, United States Code, or similar statutory provisions;

(v) internal guidance directed to the issuing agency or other agencies that is not intended to have substantial future effect on the behavior of regulated parties; or

(vi) internal executive branch legal advice or legal opinions addressed to executive branch officials.

(d) “Legal consequence” means the result of an action that directly or indirectly affects substantive legal rights or obligations. The meaning of this term should be informed by the Supreme Court’s discussion in *U.S. Army Corps of Engineers v. Hawkes Co.*, 136 S. Ct. 1807, 1813–16 (2016), and includes, for example, agency orders specifying which commodities are subject to or exempt from regulation under a statute, *Frozen Food Express v. United States*, 351 U.S. 40, 44–45 (1956), as well as agency letters or orders establishing greater liability for regulated parties in a subsequent enforcement action, *Rhea Lana, Inc. v. Dep’t of Labor*, 824 F.3d 1023, 1030 (DC Cir. 2016). In particular, “legal consequence” includes subjecting a regulated party to potential liability.

(e) “Unfair surprise” means a lack of reasonable certainty or fair warning of what a legal standard administered by an agency requires. The meaning of this term should be informed by the examples of lack of fair notice discussed by the Supreme Court in *Christopher v. SmithKline Beecham Corp.*, 567 U.S. 142, 156 & n.15 (2012).

(f) “Pre-enforcement ruling” means a formal written communication from an agency in response to an inquiry from a person concerning compliance with legal requirements that interprets the law or applies the law to a specific set of facts supplied by the person. The term includes informal guidance under section 213 of the Small Business Regulatory Enforcement Fairness Act of 1996, Public Law 104–121 (Title II), as amended (SBREFA), letter rulings, advisory opinions, and no-action letters.

(g) “Regulation” means a legislative rule promulgated pursuant to section 553 of title 5, United States Code, or similar statutory provisions.

Sec. 3. Proper Reliance on Guidance Documents. Guidance documents may not be used to impose new standards of conduct on persons outside the executive branch except as expressly authorized by law or as expressly incorporated into a contract. When an agency takes an administrative enforcement action, engages in adjudication, or otherwise makes a determination that has legal consequence for a person, it must establish a violation of law by applying statutes or regulations. The agency may not treat noncompliance with a standard of conduct announced solely in a guidance document as itself a violation of applicable statutes or regulations. When an agency uses a guidance document to state the legal applicability of a statute or regulation, that document can do no more, with respect to prohibition of conduct, than articulate the agency’s understanding of how a statute or regulation applies to particular circumstances. An agency may cite a guidance document to convey that understanding in an administrative enforcement action or adjudication only if it has notified the public of such document in advance through publication, either in full or by citation if publicly available, in the *Federal Register* (or on the portion of the agency’s website

that contains a single, searchable, indexed database of all guidance documents in effect).

Sec. 4. *Fairness and Notice in Administrative Enforcement Actions and Adjudications.* When an agency takes an administrative enforcement action, engages in adjudication, or otherwise makes a determination that has legal consequence for a person, it may apply only standards of conduct that have been publicly stated in a manner that would not cause unfair surprise. An agency must avoid unfair surprise not only when it imposes penalties but also whenever it adjudges past conduct to have violated the law.

Sec. 5. *Fairness and Notice in Jurisdictional Determinations.* Any decision in an agency adjudication, administrative order, or agency document on which an agency relies to assert a new or expanded claim of jurisdiction—such as a claim to regulate a new subject matter or an explanation of a new basis for liability—must be published, either in full or by citation if publicly available, in the *Federal Register* (or on the portion of the agency's website that contains a single, searchable, indexed database of all guidance documents in effect) before the conduct over which jurisdiction is sought occurs. If an agency intends to rely on a document arising out of litigation (other than a published opinion of an adjudicator), such as a brief, a consent decree, or a settlement agreement, to establish jurisdiction in future administrative enforcement actions or adjudications involving persons who were not parties to the litigation, it must publish that document, either in full or by citation if publicly available, in the *Federal Register* (or on the portion of the agency's website that contains a single, searchable, indexed database of all guidance documents in effect) and provide an explanation of its jurisdictional implications. An agency may not seek judicial deference to its interpretation of a document arising out of litigation (other than a published opinion of an adjudicator) in order to establish a new or expanded claim or jurisdiction unless it has published the document or a notice of availability in the *Federal Register* (or on the portion of the agency's website that contains a single, searchable, indexed database of all guidance documents in effect).

Sec. 6. *Opportunity to Contest Agency Determination.* (a) Except as provided in subsections (b) and (c) of this section, before an agency takes any action with respect to a particular person that has legal consequence for that person, including by issuing to such a person a no-action letter, notice of noncompliance, or other similar notice, the agency must afford that person an opportunity to be heard, in person or in writing, regarding the agency's proposed legal and factual determinations. The agency must respond in writing and articulate the basis for its action.

(b) Subsection (a) of this section shall not apply to settlement negotiations between agencies and regulated parties, to notices of a prospective legal action, or to litigation before courts.

(c) An agency may proceed without regard to subsection (a) of this section where necessary because of a serious threat to health, safety, or other emergency or where a statute specifically authorizes proceeding without a prior opportunity to be heard. Where an agency proceeds under this subsection, it nevertheless must afford any person an opportunity to be heard, in person or in writing, regarding the agency's legal determinations and respond in writing as soon as practicable.

Sec. 7. *Ensuring Reasonable Administrative Inspections.* Within 120 days of the date of this order, each agency that conducts civil administrative inspections shall publish a rule of agency procedure governing such inspections, if such a rule does not already exist. Once published, an agency must conduct inspections of regulated parties in compliance with the rule.

Sec. 8. *Appropriate Procedures for Information Collections.* (a) Any agency seeking to collect information from a person about the compliance of that person or of any other person with legal requirements must ensure that such collections of information comply with the provisions of the Paperwork Reduction Act, section 3512 of title 44, United States Code, and section

1320.6(a) of title 5, Code of Federal Regulations, applicable to collections of information (other than those excepted under section 3518 of title 44, United States Code).

(b) To advance the purposes of subsection (a) of this section, any collection of information during the conduct of an investigation (other than those investigations excepted under section 3518 of title 44, United States Code, and section 1320.4 of title 5, Code of Federal Regulations, or civil investigative demands under 18 U.S.C. 1968) must either:

- (i) display a valid control number assigned by the Director of the Office of Management and Budget; or
- (ii) inform the recipient through prominently displayed plain language that no response is legally required.

Sec. 9. Cooperative Information Sharing and Enforcement. (a) Within 270 days of the date of this order, each agency, as appropriate, shall, to the extent practicable and permitted by law, propose procedures:

- (i) to encourage voluntary self-reporting of regulatory violations by regulated parties in exchange for reductions or waivers of civil penalties;
- (ii) to encourage voluntary information sharing by regulated parties; and
- (iii) to provide pre-enforcement rulings to regulated parties.

(b) Any agency that believes additional procedures are not practicable—because, for example, the agency believes it already has adequate procedures in place or because it believes it lacks the resources to institute additional procedures—shall, within 270 days of the date of this order, submit a report to the President describing, as appropriate, its existing procedures, its need for more resources, or any other basis for its conclusion.

Sec. 10. SBREFA Compliance. Within 180 days of the date of this order, each agency shall submit a report to the President demonstrating that its civil administrative enforcement activities, investigations, and other actions comply with SBREFA, including section 223 of that Act. A copy of this report, subject to redactions for any applicable privileges, shall be posted on the agency's website.

Sec. 11. General Provisions. (a) Nothing in this order shall be construed to impair or otherwise affect:

- (i) the authority granted by law to an executive department or agency, or the head thereof; or
- (ii) the functions of the Director of the Office of Management and Budget relating to budgetary, administrative, or legislative proposals.

(b) This order shall be implemented in a manner consistent with applicable law and subject to the availability of appropriations.

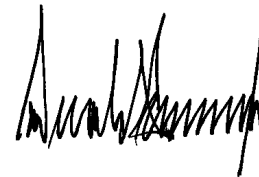

(c) This order is not intended to, and does not, create any right or benefit, substantive or procedural, enforceable at law or in equity by any party against the United States, its departments, agencies, or entities, its officers, employees, or agents, or any other person.

(d) Notwithstanding any other provision in this order, nothing in this order shall apply:

- (i) to any action that pertains to foreign or military affairs, or to a national security or homeland security function of the United States (other than procurement actions and actions involving the import or export of non-defense articles and services);
- (ii) to any action related to a criminal investigation or prosecution, including undercover operations, or any civil enforcement action or related investigation by the Department of Justice, including any action related to a civil investigative demand under 18 U.S.C. 1968;
- (iii) to any action related to detention, seizure, or destruction of counterfeit goods, pirated goods, or other goods that infringe intellectual property rights;

(iv) to any investigation of misconduct by an agency employee or any disciplinary, corrective, or employment action taken against an agency employee; or

(v) in any other circumstance or proceeding to which application of this order, or any part of this order, would, in the judgment of the head of the agency, undermine the national security.

**DEPARTMENT OF TRANSPORTATION****Office of the Secretary****14 CFR Parts 11, 300, and 302****49 CFR Parts 1, 5, 7, 106, 211, 389, 553, and 601**

RIN 2105-AE84

Administrative Rulemaking, Guidance, and Enforcement Procedures

AGENCY: Office of the Secretary of Transportation (OST), U.S. Department of Transportation (DOT).

ACTION: Final rule.

SUMMARY: This final rule sets forth a comprehensive revision and update of the Department's regulations on rulemaking procedures and consolidates all of the Department's existing administrative procedures in one location. This final rule also incorporates and reflects the Department's current policies and procedures relating to the issuance of rulemaking documents. In addition, this update codifies the Department's internal procedural requirements governing the review and clearance of guidance documents and the initiation and conduct of enforcement actions, including administrative enforcement proceedings and judicial enforcement actions brought in Federal court.

DATES: Effective on January 27, 2020.

FOR FURTHER INFORMATION CONTACT: Jill Laptosky, Office of Regulation, Office of the General Counsel, 202-493-0308, Jill.Laptosky@dot.gov.

SUPPLEMENTARY INFORMATION: This final rule substantially incorporates three internal administrative procedure directives of the U.S. Department of Transportation (the Department or DOT) into one place in the Code of Federal Regulations (CFR) at 49 CFR part 5: (1) DOT Order 2100.6, "Policies and Procedures for Rulemakings" (December 20, 2018),¹ which sets forth updated policies and procedures governing the development and issuance of regulations by the Department's operating administrations and components of the Office of the Secretary; (2) a General Counsel memorandum, "Review and Clearance of Guidance Documents" (December 20, 2018),² which establishes enhanced

procedures for the review and clearance of guidance documents; and (3) a General Counsel memorandum, "Procedural Requirements for DOT Enforcement Actions" (February 15, 2019),³ which clarifies the procedural requirements governing enforcement actions initiated by the Department, including administrative enforcement proceedings and judicial enforcement actions brought in Federal court.

This final rule removes the existing procedures on rulemaking, which are outdated and inconsistent with current departmental practice, and replaces them with a comprehensive set of procedures that will increase transparency, provide for more robust public participation, and strengthen the overall quality and fairness of the Department's administrative actions. This final rule also responds to a December 20, 2018, petition for rulemaking that we received from the New Civil Liberties Alliance that asked the Department to promulgate regulations prohibiting departmental components from issuing, relying on, or defending improper agency guidance.

Rulemaking Procedures

This final rule incorporates into the Code of Federal Regulations at 49 CFR part 5, subpart B, the policies and procedures found in DOT Order 2100.6, titled: "Policies and Procedures for Rulemakings." All citations to OST or OA regulations in this preamble refer to sections of the Code of Federal Regulations as amended by this final rule.

The procedures contained in this final rule apply to all phases of the Department's rulemaking process, from advance notices of proposed rulemakings to the promulgation of final rules, including substantive rules, rules of interpretation, and rules prescribing agency procedures and practice requirements applicable to outside parties. The final rule outlines the Department's regulatory policies, such as ensuring that there are no more regulations than necessary, that where they impose burdens, regulations are narrowly tailored to address identified market failures or statutory mandates, and that they specify performance objectives when appropriate. These and other policies applicable to the

Department's rulemaking process can be found at 49 CFR 5.5.

This final rule reflects the existing role of the Department's Regulatory Reform Task Force in the development of the Department's regulatory portfolio and ongoing review of regulations. Established in response to Executive Order 13777, "Enforcing the Regulatory Reform Agenda" (February 24, 2017), the Regulatory Reform Task Force is the Department's internal body, chaired by the Regulatory Reform Officer, tasked with evaluating proposed and existing regulations and making recommendations to the Secretary of Transportation regarding their promulgation, repeal, replacement, or modification, consistent with applicable law. This final rule outlines the structure, membership, and responsibilities of the Regulatory Reform Task Force at 49 CFR 5.9.

This final rule also prescribes the procedures the Department must follow for all stages of the rulemaking process, including the initiation of new rulemakings, the development of economic analyses, the contents of rulemaking documents, their review and clearance, and the opportunity for fair and sufficient public participation. The final rule also reflects the Department's existing policies regarding contacts with outside parties during the rulemaking process as well as the ongoing review of existing regulations. These policies and procedures can be found at 49 CFR 5.11, 5.13, and 5.19.

Consistent with the Department's regulatory philosophy that rules imposing the greatest costs on the public should be subject to heightened procedural requirements, this final rule also incorporates the Department's enhanced procedures for economically significant and high-impact rulemakings. Economically significant rulemakings are defined as those rules that would result in a total annualized cost on the U.S. economy of \$100 million or more, or a total net loss of at least 75,000 full-time jobs in the United States over 5 years. 49 CFR 5.17(a)(1). High-impact rulemakings would result in a total annualized cost on the U.S. economy of \$500 million or more, or a total net loss of at least 250,000 full-time jobs in the United States over 5 years. 49 CFR 5.17(a)(2). These costly rulemakings may be subject to enhanced rulemaking procedures, such as advance notices of proposed rulemakings and formal hearings. The procedures for economically significant and high-impact rulemakings are provided at 49 CFR 5.17.

While much of part 5 is outdated in light of the Department's new

¹ See U.S. Department of Transportation, DOT Order 2100.6, "Policies and Procedures for Rulemakings," available at <https://www.transportation.gov/regulations/2018-dot-rulemaking-order>.

² See U.S. Department of Transportation, "Review and Clearance of Guidance Documents," available

at <https://www.transportation.gov/regulations/2018-guidance-memorandum>.

³ See U.S. Department of Transportation, "Procedural Requirements for DOT Enforcement Actions," available at <https://www.transportation.gov/sites/dot.gov/files/docs/mission/administrations/office-general-counsel/331596/c1-mem-enforcement-actions-signed-21519.pdf>.

procedures, this final rule will retain and revise some procedures. The Department's existing procedures for the filing of rulemaking petitions will be retained (see 49 CFR 5.13(c)), though we are revising these regulations to give the public greater opportunities to petition the Department. In addition to petitions for rulemaking, our procedures will also explicitly allow the public to file petitions for the performance of retrospective regulatory reviews. With regard to direct final rules, the Department will be removing language that requires the withdrawal of a direct final rule if a notice of intent to file an adverse comment is received; instead withdrawal will be required upon the actual receipt of an adverse comment. Individuals who intend to file an adverse comment, but do not have enough time to do so, may instead ask the Department to extend the comment period of a direct final rule so that they may have more time to file an adverse comment. For this reason, the existing direct final rule procedures are unnecessarily duplicative of procedures that provide for requesting the extension of a comment period and can be removed in part 5 and elsewhere throughout the Department's regulations issued by its operating administrations.⁴

This rulemaking will update references throughout DOT regulations as needed to account for updated internal procedures. This final rule will revise the regulations at 14 CFR 300.2 to replace a reference to rescinded DOT Order 2100.2 with the current DOT Order 2100.6. This final rule also updates the procedures for petitions for rulemakings found in 14 CFR 302.16, including providing that interested parties may file petitions for the Department to perform retrospective reviews. Other minor conforming amendments are being made to our regulations at 49 CFR parts 1 and 7. Finally, given that this final rule codifies the DOT policy regarding contacts with outside parties during the rulemaking process (5 CFR 5.19), Appendix 1 to 14 CFR part 11, Oral Communications With the Public During Rulemaking, is no longer necessary and has been removed.

Guidance Document Procedures

This final rule incorporates into the Code of Federal Regulations at 49 CFR

⁴ Direct final rule procedures for the following operating administrations are amended: Federal Aviation Administration, Pipeline and Hazardous Materials Safety Administration, Federal Railroad Administration, Federal Motor Carrier Safety Administration, National Highway Traffic Safety Administration, and Federal Transit Administration.

part 5, subpart C, the policies and procedures found in the General Counsel's memorandum, titled: "Review and Clearance of Guidance Documents."

The procedures contained in this final rule apply to all guidance documents, which the Department defines as any statement of agency policy or interpretation concerning a statute, regulation, or technical matter within the jurisdiction of the agency that is intended to have general applicability and future effect, but which is not intended to have the force or effect of law in its own right and is not otherwise required by statute to satisfy the rulemaking procedures of the Administrative Procedure Act.

This final rule codifies the Department's existing procedures regarding the review and clearance of guidance documents. These procedures ensure that all guidance documents receive legal review and, when appropriate, Office of the Secretary review. Before guidance documents are issued, they must be reviewed to ensure they are written in plain language and do not impose any substantive legal requirements above and beyond statute or regulation. If a guidance document purports to describe, approve, or recommend specific conduct that stretches beyond what is required by existing law, then it must include a clear and prominent statement effectively stating that the contents of the guidance document do not have the force and effect of law and are not meant to bind the public in any way, and the guidance document is intended only to provide clarity to the public regarding existing requirements under the law or agency policies. The procedures for the review and clearance of guidance documents can be found at 49 CFR 5.27, 5.29, and 5.35.

In recognition of the fact that, even though guidance documents are not legally binding, they could nevertheless have a substantial economic impact on regulated entities that alter their conduct to conform to the guidance, this final rule requires a good faith cost assessment of the impact of the guidance document. This policy is outlined at 49 CFR 5.33.

This final rule also incorporates other policies and procedures, such as describing when guidance documents are subject to notice and an opportunity for public comment and how they will be made available to the public after issuance. See 49 CFR 5.31 and 5.39. These procedures are intended to ensure that the public has access to guidance documents issued by the Department and a fair and sufficient opportunity to comment on guidance documents when

appropriate and practicable. The final rule also provides a process for interested parties to petition the Department for the withdrawal or modification of guidance documents. See 49 CFR 5.43.

This final rule also responds to Executive Order 13891, titled: "Promoting the Rule of Law Through Improved Agency Guidance Documents" (October 9, 2019). In that Executive Order, Federal agencies are required to finalize regulations, or amend existing regulations as necessary, to set forth processes and procedures for issuing guidance documents.⁵ This final rule incorporates requirements found in the Executive Order that were not otherwise provided for in the Department's existing procedures, primarily a requirement that the comment period for significant guidance documents be at least 30 days, except when the agency for good cause finds that notice and public comment are impracticable, unnecessary, or contrary to the public interest.⁶

Enforcement Procedures

This final rule incorporates into the Code of Federal Regulations at 49 CFR part 5, subpart D, the policies and procedures found in the General Counsel's memorandum, titled: "Procedural Requirements for DOT Enforcement Actions."

The procedures contained in this final rule clarify the procedural requirements governing enforcement actions initiated by DOT, including administrative enforcement proceedings and judicial enforcement actions brought in Federal court. The purpose of these procedural policies is to ensure that DOT enforcement actions satisfy principles of due process and remain lawful, reasonable, and consistent with Administration policy. The procedures also fulfill the Department's goal of establishing standard operating procedures within its various enforcement programs.

The final rule consolidates these procedural requirements into one centralized location. The Department is committed to proper due process in enforcement proceedings and encourages regulated entities to contact a supervisor or the U.S. Small Business Administration, when appropriate, with any concerns arising from our duty to review compliance with the Department's regulations related to our authority and jurisdiction.

⁵ See section 4(a) of Executive Order 13891.

⁶ See section 4(a)(iii)(A) of Executive Order 13891.

This final rule ensures that DOT provides affected parties appropriate due process in all enforcement actions, that the Department's conduct is fair and free of bias and concludes with a well-documented decision as to violations alleged and any violations found to have been committed, that the penalties or corrective actions imposed for such violations are reasonable, and that proper steps needed to ensure future compliance were undertaken by the regulated party. It is in the public interest and fundamental to good government that the Department carry out its enforcement responsibilities in a fair and just manner.

This final rule also responds to Executive Order 13892, titled: "Promoting the Rule of Law Through Transparency and Fairness in Civil Administrative Enforcement and Adjudication" (October 9, 2019). Under that Executive Order, Federal agencies are required to provide more transparency to the regulated community when conducting enforcement actions and adjudications. This final rule incorporates requirements found in the Executive Order related to cooperative information sharing, the Small Business Regulatory Enforcement Fairness (SBREFA) Act, and ensuring reasonable administrative inspections.⁷

Administrative Procedure

Under the Administrative Procedure Act, an agency may waive the normal notice and comment procedures if the action is a rule of agency organization, procedure, or practice. See 5 U.S.C. 553(b)(3)(A). Since this final rule merely incorporates existing internal procedures applicable to the Department's administrative procedures into the Code of Federal Regulations, notice and comment are not necessary.

Rulemaking Analyses and Notices

A. Executive Order 12866 and DOT Regulatory Policies and Procedures

This rulemaking is not a significant regulatory action under Executive Order 12866. The Department does not anticipate that this rulemaking will have an economic impact on regulated entities. This is a rule of agency procedure and practice. The final rule describes the Department's existing internal procedures for the promulgation and processing of rulemaking and guidance documents, and for initiating and conducting enforcement proceedings. The Department has adopted these internal

procedures as part of its regulatory reform initiative, and has not incurred any additional resource costs in doing so. The adoption of these practices has been accomplished through a realignment of existing agency resources, and it is anticipated that the public will benefit from the resulting increase in efficiency in delivery of government services.

This final rule compiles existing procedures on rulemaking as a comprehensive set of regulations that will increase accountability, ensure more robust public participation, and strengthen the overall quality and fairness of the Department's administrative actions. The Department has a long history of Federal leadership in adopting good regulatory practices, and this action is consistent with that history. While the direct impact of this rule has already been experienced internally to the Department in the form of streamlined and clarified regulatory processes, we expect additional secondary and positive impacts due to improved decision making. However, these additional impacts will be small because this rule, which has been substantively implemented, simply reflects the procedures that have evolved in response to new rulemaking demands.

Regulated entities and the public will continue to benefit from these enhanced procedures through increased agency deliberations and more opportunities to comment on rulemakings and guidance documents. With regard to the enforcement procedures, we anticipate that there will be no additional costs on regulated entities, as individual regulations already published by DOT agencies account for current costs of compliance. This final rule will simply clarify the internal DOT procedural requirements necessary to ensure fair and reasonable enforcement processes where violations are alleged to have occurred by the regulated community.

B. Executive Order 13771 (Reducing Regulation and Controlling Regulatory Costs)

This rule is not an Executive Order 13771 regulatory action because this rule is not significant under Executive Order 12866.

C. Regulatory Flexibility Act

Since notice and comment rulemaking is not necessary for this rule, the provisions of the Regulatory Flexibility Act (Pub. L. 96-354, 5 U.S.C. 601-612) do not apply.

D. Executive Order 13132 (Federalism)

Executive Order 13132 requires agencies to ensure meaningful and timely input by State and local officials in the development of regulatory policies that may have a substantial, direct effect on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government. This action has been analyzed in accordance with the principles and criteria contained in Executive Order 13132 (August 4, 1999), and DOT has determined that this action will not have a substantial direct effect or federalism implications on the States and would not preempt any State law or regulation or affect the States' ability to discharge traditional State governmental functions. Therefore, consultation with the States is not necessary.

E. Executive Order 13175

This final rule has been analyzed in accordance with the principles and criteria contained in Executive Order 13175, "Consultation and Coordination with Indian Tribal Governments." Because this rulemaking does not significantly or uniquely affect the communities of the Indian tribal governments or impose substantial direct compliance costs on them, the funding and consultation requirements of Executive Order 13175 do not apply.

F. Paperwork Reduction Act

The Paperwork Reduction Act of 1995 (PRA) (44 U.S.C. 3501 *et seq.*) requires that DOT consider the impact of paperwork and other information collection burdens imposed on the public and, under the provisions of PRA section 3507(d), obtain approval from the Office of Management and Budget (OMB) for each collection of information it conducts, sponsors, or requires through regulations. The DOT has determined there are no new information collection requirements associated with this final rule.

G. National Environmental Policy Act

The agency has analyzed the environmental impacts of this action pursuant to the National Environmental Policy Act of 1969 (NEPA) (42 U.S.C. 4321 *et seq.*) and has determined that it is categorically excluded pursuant to DOT Order 5610.1C, "Procedures for Considering Environmental Impacts" (44 FR 56420, October 1, 1979). Categorical exclusions are actions identified in an agency's NEPA implementing procedures that do not normally have a significant impact on

⁷ See sections 7, 9, and 10, of Executive Order 13892.

the environment and therefore do not require either an environmental assessment (EA) or environmental impact statement (EIS). The purpose of this rulemaking is to update the Department's administrative procedures for rulemaking, guidance documents, and enforcement actions. The agency does not anticipate any environmental impacts, and there are no extraordinary circumstances present in connection with this rulemaking.

Regulation Identifier Number

A regulation identifier number (RIN) is assigned to each regulatory action listed in the Unified Agenda of Federal Regulations. The Regulatory Information Service Center publishes the Unified Agenda in the spring and fall of each year. The RIN contained in the heading of this document can be used to cross reference this action with the Unified Agenda.

List of Subjects

14 CFR Part 11

Administrative practice and procedure, Reporting and recordkeeping requirements.

14 CFR Part 300

49 CFR Part 106

Administrative practice and procedure, Hazardous materials transportation.

49 CFR Part 211

Administrative practice and procedure, Railroad safety.

49 CFR Part 389

Administrative practice and procedure, Highway safety, Motor carriers, Motor vehicle safety.

49 CFR Part 553

Administrative practice and procedure, Motor vehicle safety.

49 CFR Part 601

Authority delegations (Government agencies), Freedom of information,

Organization and functions (Government agencies).

Issued in Washington, DC, on December 3, 2019.

Elaine L. Chao,
Secretary.

In consideration of the foregoing, the Office of the Secretary of Transportation amends 14 CFR parts 11, 300, and 302 and 49 CFR parts 5, 106, 211, 389, 553, and 601, as follows:

Title 14—Aeronautics and Space

PART 11—GENERAL RULEMAKING PROCEDURES

■ 1. The authority citation for part 11 continues to read as follows:

Authority: 49 U.S.C. 106(f), 106(g), 40101, 40103, 40105, 40109, 40113, 44110, 44502, 44701–44702, 44711, 46102, and 51 U.S.C. 50901–50923.

■ 2. Amend § 11.13 by revising the last sentence to read as follows:

§ 11.13 What is a direct final rule?

* * * If we receive an adverse comment, we will either publish a document withdrawing the direct final rule before it becomes effective and may issue an NPRM, or proceed by any other means permitted under the Administrative Procedure Act, 5 U.S.C. 551 *et seq.*, consistent with procedures at 49 CFR 5.13(l).

§ 11.31 [Amended]

■ 3. Amend § 11.31 by removing “or notice of intent to file an adverse comment” in paragraphs (a) introductory text, (b), and (c).

■ 4. Amend § 11.40 by revising the last sentence to read as follows:

§ 11.40 Can I get more information about a rulemaking?

* * * The Department of Transportation policy regarding public contacts during rulemaking appears at 49 CFR 5.19.

Appendix 1 to Part 11 [Removed]

■ 5. Remove appendix 1 to part 11.

PART 300—RULES OF CONDUCT IN DOT PROCEEDINGS UNDER THIS CHAPTER

■ 6. The authority citation for part 300 continues to read as follows:

Authority: 49 U.S.C. subtitle I and chapters 401, 411, 413, 415, 417, 419, 421, 449, 461, 463, and 465.

■ 7. Amend § 300.2 by revising paragraph (b)(4)(ii) to read as follows:

§ 300.2 Prohibited Communications.

* * * * *

(b) * * *

(4) * * *

(ii) A rulemaking proceeding involving a hearing as described in paragraph (b)(4)(i) of this section or an exemption proceeding covered by this chapter. (Other rulemaking proceedings are covered by the *ex parte* communication policies of DOT Order 2100.6 and 49 CFR 5.19.)

* * * * *

PART 302—RULES OF PRACTICE IN PROCEEDINGS

■ 8. The authority citation for part 302 continues to read as follows:

Authority: 39 U.S.C. 5402; 42 U.S.C. 4321, 49 U.S.C. Subtitle I and Chapters 401, 411, 413, 415, 417, 419, 461, 463, and 471.

■ 9. Revise § 302.16 to read as follows:

§ 302.16 Petitions for rulemaking.

Any interested person may petition the Department for the issuance, amendment, modification, or repeal of any regulation or guidance document, or for the Department to perform a retrospective review of an existing rule, subject to the provisions of part 5, Rulemaking Procedures, of the Office of the Secretary regulations (49 CFR 5.13(c) and 5.43).

Title 49—Transportation

PART 1—ORGANIZATION AND DELEGATION OF POWERS AND DUTIES

■ 10. The authority citation for part 1 continues to read as follows:

Authority: 49 U.S.C. 322.

■ 11. Amend § 1.27 by revising paragraph (e) to read as follows:

§ 1.27 Delegations to the General Counsel.

* * * * *

(e) Respond to petitions for rulemaking or petitions for exemptions in accordance with 49 CFR 5.13(c)(2) (Processing of petitions), and notify petitioners of decisions in accordance with 49 CFR 5.13(c)(4)(v).

* * * * *

■ 12. Revise part 5 to read as follows:

PART 5—ADMINISTRATIVE RULEMAKING, GUIDANCE, AND ENFORCEMENT PROCEDURES

Subpart A—GENERAL

Sec.

5.1 Applicability.

Subpart B—Rulemaking Procedures

5.3 General.

5.5 Regulatory policies.

5.7 Responsibilities.

5.9 Regulatory Reform Task Force.

- 5.11 Initiating a rulemaking.
- 5.13 General rulemaking procedures.
- 5.15 Unified Agenda of Regulatory and Deregulatory Actions (Unified Agenda).
- 5.17 Special procedures for economically significant and high-impact rulemakings.
- 5.19 Public contacts in informal rulemaking.
- 5.21 Policy updates and revisions.
- 5.23 Disclaimer.

Subpart C—Guidance Procedures

- 5.25 General.
- 5.27 Review and clearance by Chief Counsels and the Office of the General Counsel.
- 5.29 Requirements for clearance.
- 5.31 Public access to effective guidance documents.
- 5.33 Good faith cost estimates.
- 5.35 Approved procedures for guidance documents identified as “significant” or “otherwise of importance to the Department’s interests.”
- 5.37 Definitions of “significant guidance document” and guidance documents that are “otherwise of importance to the Department’s interests.”
- 5.39 Designation procedures.
- 5.41 Notice-and-comment procedures.
- 5.43 Petitions for guidance
- 5.45 Rescinded guidance.
- 5.47 Exigent circumstances.
- 5.49 Reports to Congress and GAO.
- 5.51 No judicial review or enforceable rights.

Subpart D—Enforcement Procedures

- 5.53 General.
- 5.55 Enforcement attorney responsibilities.
- 5.57 Definitions.
- 5.59 Enforcement policy generally.
- 5.61 Investigative functions.
- 5.63 Clear legal foundation.
- 5.65 Proper exercise of prosecutorial and enforcement discretion.
- 5.67 Duty to review for legal sufficiency.
- 5.69 Fair notice.
- 5.71 Separation of functions.
- 5.73 Avoiding bias.
- 5.75 Formal enforcement adjudications.
- 5.77 Informal enforcement adjudications.
- 5.79 The hearing record.
- 5.81 Contacts with the public.
- 5.83 Duty to disclose exculpatory evidence.
- 5.85 Use of guidance documents in administrative enforcement cases.
- 5.87 Alternative Dispute Resolution (ADR).
- 5.89 Duty to adjudicate proceedings promptly.
- 5.91 Agency decisions.
- 5.93 Settlements.
- 5.95 OGC approval required for certain settlement terms.
- 5.97 Basis for civil penalties and disclosures thereof.
- 5.99 Publication of decisions.
- 5.101 Coordination with the Office of Inspector General on criminal matters.
- 5.103 Standard operating procedures.
- 5.105 Cooperative Information Sharing.
- 5.107 Small Business Regulatory Enforcement Fairness Act (SBREFA).
- 5.109 Referral of matters for judicial enforcement.
- 5.111 No third-party rights or benefits.

Authority: 49 U.S.C. 322(a).

Subpart A—General

§ 5.1 Applicability.

(a) This part prescribes general procedures that apply to rulemakings, guidance documents, and enforcement actions of the U.S. Department of Transportation (the Department or DOT), including each of its operating administrations (OAs) and all components of the Office of Secretary of Transportation (OST).

(b) For purposes of this part, *Administrative Procedure Act (APA)* is the Federal statute, codified in scattered sections of chapters 5 and 7 of title 5, United States Code, that governs procedures for agency rulemaking and adjudication and provides for judicial review of final agency actions.

Subpart B—Rulemaking Procedures

§ 5.3 General.

(a) This subpart governs all DOT employees and contractors involved with all phases of rulemaking at DOT.

(b) Unless otherwise required by statute, this subpart applies to all DOT regulations, which shall include all rules of general applicability promulgated by any components of the Department that affect the rights or obligations of persons outside the Department, including substantive rules, rules of interpretation, and rules prescribing agency procedures and practice requirements applicable to outside parties.

(c) Except as provided in paragraph (d) of this section, this subpart applies to all regulatory actions intended to lead to the promulgation of a rule and any other generally applicable agency directives, circulars, or pronouncements concerning matters within the jurisdiction of an OA or component of OST that are intended to have the force or effect of law or that are required by statute to satisfy the rulemaking procedures specified in 5 U.S.C. 553 or 5 U.S.C. 556.

(d) This subpart does not apply to:

(1) Any rulemaking in which a notice of proposed rulemaking was issued before December 20, 2018, and which was still in progress on that date;

(2) Regulations issued with respect to a military or foreign affairs function of the United States;

(3) Rules addressed solely to internal agency management or personnel matters;

(4) Regulations related to Federal Government procurement; or

(5) Guidance documents, which are not intended to, and do not in fact, have the force or effect of law for parties

outside of the Department, and which are governed by part 5, subpart C of this chapter.

§ 5.5 Regulatory policies.

The policies in paragraphs (a) through (j) of this section govern the development and issuance of regulations at DOT:

(a) There should be no more regulations than necessary. In considering whether to propose a new regulation, policy makers should consider whether the specific problem to be addressed requires agency action, whether existing rules (including standards incorporated by reference) have created or contributed to the problem and should be revised or eliminated, and whether any other reasonable alternatives exist that obviate the need for a new regulation.

(b) All regulations must be supported by statutory authority and consistent with the Constitution.

(c) Where they rest on scientific, technical, economic, or other specialized factual information, regulations should be supported by the best available evidence and data.

(d) Regulations should be written in plain English, should be straightforward, and should be clear.

(e) Regulations should be technologically neutral, and, to the extent feasible, they should specify performance objectives, rather than prescribing specific conduct that regulated entities must adopt.

(f) Regulations should be designed to minimize burdens and reduce barriers to market entry whenever possible, consistent with the effective promotion of safety. Where they impose burdens, regulations should be narrowly tailored to address identified market failures or specific statutory mandates.

(g) Unless required by law or compelling safety need, regulations should not be issued unless their benefits are expected to exceed their costs. For each new significant regulation issued, agencies must identify at least two existing regulatory burdens to be revoked.

(h) Once issued, regulations and other agency actions should be reviewed periodically and revised to ensure that they continue to meet the needs they were designed to address and remain cost-effective and cost-justified.

(i) Full public participation should be encouraged in rulemaking actions, primarily through written comment and engagement in public meetings. Public participation in the rulemaking process should be conducted and documented, as appropriate, to ensure that the public is given adequate knowledge of

substantive information relied upon in the rulemaking process.

(j) The process for issuing a rule should be sensitive to the economic impact of the rule; thus, the promulgation of rules that are expected to impose greater economic costs should be accompanied by additional procedural protections and avenues for public participation.

§ 5.7 Responsibilities.

(a) The Secretary of Transportation supervises the overall planning, direction, and control of the Department's Regulatory Agenda; approves regulatory documents for issuance and submission to the Office of Management and Budget (OMB) under Executive Order (E.O.) 12866, "Regulatory Planning and Review" (Oct. 4, 1993); identifies an approximate regulatory budget for each fiscal year as required by E.O. 13771, "Reducing Regulation and Controlling Regulatory Costs" (Jan. 30, 2017); establishes the Department's Regulatory Reform Task Force (RRTF); and designates the members of the RRTF and the Department's Regulatory Reform Officer (RRO) in accordance with E.O. 13777, "Enforcing the Regulatory Reform Agenda" (Feb. 24, 2017).

(b) The Deputy Secretary of Transportation assists the Secretary in overseeing overall planning, direction, and control of the Department's Regulatory Agenda and approves the initiation of regulatory action, as defined in E.O. 12866, by the OAs and components of OST. Unless otherwise designated by the Secretary, the Deputy Secretary serves as the Chair of the Leadership Council of the RRTF and as the Department's RRO.

(c) The General Counsel of DOT is the chief legal officer of the Department with final authority on all questions of law for the Department, including the OAs and components of OST; serves on the Leadership Council of the RRTF; and serves as the Department's Regulatory Policy Officer pursuant to section 6(a)(2) of E.O. 12866.

(d) The RRO of DOT is delegated authority by the Secretary to oversee the implementation of the Department's regulatory reform initiatives and policies to ensure the effective implementation of regulatory reforms, consistent with E.O. 13777 and applicable law.

(e) DOT's noncareer Deputy General Counsel is a member of the RRTF and serves as the Chair of the RRTF Working Group.

(f) DOT's Assistant General Counsel for Regulation supervises the Office of Regulation within the Office of the

General Counsel (OGC); oversees the process for DOT rulemakings; provides legal advice on compliance with APA and other administrative law requirements and executive orders, related OMB directives, and other procedures for rulemaking and guidance documents; circulates regulatory documents for departmental review and seeks concurrence from reviewing officials; submits regulatory documents to the Secretary for approval before issuance or submission to OMB; coordinates with the Office of Information and Regulatory Affairs (OIRA) within OMB on the designation and review of regulatory documents and the preparation of the Unified Agenda of Regulatory and Deregulatory Actions; publishes the monthly internet report on significant rulemakings; and serves as a member of the RRTF Working Group.

(g) Pursuant to delegations from the Secretary under part 1 of this title, OA Administrators and Secretarial officers exercise the Secretary's rulemaking authority under 49 U.S.C. 322(a), and they have responsibility for ensuring that the regulatory data included in the Regulatory Management System (RMS), or a successor data management system, for their OAs and OST components is accurate and is updated at least once a month.

(h) OA Chief Counsels supervise the legal staffs of the OAs; interpret and provide guidance on all statutes, regulations, executive orders, and other legal requirements governing the operation and authorities of their respective OAs; and review all rulemaking documents for legal sufficiency.

(i) Each OA or OST component responsible for rulemaking will have a Regulatory Quality Officer, designated by the Administrator or Secretarial office head, who will have responsibility for reviewing all rulemaking documents for plain language, technical soundness, and general quality.

§ 5.9 Regulatory Reform Task Force.

(a) *Purpose.* The Regulatory Reform Task Force (RRTF) evaluates proposed and existing regulations and makes recommendations to the Secretary regarding their promulgation, repeal, replacement, or modification, consistent with applicable law, E.O. 13777, E.O. 13771, and E.O. 12866.

(b) *Structure.* The RRTF comprises a Leadership Council and a Working Group.

(1) The Working Group coordinates with leadership in the Secretarial offices and OAs, reviews and develops

recommendations for regulatory and deregulatory action, and presents recommendations to the Leadership Council.

(2) The Leadership Council reviews the Working Group's recommendations and advises the Secretary.

(c) *Membership.* (1) The Leadership Council comprises the following:

(i) The Regulatory Reform Officer (RRO), who serves as Chair;

(ii) The Department's Regulatory Policy Officer, designated under section 6(a)(2) of E.O. 12866;

(iii) A representative from the Office of the Under Secretary of Transportation for Policy;

(iv) At least three additional senior agency officials as determined by the Secretary.

(2) The Working Group comprises the following:

(i) At least one senior agency official from the Office of the General Counsel, including at a minimum the Assistant General Counsel for Regulation, as determined by the RRO;

(ii) At least one senior agency official from the Office of the Under Secretary of Transportation for Policy, as determined by the RRO;

(iii) Other senior agency officials from the Office of the Secretary, as determined by the RRO.

(d) *Functions and responsibilities.* In addition to the functions and responsibilities enumerated in E.O. 13777, the RRTF performs the following duties:

(1) Reviews each request for a new rulemaking action initiated by an OA or OST component; and

(2) Considers each regulation and regulatory policy question (which may include proposed guidance documents) referred to it and makes a recommendation to the Secretary for its disposition.

(e) *Support.* The Office of Regulation within OGC provides support to the RRTF.

(f) *Meetings.* The Leadership Council meets approximately monthly and will hold specially scheduled meetings when necessary to address particular regulatory matters. The Working Group meets approximately monthly with each OA and each component of OST with regulatory authority, and the Working Group may establish subcommittees, as appropriate, to focus on specific regulatory matters.

(g) *Agenda.* The Office of Regulation prepares an agenda for each meeting and distributes it to the members in advance of the meeting, together with any documents to be discussed at the meeting. The OA or OST component responsible for matters on the agenda

will be invited to attend to respond to questions.

(h) *Minutes*. The Office of Regulation prepares summary minutes following each meeting and distributes them to the meeting's attendees.

§ 5.11 Initiating a rulemaking.

(a) Before an OA or component of OST may proceed to develop a regulation, the Administrator of the OA or the Secretarial officer who heads the OST component must consider the regulatory philosophy and principles of regulation identified in section 1 of E.O. 12866 and the policies set forth in § 5.5 of this subpart. If the OA Administrator or OST component head determines that rulemaking is warranted consistent with those policies and principles, the Administrator or component head may prepare a Rulemaking Initiation Request.

(b) The Rulemaking Initiation Request should specifically state or describe:

- (1) A proposed title for the rulemaking;
- (2) The need for the regulation, including a description of the market failure or statutory mandate necessitating the rulemaking;
- (3) The legal authority for the rulemaking;
- (4) Whether the rulemaking is expected to be regulatory or deregulatory;

(5) Whether the rulemaking is expected to be significant or nonsignificant, as defined by E.O. 12866;

(6) Whether the final rule in question is expected to be an economically significant rule or high-impact rule, as defined in § 5.17(a) of this subpart;

(7) A description of the economic impact associated with the rulemaking, including whether the rulemaking is likely to impose quantifiable costs or cost savings;

(8) The tentative target dates for completing each stage of the rulemaking; and

(9) Whether there is a statutory or judicial deadline, or some other urgency, associated with the rulemaking.

(c) The OA or OST component submits the Rulemaking Initiation Request to the Office of Regulation, together with any other documents that may assist in the RRTF's consideration of the request.

(d) The Office of Regulation includes the Rulemaking Initiation Request on the agenda for consideration at the OA's or OST component's next Working Group meeting.

(e) If the Working Group recommends the approval of the Rulemaking

Initiation Request, then the Request is referred to the Leadership Council for consideration. In lieu of consideration at a Leadership Council meeting, the Working Group, at its discretion, may submit a memorandum to the RRO seeking approval of the Rulemaking Initiation Request.

(f) The OA or OST component may assign a Regulatory Information Number (RIN) to the rulemaking only upon the Leadership Council's (or RRO's) approval of the Rulemaking Initiation Request.

(g) The Secretary may initiate a rulemaking on his or her own motion. The process for initiating a rulemaking as described herein may be waived or modified for any rule with the approval of the RRO. Unless otherwise determined by the RRO, the Administrator of the Federal Aviation Administration (FAA) may promulgate an emergency rule under 49 U.S.C. 106(f)(3)(B)(ii) or 49 U.S.C. 46105(c), without first submitting a Rulemaking Initiation Request.

(h) Rulemaking Initiation Requests will be considered on a rolling basis; however, the Office of Regulation will establish deadlines for submission of Rulemaking Initiation Requests so that new rulemakings may be included in the Unified Agenda of Regulatory and Deregulatory Actions.

§ 5.13 General rulemaking procedures.

(a) *Definitions*—(1) *Significant rulemaking* means a regulatory action designated by OIRA under E.O. 12866 as likely to result in a rule that may:

(i) Have an annual effect on the U.S. economy of \$100 million or more or adversely affect in a material way the economy, a sector of the economy, productivity, competition, jobs, the environment, public health or safety, or State, local, or tribal governments or communities;

(ii) Create a serious inconsistency or otherwise interfere with an action taken or planned by another agency;

(iii) Materially alter the budgetary impact of entitlements, grants, user fees, or loan programs or the rights and obligations of recipients thereof; or

(iv) Raise novel legal or policy issues arising out of legal mandates, the President's priorities, or the principles set forth in E.O. 12866.

(2) *Nonsignificant rulemaking* means a regulatory action not designated significant by OIRA.

(b) *Departmental review process*. (1) OST review and clearance.

(i) Except as provided herein or as otherwise provided in writing by OGC, all departmental rulemakings are to be

reviewed and cleared by the Office of the Secretary.

(ii) The FAA Administrator may promulgate emergency rules pursuant to 49 U.S.C. 106(f)(3)(B)(ii) and 49 U.S.C. 46105(c), without prior approval from OST; provided that, to the maximum extent practicable and consistent with law, the FAA Administrator will give OST advance notice of such emergency rules and will allow OST to review the rules in accordance with the provisions of this subpart at the earliest opportunity after they are promulgated.

(2) Leadership within the proposing OA or component of OST shall:

(i) Ensure that the OA's or OST component's Regulatory Quality Officer reviews all rulemaking documents for plain language, technical soundness, and general quality;

(ii) Ensure that the OA's Office of Chief Counsel (or for OST rules, the Office within OGC responsible for providing programmatic advice) reviews all rulemaking documents for legal support and legal sufficiency; and

(iii) Approve the submission of all rulemaking documents, including any accompanying analyses (e.g., regulatory impact analysis), to the Office of Regulation through the Regulatory Management System (RMS), or a successor data management system, for OST review and clearance.

(3) To effectuate departmental review under this subpart, the following Secretarial offices ordinarily review and approve DOT rulemakings: The Office of the Under Secretary for Policy, the Office of Public Affairs, the Office of Budget and Programs and Chief Financial Officer, OGC, and the Office of Governmental Affairs. The Office of Regulation may also require review and clearance by other Secretarial offices and OAs depending on the nature of the particular rulemaking document.

(4) Reviewing offices should provide comments or otherwise concur on rulemaking documents within 7 calendar days, unless exceptional circumstances apply that require expedited review.

(5) The Office of Regulation provides a passback of comments to the proposing OA or OST component for resolution. Comments should be resolved and a revised draft submitted to the Office of Regulation by the OA or OST component within 14 calendar days.

(6) The Office of Regulation prepares a rulemaking package for the General Counsel to request the Secretary's approval for the rulemaking to be submitted to OMB for review (for significant rulemakings) or to the **Federal Register** for publication (for

nonsignificant rulemakings). These rulemaking packages are submitted through the General Counsel to the Office of the Executive Secretariat.

(7) The Office of Regulation notifies the proposing OA or OST component when the Secretary approves or disapproves the submission of the rulemaking to OMB or to the **Federal Register**.

(8) The Office of Regulation is responsible for coordination with OIRA staff on the designation of all rulemaking documents, submission and clearance of all significant rulemaking documents, and all discussions or meetings with OMB concerning these documents. OAs and OST components should not schedule their own meetings with OIRA without Office of Regulation involvement. Each OA or OST component should coordinate with the Office of Regulation before holding any discussions with OIRA concerning regulatory policy or requests to modify regulatory documents.

(c) *Petitions for rulemaking, exemption, and retrospective review.* (1) Any person may petition an OA or OST component with rulemaking authority to:

- (i) Issue, amend, or repeal a rule;
- (ii) Issue an exemption, either permanently or temporarily, from any requirements of a rule; or
- (iii) Perform a retrospective review of an existing rule.

(2) When an OA or OST component receives a petition under this paragraph (c), the petition should be filed with the Docket Clerk in a timely manner. If a petition is filed directly with the Docket Clerk, the Docket Clerk will submit the petition in a timely manner to the OA or component of OST with regulatory responsibility over the matter described in the petition.

(3) The OA or component of OST should provide clear instructions on its website to members of the public regarding how to submit petitions, including, but not limited to, an email address or Web portal where petitions can be submitted, a mailing address where hard copy requests can be submitted, and an office responsible for coordinating such requests.

(4) Unless otherwise provided by statute or in OA regulations or procedures, the following procedures apply to the processing of petitions for rulemaking, exemption, or retrospective review:

(i) *Contents.* Each petition filed under this section must:

(A) Be submitted, either by paper submission or electronically, to the U.S. Department of Transportation, Docket Operations, West Building Ground

Floor, Room W12-140, 1200 New Jersey Avenue SE, Washington, DC 20590;

(B) Describe the nature of the request and set forth the text or substance of the rule or specify the rule that the petitioner seeks to have issued, amended, exempted, repealed, or retrospectively reviewed, as the case may be;

(C) Explain the interest of the petitioner in the action requested, including, in the case of a petition for an exemption, the nature and extent of the relief sought and a description of the persons to be covered by the exemption;

(D) Contain any information and arguments available to the petitioner to support the action sought; and

(E) In the case of a petition for exemption, unless good cause is shown in that petition, be submitted at least 60 days before the proposed effective date of the exemption.

(ii) *Processing.* Each petition received under this paragraph (c) is referred to the head of the office responsible for the subject matter of that petition, the Office of Regulation, and the RRO. No public hearing, argument, or other proceeding must necessarily be held directly on a petition for its disposition under this section.

(iii) *Grants.* If the OA or component of OST with regulatory responsibility over the matter described in the petition determines that the petition contains adequate justification, it may request the initiation of a rulemaking action under § 5.11 or grant the petition, as appropriate.

(iv) *Denials.* If the OA or component of OST determines that the petition is not justified, the OA or component of OST denies the petition in coordination with the Office of Regulation.

(v) *Notification.* Whenever the OA or OST component determines that a petition should be granted or denied, and after consultation with the Office of Regulation in the case of denial, the office concerned prepares a notice of that grant or denial for issuance to the petitioner, and issues it to the petitioner.

(d) *Review of existing regulations.* (1) All departmental regulations are on a 10-year review cycle, except economically significant and high-impact rules, which are reviewed every 5 years in accordance with § 5.17(f) of this subpart.

(2) The OA or OST component that issued the regulation will review it for the following:

(i) *Continued cost justification:* Whether the regulation requires adjustment due to changed market conditions or is no longer cost-effective

or cost-justified in accordance with § 5.5(h);

(ii) *Regulatory flexibility:* Whether the regulation has a significant economic impact on a substantial number of small entities and, thus, requires review under 5 U.S.C. 610 (section 610 of the Regulatory Flexibility Act);

(iii) *Innovation:* Whether there are new or emerging technologies, especially those that could achieve current levels of safety at the same or lower levels of cost or achieve higher levels of safety, use of which is precluded or limited by the regulation.

(iv) *General updates:* Whether the regulation may require technical corrections, updates (e.g., updated versions of voluntary consensus standards), revisions, or repeal;

(v) *Plain language:* Whether the regulation requires revisions for plain language; and

(vi) Other considerations as required by relevant executive orders and laws.

(3) The results of each OA's or OST component's review will be reported annually to the public.

(4) Any member of the public may petition the Department to conduct a retrospective review of a regulation by filing a petition in accordance with the procedures contained in paragraph (c) of this section.

(e) *Supporting economic analysis.* (1) Rulemakings shall include, at a minimum:

(i) An assessment of the potential costs and benefits of the regulatory action (which may entail a regulatory impact analysis) or a reasoned determination that the expected impact is so minimal or the safety need so significant and urgent that a formal analysis of costs and benefits is not warranted; and

(ii) If the regulatory action is expected to impose costs, either a reasoned determination that the benefits outweigh the costs or, if the particular rulemaking is mandated by statute or compelling safety need notwithstanding a negative cost-benefit assessment, a detailed discussion of the rationale supporting the specific regulatory action proposed and an explanation of why a less costly alternative is not an option.

(2) To the extent practicable, economic assessments shall quantify the foreseeable annual economic costs and cost savings within the United States that would likely result from issuance of the proposed rule and shall be conducted in accordance with the requirements of sections 6(a)(2)(B) and 6(a)(2)(C) of E.O. 12866 and OMB Circular A-4, as specified by OIRA in consultation with the Office of Regulation. If the proposing OA or OST

component has estimated that the proposed rule will likely impose economic costs on persons outside the United States, such costs should be reported separately.

(3) Deregulatory rulemakings (including nonsignificant rulemakings) shall be evaluated for quantifiable cost savings. If it is determined that quantification of cost savings is not possible or appropriate, then the proposing OA or OST component shall provide a detailed justification for the lack of quantification upon submission of the rulemaking to the Office of Regulation. Other nonsignificant rulemakings shall include, at a minimum, the economic cost-benefit analysis described in paragraph (e)(1) of this section.

(f) *Regulatory flexibility analysis.* All rulemakings subject to the requirements of 5 U.S.C. 603–604 (sections 603–604 of the Regulatory Flexibility Act), and any amendment thereto, shall include a detailed statement setting forth the required analysis regarding the potential impact of the rule on small business entities.

(g) *Advance notices of proposed rulemaking.* Whenever the OA or OST component responsible for a proposed rulemaking is required to publish an advance notice of proposed rulemaking (ANPRM) in the **Federal Register**, or whenever the RRTF determines it appropriate to publish an ANPRM, the ANPRM shall:

(1) Include a written statement identifying, at a minimum:

(i) The nature and significance of the problem the OA or OST component may address with a rule;

(ii) The legal authority under which a rule may be proposed; and

(iii) Any preliminary information available to the OA or OST component that may support one or another potential approach to addressing the identified problem;

(2) Solicit written data, analysis, views, and recommendations from interested persons concerning the information and issues addressed in the ANPRM; and

(3) Provide for a reasonably sufficient period for public comment.

(h) *Notices of proposed rulemaking—*
(1) *When required.* Before determining to propose a rule, and following completion of the ANPRM process under paragraph (g) of this section, if applicable, the responsible OA or OST component shall consult with the RRTF concerning the need for the potential rule. If the RRTF thereafter determines it appropriate to propose a rule, the proposing OA or OST component shall publish a notice of proposed rulemaking

(NPRM) in the **Federal Register**, unless a controlling statute provides otherwise or unless the RRTF (in consultation with OIRA, as appropriate) determines that an NPRM is not necessary under established exceptions.

(2) *Contents.* The NPRM shall include, at a minimum:

(i) A statement of the time and place for submission of public comments and the time, place, and nature of related public rulemaking proceedings, if any;

(ii) Reference to the legal authority under which the rule is proposed;

(iii) The terms of the proposed rule;

(iv) A description of information known to the proposing OA or OST component on the subject and issues of the proposed rule, including but not limited to:

(A) A summary of material information known to the OA or OST component concerning the proposed rule and the considerations specified in § 5.11(a) of this subpart;

(B) A summary of any preliminary risk assessment or regulatory impact analysis performed by the OA or OST component; and

(C) Information specifically identifying all material data, studies, models, available voluntary consensus standards and conformity assessment requirements, and other evidence or information considered or used by the OA or OST component in connection with its determination to propose the rule;

(v) A reasoned preliminary analysis of the need for the proposed rule based on the information described in the preamble to the NPRM, and an additional statement of whether a rule is required by statute;

(vi) A reasoned preliminary analysis indicating that the expected economic benefits of the proposed rule will meet the relevant statutory objectives and will outweigh the estimated costs of the proposed rule in accordance with any applicable statutory requirements;

(vii) If the rulemaking is significant, a summary discussion of:

(A) The alternatives to the proposed rule considered by the OA or OST component;

(B) The relative costs and benefits of those alternatives;

(C) Whether the alternatives would meet relevant statutory objectives; and

(D) Why the OA or OST component chose not to propose or pursue the alternatives;

(viii) A statement of whether existing rules have created or contributed to the problem the OA or OST component seeks to address with the proposed rule, and, if so, whether or not the OA or OST component proposes to amend or rescind any such rules and why; and

(ix) All other statements and analyses required by law, including, without limitation, the Regulatory Flexibility Act (5 U.S.C. 601–612) or any amendment thereto.

(3) *Information access and quality.* (i) To inform public comment when the NPRM is published, the proposing OA or OST component shall place in the docket for the proposed rule and make accessible to the public, including by electronic means, all material information relied upon by the OA or OST component in considering the proposed rule, unless public disclosure of the information is prohibited by law or the information would be exempt from disclosure under 5 U.S.C. 552(b). Material provided electronically should be made available in accordance with the requirements of 29 U.S.C. 794d (section 508 of the Rehabilitation Act of 1973, as amended).

(ii) If the proposed rule rests upon scientific, technical, or economic information, the proposing OA or OST component shall base the proposal on the best and most relevant scientific, technical, and economic information reasonably available to the Department and shall identify the sources and availability of such information in the NPRM.

(iii) A single copy of any relevant copyrighted material (including consensus standards and other relevant scientific or technical information) should be placed in the docket for public review if such material was relied on as a basis for the rulemaking.

(i) *Public comment.* (1) Following publication of an NPRM, the Department will provide interested persons a fair and sufficient opportunity to participate in the rulemaking through submission of written data, analysis, views, and recommendations.

(2) The Department, in coordination with OIRA for significant rulemakings, will ensure that the public is given an adequate period for comment, taking into account the scope and nature of the issues and considerations involved in the proposed regulatory action.

(3) Generally, absent special considerations, the comment period for nonsignificant DOT rules should be at least 30 days, and the comment period for significant DOT rules should be at least 45 days.

(4) Any person may petition the responsible OA or OST component for an extension of time to submit comments in response to a notice of proposed rulemaking. Petitions must be received no later than 3 days before the expiration of the time stated in the notice. The filing of the petition does not automatically extend the time for

comments. The OA or OST component may grant the petition only if the petitioner shows a substantive interest in the proposed rule and good cause for the extension, or if the extension is otherwise in the public interest. If an extension is granted, it is granted as to all persons and published in the **Federal Register**.

(5) All timely comments are considered before final action is taken on a rulemaking proposal. Late-filed comments may be considered so far as possible without incurring additional expense or delay.

(j) *Exemptions from notice and comment.* (1) Except when prior notice and an opportunity for public comment are required by statute or determined by the Secretary to be advisable for policy or programmatic reasons, the responsible OA or OST component may, subject to the approval of the RRTF (in consultation with OIRA, as appropriate), publish certain final rules in the **Federal Register** without prior notice and comment. These may include:

(i) Rules of interpretation and rules addressing only DOT organization, procedure, or practice, provided such rules do not alter substantive obligations for parties outside the Department;

(ii) Rules for which notice and comment is unnecessary to inform the rulemaking, such as rules correcting de minimis technical or clerical errors or rules addressing other minor and insubstantial matters, provided the reasons to forgo public comment are explained in the preamble to the final rule; and

(iii) Rules that require finalization without delay, such as rules to address an urgent safety or national security need, and other rules for which it would be impracticable or contrary to public policy to accommodate a period of public comment, provided the responsible OA or OST component makes findings that good cause exists to forgo public comment and explains those findings in the preamble to the final rule.

(2) Except when required by statute, issuing substantive DOT rules without completing notice and comment, including as interim final rules (IFRs) and direct final rules (DFRs), must be the exception. IFRs and DFRs are not favored. DFRs must follow the procedures in paragraph (l) of this section. In most cases where an OA or OST component has issued an IFR, the RRTF will expect the OA or OST component to proceed at the earliest opportunity to replace the IFR with a final rule.

(k) *Final rules.* The responsible OA or OST component shall adopt a final rule

only after consultation with the RRTF. The final rule, which shall include the text of the rule as adopted along with a supporting preamble, shall be published in the **Federal Register** and shall satisfy the following requirements:

(1) The preamble to the final rule shall include:

(i) A concise, general statement of the rule's basis and purpose, including clear reference to the legal authority supporting the rule;

(ii) A reasoned, concluding determination by the adopting OA or OST component regarding each of the considerations required to be addressed in an NPRM under paragraphs (h)(2)(v) through (ix) of this section;

(iii) A response to each significant issue raised in the comments to the proposed rule;

(iv) If the final rule has changed in significant respects from the rule as proposed in the NPRM, an explanation of the changes and the reasons why the changes are needed or are more appropriate to advance the objectives identified in the rulemaking; and

(v) A reasoned, final determination that the information upon which the OA or OST component bases the rule complies with the Information Quality Act (section 515 of Pub. L. 106-554—Appendix C, 114 Stat. 2763A-153-54 (2001)), or any subsequent amendment thereto.

(2) If the rule rests on scientific, technical, economic, or other specialized factual information, the OA or OST component shall base the final rule on the best and most relevant evidence and data known to the Department and shall ensure that such information is clearly identified in the preamble to the final rule and is available to the public in the rulemaking record, subject to reasonable protections for information exempt from disclosure under 5 U.S.C. 552(b). If the OA or OST component intends to support the final rule with specialized factual information identified after the close of the comment period, the OA or OST component shall allow an additional opportunity for public comment on such information.

(3) All final rules issued by the Department:

(i) Shall be written in plain and understandable English;

(ii) Shall be based on a reasonable and well-founded interpretation of relevant statutory text and shall not depend upon a strained or unduly broad reading of statutory authority; and

(iii) Shall not be inconsistent or incompatible with, or unnecessarily duplicative of, other Federal regulations.

(4) Effective dates for final rules must adhere to the following:

(i) Unless required to address a safety emergency or otherwise required by law, approved by the RRTF (or RRO), or approved by the Director of OMB (as appropriate), no regulation may be issued by an OA or component of OST if it was not included on the most recent version or update of the published Unified Agenda.

(ii) No significant regulatory action may take effect until it has appeared in either the Unified Agenda or the monthly internet report of significant rulemakings for at least 6 months prior to its issuance, unless good cause exists for an earlier effective date or the action is otherwise approved by the RRTF (or RRO).

(iii) Absent good cause, major rules (as defined by the Congressional Review Act, 5 U.S.C. 801-808) cannot take effect until 60 days after publication in the **Federal Register** or submission to Congress, whichever is later. Nonmajor rules cannot take effect any sooner than submission to Congress.

(l) *Direct final rules.* (1) Rules that the OA or OST component determines to be noncontroversial and unlikely to result in adverse public comment may be published as direct final rules. These include noncontroversial rules that:

(i) Affect internal procedures of the Department, such as filing requirements and rules governing inspection and copying of documents,

(ii) Are nonsubstantive clarifications or corrections to existing rules,

(iii) Update existing forms,

(iv) Make minor changes in the substantive rules regarding statistics and reporting requirements,

(v) Make changes to the rules implementing the Privacy Act, or

(vi) Adopt technical standards set by outside organizations.

(2) The **Federal Register** document will state that any adverse comment must be received in writing by the OA or OST component within the specified time after the date of publication and that, if no written adverse comment is received, the rule will become effective a specified number of days after the date of publication.

(3) If no written adverse comment is received by the OA or OST component within the original or extended comment period, the OA or OST component will publish a notice in the **Federal Register** indicating that no adverse comment was received and confirming that the rule will become effective on the date that was indicated in the direct final rule.

(4) If the OA or OST component receives any written adverse comment

within the specified time of publication in the **Federal Register**, the OA or OST component may proceed as follows:

(i) Publish a document withdrawing the direct final rule in the rules and regulations section of the **Federal Register** and, if the OA or OST component decides a rulemaking is warranted, a proposed rule; or

(ii) Any other means permitted under the Administrative Procedure Act. (5) An “adverse” comment for the purpose of this subpart means any comment that the OA or OST component determines is critical of the rule, suggests that the rule should not be adopted or suggests a material change that should be made in the rule. A comment suggesting that the policy or requirements of the rule should or should not also be extended to other Departmental programs outside the scope of the rule is not adverse. A notice of intent to submit an adverse comment is not, in and of itself, an adverse comment.

(m) *Reports to Congress and GAO.* For each final rule adopted by DOT, the responsible OA or OST component shall submit the reports to Congress and the U.S. Government Accountability Office to comply with the procedures specified by 5 U.S.C. 801 (the Congressional Review Act), or any subsequent amendment thereto.

(n) *Negotiated rulemakings.* (1) DOT negotiated rulemakings are to be conducted in accordance with the Negotiated Rulemaking Act, 5 U.S.C. 561–571, and the Federal Advisory Committee Act, 5 U.S.C. App. 2, as applicable.

(2) Before initiating a negotiated rulemaking process, the OA or OST component should:

(i) Assess whether using negotiated rulemaking procedures for the proposed rule in question is in the public interest, in accordance with 5 U.S.C. 563(a), and present these findings to the RRTF;

(ii) Consult with the Office of Regulation on the appropriateness of negotiated rulemaking and the procedures therefor; and

(iii) Receive the approval of the RRTF for the use of negotiated rulemaking.

(3) Unless otherwise approved by the General Counsel, all DOT negotiated rulemakings should involve the assistance of a convener and a facilitator, as provided in the Negotiated Rulemaking Act. A convener is a person who impartially assists the agency in determining whether establishment of a negotiated rulemaking committee is feasible and appropriate in a particular rulemaking. A facilitator is a person who impartially aids in the discussions and negotiations among members of a negotiated rulemaking committee to

develop a proposed rule. The same person may serve as both convener and facilitator.

(4) All charters, membership appointments, and **Federal Register** notices must be approved by the Secretary. Any operating procedures (e.g., bylaws) for negotiated rulemaking committees must be approved by OGC.

§ 5.15 Unified Agenda of Regulatory and Deregulatory Actions (Unified Agenda).

(a) Fall editions of the Unified Agenda include the Regulatory Plan, which presents the Department’s statement of regulatory priorities for the coming year. Fall editions also include the outcome and status of the Department’s reviews of existing regulations, conducted in accordance with § 5.13(d).

(b) The OAs and components of OST with rulemaking authority must:

(1) Carefully consider the principles contained in E.O. 13771, E.O. 13777, and E.O. 12866 in the preparation of all submissions for the Unified Agenda;

(2) Ensure that all data pertaining to the OA’s or OST component’s regulatory and deregulatory actions are accurately reflected in the Department’s Unified Agenda submission; and

(3) Timely submit all data to the Office of Regulation in accordance with the deadlines and procedures communicated by that office.

§ 5.17 Special procedures for economically significant and high-impact rulemakings.

(a) *Definitions*—(1) *Economically significant rule* means a significant rule likely to impose:

(i) A total annual cost on the U.S. economy (without regard to estimated benefits) of \$100 million or more, or

(ii) A total net loss of at least 75,000 full-time jobs in the U.S. over the five years following the effective date of the rule (not counting any jobs relating to new regulatory compliance).

(2) *High-impact rule* means a significant rule likely to impose:

(i) A total annual cost on the U.S. economy (without regard to estimated benefits) of \$500 million or more, or

(ii) A total net loss of at least 250,000 full-time jobs in the U.S. over the five years following the effective date of the rule (not counting any jobs relating to new regulatory compliance).

(b) *ANPRM required.* Unless directed otherwise by the RRTF or otherwise required by law, in the case of a rulemaking for an economically significant rule or a high-impact rule, the proposing OA or OST component shall publish an ANPRM in the **Federal Register**.

(c) *Additional requirements for NPRM.* (1) In addition to the

requirements set forth in § 5.13, an NPRM for an economically significant rule or a high-impact rule shall include a discussion explaining an achievable objective for the rule and the metrics by which the OA or OST component will measure progress toward that objective.

(2) Absent unusual circumstances and unless approved by the RRTF (in consultation with OIRA, as appropriate), the comment period for an economically significant rule shall be at least 60 days and for a high-impact rule at least 90 days. If a rule is determined to be an economically significant rule or high-impact rule after the publication of the NPRM, the responsible OA or OST component shall publish a notice in the **Federal Register** that informs the public of the change in classification and discusses the achievable objective for the rule and the metrics by which the OA or OST component will measure progress toward that objective, and shall extend or reopen the comment period by not less than 30 days and allow further public comment as appropriate, including comment on the change in classification.

(d) *Procedures for formal hearings*—

(1) *Petitions for hearings.* Following publication of an NPRM for an economically significant rule or a high-impact rule, and before the close of the comment period, any interested party may file in the rulemaking docket a petition asking the proposing OA or OST component to hold a formal hearing on the proposed rule in accordance with this subsection.

(2) *Mandatory hearing for high-impact rule.* In the case of a proposed high-impact rule, the responsible OA or OST component shall grant the petition for a formal hearing if the petition makes a plausible prima facie showing that:

(i) The proposed rule depends on conclusions concerning one or more specific scientific, technical, economic, or other complex factual issues that are genuinely in dispute or that may not satisfy the requirements of the Information Quality Act;

(ii) The ordinary public comment process is unlikely to provide the OA or OST component an adequate examination of the issues to permit a fully informed judgment on the dispute; and

(iii) The resolution of the disputed factual issues would likely have a material effect on the costs and benefits of the proposed rule or on whether the proposed rule would achieve the statutory purpose.

(3) *Authority to deny hearing for economically significant rule.* In the case of a proposed economically significant rule, the responsible OA or

OST component may deny a petition for a formal hearing that includes the showing described in paragraph (d)(2) of this section but only if the OA or OST component reasonably determines that:

(i) The requested hearing would not advance the consideration of the proposed rule and the OA's or OST component's ability to make the rulemaking determinations required under this subpart; or

(ii) The hearing would unreasonably delay completion of the rulemaking in light of a compelling safety need or an express statutory mandate for prompt regulatory action.

(4) *Denial of petition.* If the OA or OST component denies a petition for a formal hearing under this subsection in whole or in part, the OA or OST component shall include a detailed explanation of the factual basis for the denial in the rulemaking record, including findings on each of the relevant factors identified in paragraph (d)(2) or (3) of this section. The denial of a good faith petition for a formal hearing under this section shall be disfavored.

(5) *Notice and scope of hearing.* If the OA or OST component grants a petition for a formal hearing under this section, the OA or OST component shall publish notification of the hearing in the **Federal Register** not less than 45 days before the date of the hearing. The document shall specify the proposed rule at issue and the specific factual issues to be considered in the hearing. The scope of the hearing shall be limited to the factual issues specified in the notice.

(6) *Hearing process.* (i) A formal hearing for purposes of this section shall be conducted using procedures borrowed from 5 U.S.C. 556 and 5 U.S.C. 557, or similar procedures as approved by the Secretary, and interested parties shall have a reasonable opportunity to participate in the hearing through the presentation of testimony and written submissions.

(ii) The OA or OST component shall arrange for an administrative judge or other neutral administrative hearing officer to preside over the hearing and shall provide a reasonable opportunity for cross-examination of witnesses at the hearing.

(iii) After the formal hearing and before the record of the hearing is closed, the presiding hearing officer shall render a report containing findings and conclusions addressing the disputed issues of fact identified in the hearing notice and specifically advising on the accuracy and sufficiency of the factual information in the record relating to those disputed issues on

which the OA or OST component proposes to base the rule.

(iv) Interested parties who have participated in the hearing shall be given an opportunity to file statements of agreement or objection in response to the hearing officer's report, and the complete record of the proceeding shall be made part of the rulemaking record.

(7) *Actions following hearing.* (i) Following completion of the formal hearing process, the responsible OA or OST component shall consider the record of the hearing and, subject to the approval of the RRTF (in consultation with OIRA, as appropriate), shall make a reasoned determination whether:

(A) To terminate the rulemaking;

(B) To proceed with the rulemaking as proposed; or

(C) To modify the proposed rule.

(ii) If the decision is made to terminate the rulemaking, the OA or OST component shall publish a notice in the **Federal Register** announcing the decision and explaining the reasons therefor.

(iii) If the decision is made to finalize the proposed rule without material modifications, the OA or OST component shall explain the reasons for its decision and its responses to the hearing record in the preamble to the final rule, in accordance with paragraph (e) of this section.

(iv) If the decision is made to modify the proposed rule in material respects, the OA or OST component shall, subject to the approval of the RRTF (in consultation with OIRA, as appropriate), publish a new or supplemental NPRM in the **Federal Register** explaining the OA's or OST component's responses to and analysis of the hearing record, setting forth the modifications to the proposed rule, and providing an additional reasonable opportunity for public comment on the proposed modified rule.

(8) *Relationship to interagency process.* The formal hearing procedures under this subsection shall not impede or interfere with OIRA's interagency review process for the proposed rulemaking.

(e) *Additional requirements for final rules.* (1) In addition to the requirements set forth in § 5.13(k), the preamble to a final economically significant rule or a final high-impact rule shall include:

(i) A discussion explaining the OA's or OST component's reasoned final determination that the rule as adopted is necessary to achieve the objective identified in the NPRM in light of the full administrative record and does not deviate from the metrics previously identified by the OA or OST component

for measuring progress toward that objective; and

(ii) In accordance with paragraph (d)(7)(iii) of this section, the OA's or OST component's responses to and analysis of the record of any formal hearing held under paragraph (d) of this section.

(2) Absent exceptional circumstances and unless approved by the RRTF or Secretary (in consultation with OIRA, as appropriate), the OA or OST component shall adopt as a final economically significant rule or final high-impact rule the least costly regulatory alternative that achieves the relevant objectives.

(f) *Additional requirements for retrospective reviews.* For each economically significant rule or high-impact rule, the responsible OA or OST component shall publish a regulatory impact report in the **Federal Register** every 5 years after the effective date of the rule while the rule remains in effect. The regulatory impact report shall include, at a minimum:

(1) An assessment of the impacts, including any costs, of the rule on regulated entities;

(2) A determination about how the actual costs and benefits of the rule have varied from those anticipated at the time the rule was issued; and

(3) An assessment of the effectiveness and benefits of the rule in producing the regulatory objectives it was adopted to achieve.

(g) *Waiver and modification.* The procedures required by this section may be waived or modified as necessary with the approval of the RRO or the Secretary.

§ 5.19 Public contacts in informal rulemaking.

(a) *Agency contacts with the public during informal rulemakings conducted in accordance with 5 U.S.C. 553.* (1) DOT personnel may have meetings or other contacts with interested members of the public concerning an informal rulemaking under 5 U.S.C. 553 or similar procedures at any stage of the rulemaking process, provided the substance of material information submitted by the public that DOT relies on in proposing or finalizing the rule is adequately disclosed and described in the public rulemaking docket such that all interested parties have notice of the information and an opportunity to comment on its accuracy and relevance.

(2) After the issuance of the NPRM and pending completion of the final rule, DOT personnel should avoid giving persons outside the Executive Branch information regarding the rulemaking that is not available generally to the public.

(3) If DOT receives an unusually large number of requests for meetings with interested members of the public during the comment period for a proposed rule or after the close of the comment period, the issuing OA or component of OST should consider whether there is a need to extend or reopen the comment period, to allow for submission of a second round of “reply comments,” or to hold a public meeting on the proposed rule.

(4) If the issuing OA or OST component meets with interested persons on the rulemaking after the close of the comment period, it should be open to giving other interested persons a similar opportunity to meet.

(5) If DOT learns of significant new information, such as new studies or data, after the close of the comment period that the issuing OA or OST component wishes to rely upon in finalizing the rule, the OA or OST component should reopen the comment period to give the public an opportunity to comment on the new information. If the new information is likely to result in a change to the rule that is not within the scope of the NPRM, the OA or OST component should consider issuing a Supplemental NPRM to ensure that the final rule represents a logical outgrowth of DOT’s proposal.

(b) *Contacts during OIRA review.* (1) E.O. 12866 and E.O. 13563 lay out the procedures for review of significant regulations by OIRA, which include a process for members of the public to request meetings with OIRA regarding rules under OIRA review. Per E.O. 12866, OIRA invites the Department to attend these meetings. The Office of Regulation will forward these invitations to the appropriate regulatory contact in the OA or component of OST responsible for issuing the regulation.

(2) If the issuing OA or OST component wishes to attend the OIRA-sponsored meeting or if its participation is determined to be necessary by the Office of Regulation, the regulatory contact should identify to the Office of Regulation up to two individuals from the OA or OST component who will attend the meeting along with a representative from the Office of Regulation. Attendance at these meetings can be by phone or in person. These OIRA meetings are generally listening sessions for DOT.

(3) The attending DOT personnel should refrain from debating particular points regarding the rulemaking and should avoid disclosing the contents of a document or proposed regulatory action that has not yet been disclosed to the public, but may answer questions of fact regarding a public document.

(4) Following the OIRA meeting, the attendee(s) from the issuing OA or OST component will draft a summary report of the meeting and submit it to the Office of Regulation for review. After the report is reviewed and finalized in coordination with the Office of Regulation, the responsible OA or OST component will place the final report in the rulemaking docket.

§ 5.21 Policy updates and revisions.

This subpart shall be reviewed from time to time to reflect improvements in the rulemaking process or changes in Administration policy.

§ 5.23 Disclaimer.

This subpart is intended to improve the internal management of the Department. It is not intended to, and does not, create any right or benefit, substantive or procedural, enforceable at law or in equity by any party against the United States, its agencies or other entities, officers or employees, or any other person. In addition, this subpart shall not be construed to create any right to judicial review involving the compliance or noncompliance with this subpart by the Department, its OAs or OST components, its⁸ officers or employees, or any other person.

Subpart C—Guidance Procedures

§ 5.25 General.

(a) This subpart governs all DOT employees and contractors involved with all phases of issuing DOT guidance documents.

(b) Subject to the qualifications and exemptions contained in this subpart and in appendix A to the Memorandum on the Review and Clearance of Guidance Documents (available online at the website of the Office of the General Counsel’s Office of Regulation¹), these procedures apply to all guidance documents issued by all components of the Department after December 20, 2018.

(c) For purposes of this subpart, the term *guidance document* includes any statement of agency policy or interpretation concerning a statute, regulation, or technical matter within the jurisdiction of the agency that is intended to have general applicability and future effect, but which is not intended to have the force or effect of law in its own right and is not otherwise required by statute to satisfy the

⁸

¹ See Appendix A to “Memorandum on the Review and Clearance of Guidance Documents,” available at <https://www.transportation.gov/sites/dot.gov/files/docs/regulations/328566/gen-counsel-mem-guidance-documents-signed-122018.pdf>.

rulemaking procedures specified in 5 U.S.C. 553 or 5 U.S.C. 556. The term is not confined to formal written documents; guidance may come in a variety of forms, including (but not limited to) letters, memoranda, circulars, bulletins, advisories, and may include video, audio, and Web-based formats. See OMB Bulletin 07–02, “Agency Good Guidance Practices,” (January 25, 2007) (“OMB Good Guidance Bulletin”).

(d) This subpart does not apply to:

(1) Rules exempt from rulemaking requirements under 5 U.S.C. 553(a);

(2) Rules of agency organization, procedure, or practice;

(3) Decisions of agency adjudications under 5 U.S.C. 554 or similar statutory provisions;

(4) Internal executive branch legal advice or legal advisory opinions addressed to executive branch officials;

(5) Agency statements of specific applicability, including advisory or legal opinions directed to particular parties about circumstance-specific questions (e.g., case or investigatory letters responding to complaints, warning letters), notices regarding particular locations or facilities (e.g., guidance pertaining to the use, operation, or control of a government facility or property), and correspondence with individual persons or entities (e.g., congressional correspondence), except documents ostensibly directed to a particular party but designed to guide the conduct of the broader regulated public;

(6) Legal briefs, other court filings, or positions taken in litigation or enforcement actions;

(7) Agency statements that do not set forth a policy on a statutory, regulatory, or technical issue or an interpretation of a statute or regulation, including speeches and individual presentations, editorials, media interviews, press materials, or congressional testimony that do not set forth for the first time a new regulatory policy;

(8) Guidance pertaining to military or foreign affairs functions;

(9) Grant solicitations and awards;

(10) Contract solicitations and awards;

or

(11) Purely internal agency policies or guidance directed solely to DOT employees or contractors or to other Federal agencies that are not intended to have substantial future effect on the behavior of regulated parties.

§ 5.27 Review and clearance by Chief Counsels and the Office of the General Counsel.

All DOT guidance documents, as defined in § 5.25(c), require review and

clearance in accordance with this subpart.

(a) Guidance proposed to be issued by an OA of the Department must be reviewed and cleared by the OA's Office of Chief Counsel. In addition, as provided elsewhere in this subpart, some OA guidance documents will require review and clearance by OGC.

(b) Guidance proposed to be issued by a component of OST must be reviewed and cleared by OGC.

§ 5.29 Requirements for clearance.

DOT's review and clearance of guidance shall ensure that each guidance document proposed to be issued by an OA or component of OST satisfies the following requirements:

(a) The guidance document complies with all relevant statutes and regulation (including any statutory deadlines for agency action);

(b) The guidance document identifies or includes:

(1) The term "guidance" or its functional equivalent;

(2) The issuing OA or component of OST;

(3) A unique identifier, including, at a minimum, the date of issuance and title of the document and its Z-RIN, if applicable;

(4) The activity or entities to which the guidance applies;

(5) Citations to applicable statutes and regulations;

(6) A statement noting whether the guidance is intended to revise or replace any previously issued guidance and, if so, sufficient information to identify the previously issued guidance; and

(7) A short summary of the subject matter covered in the guidance document at the top of the document.

(c) The guidance document avoids using mandatory language, such as "shall," "must," "required," or "requirement," unless the language is describing an established statutory or regulatory requirement or is addressed to DOT staff and will not foreclose the Department's consideration of positions advanced by affected private parties;

(d) The guidance document is written in plain and understandable English;

(e) All guidance documents include a clear and prominent statement declaring that the contents of the document do not have the force and effect of law and are not meant to bind the public in any way, and the document is intended only to provide clarity to the public regarding existing requirements under the law or agency policies.

§ 5.31 Public access to effective guidance documents.

Each OA and component of OST responsible for issuing guidance documents shall:

(a) Ensure all effective guidance documents, identified by a unique identifier which includes, at a minimum, the document's title and date of issuance or revision and its Z-RIN, if applicable, are on its website in a single, searchable, indexed database, and available to the public in accordance with 49 CFR 7.12(a)(2);

(b) Note on its website that guidance documents lack the force and effect of law, except as authorized by law or as incorporated into a contract;

(c) Maintain and advertise on its website a means for the public to comment electronically on any guidance documents that are subject to the notice-and-comment procedures described in § 5.39 and to submit requests electronically for issuance, reconsideration, modification, or rescission of guidance documents in accordance with § 5.41; and

(d) Designate an office to receive and address complaints from the public that the OA or OST component is not following the requirements of OMB's Good Guidance Bulletin or is improperly treating a guidance document as a binding requirement.

§ 5.33 Good faith cost estimates.

Even though not legally binding, some agency guidance may result in a substantial economic impact. For example, the issuance of agency guidance may induce private parties to alter their conduct to conform to recommended standards or practices, thereby incurring costs beyond the costs of complying with existing statutes and regulations. While it may be difficult to predict with precision the economic impact of voluntary guidance, the proposing OA or component of OST shall, to the extent practicable, make a good faith effort to estimate the likely economic cost impact of the guidance document to determine whether the document might be significant. When an OA or OST component is assessing or explaining whether it believes a guidance document is significant, it should, at a minimum, provide the same level of analysis that would be required for a major determination under the Congressional Review Act.² When an agency determines that a guidance document will be economically significant, the OA or OST component

should conduct and publish a Regulatory Impact Analysis of the sort that would accompany an economically significant rulemaking, to the extent reasonably possible.

§ 5.35 Approved procedures for guidance documents identified as "significant" or "otherwise of importance to the Department's interests."

(a) For guidance proposed to be issued by an OA, if there is a reasonable possibility the guidance may be considered "significant" or "otherwise of importance to the Department's interests" within the meaning of § 5.37 or if the OA is uncertain whether the guidance may qualify as such, the OA should email a copy of the proposed guidance document (or a summary of it) to the Office of Regulation for review and further direction before issuance. Unless exempt under appendix A to the Memorandum on the Review and Clearance of Guidance Documents,³ each proposed DOT guidance document determined to be significant or otherwise of importance to the Department's interests must be approved by the Secretary before issuance. In such instances, the Office of Regulation will request that the proposing OA or component of OST obtain a Z-RIN for departmental review and clearance through the Regulatory Management System (RMS), or a successor data management system, and OGC will coordinate submission of the proposed guidance document to the Secretary for approval.

(b) As with significant regulations, OGC will submit significant DOT guidance documents to OMB for coordinated review. In addition, OGC may determine that it is appropriate to coordinate with OMB in the review of guidance documents that are otherwise of importance to the Department's interests.

(c) If the guidance document is determined not to be either significant or otherwise of importance to the Department's interests within the meaning of § 5.37, the Office of Regulation will advise the proposing OA or component of OST to proceed with issuance of the guidance either through the Office of the Executive Secretariat (for Federal Register notices) or through its standard clearance process. For each guidance document coordinated through the Office of the Executive Secretariat, the issuing OA or component of OST should include a

² See OMB Memorandum M-19-14, Guidance on Compliance with the Congressional Review Act (April 11, 2019).

³ See Appendix A to "Memorandum on the Review and Clearance of Guidance Documents," available at <https://www.transportation.gov/sites/dot.gov/files/docs/regulations/328566/gen-counsel-mem-guidance-documents-signed-122018.pdf>.

statement in the action memorandum indicating that the guidance document has been reviewed and cleared in accordance with this process.

§ 5.37 Definitions of “significant guidance document” and guidance documents that are “otherwise of importance to the Department’s interests.”

(a) The term “significant guidance document” means a guidance document that will be disseminated to regulated entities or the general public and that may reasonably be anticipated:

(1) To lead to an annual effect on the economy of \$100 million or more or adversely affect in a material way the U.S. economy, a sector of the U.S. economy, productivity, competition, jobs, the environment, public health or safety, or State, local, or tribal governments or communities;

(2) To create serious inconsistency or otherwise interfere with an action taken or planned by another Federal agency;

(3) To alter materially the budgetary impact of entitlements, grants, user fees, or loan programs or the rights and obligations of recipients thereof; or

(4) To raise novel legal or policy issues arising out of legal mandates, the President’s priorities, or the principles set forth in E.O. 12866, as further amended.

(b) The term “significant guidance document” does not include the categories of documents excluded by § 5.25(b) or any other category of guidance documents exempted in writing by OGC in consultation with OMB’s Office of Information and Regulatory Affairs (OIRA).

(c) Significant and economically significant guidance documents must be reviewed by OIRA under E.O. 12866 before issuance; and must demonstrate compliance with the applicable requirements for regulations or rules, including significant regulatory actions, set forth in E.O. 12866, E.O. 13563, E.O. 13609, E.O. 13771, and E.O. 13777.

(d) Even if not “significant,” a guidance document will be considered “otherwise of importance to the Department’s interests” within the meaning of this paragraph if it may reasonably be anticipated:

(1) To relate to a major program, policy, or activity of the Department or a high-profile issue pending for decision before the Department;

(2) To involve one of the Secretary’s top policy priorities;

(3) To garner significant press or congressional attention; or

(4) To raise significant questions or concerns from constituencies of importance to the Department, such as

Committees of Congress, States or Indian tribes, the White House or other departments of the Executive Branch, courts, consumer or public interest groups, or leading representatives of industry.

§ 5.39 Designation procedures.

(a) The Office of Regulation may request an OA or OST component to prepare a designation request for certain guidance documents. Designation requests must include the following information:

(1) A summary of the guidance document; and

(2) The OA or OST component’s recommended designation of “not significant,” “significant,” or “economically significant,” as well as a justification for that designation.

(b) Except as otherwise provided in paragraph (c) of this section, the Office of Regulation will seek significance determinations from OIRA for certain guidance documents, as appropriate, in the same manner as for rulemakings. Prior to publishing these guidance documents, and with sufficient time to allow OIRA to review the document in the event that a significance determination is made, the Office of Regulation should provide OIRA with an opportunity to review the designation request or the guidance document, if requested, to determine if it meets the definition of “significant” or “economically significant” under Executive Order 13891.

(c) Unless they present novel issues, significant risks, interagency considerations, unusual circumstances, or other unique issues, the categories of guidance documents found in appendix A⁴ do not require designation by OIRA.

§ 5.41 Notice-and-comment procedures.

(a) Except as provided in paragraph (b) of this section, all proposed DOT guidance documents determined to be a “significant guidance document” within the meaning of § 5.37 shall be subject to the following informal notice-and-comment procedures. The issuing OA or component of OST shall publish a notice in the **Federal Register** announcing that a draft of the proposed guidance document is publicly available, shall post the draft guidance document on its website, shall invite public comment on the draft document for a minimum of 30 days, and shall prepare and post a public response to major concerns raised in the comments,

⁴ See Appendix A to “Memorandum on the Review and Clearance of Guidance Documents,” available at <https://www.transportation.gov/sites/dot.gov/files/docs/regulations/328566/gen-counsel-mem-guidance-documents-signed-122018.pdf>.

as appropriate, on its website, either before or when the guidance document is finalized and issued.

(b) The requirements of paragraph (a) of this section will not apply to any significant guidance document or categories of significant guidance documents for which OGC finds, in consultation with OIRA, the proposing OA or component of OST, and the Secretary, good cause that notice and public procedure thereon are impracticable, unnecessary, or contrary to the public interest (and incorporates the finding of good cause and a brief statement of reasons therefor in the guidance issued). Unless OGC advises otherwise in writing, the categories of guidance documents listed in appendix A⁵ will be exempt from the requirements of paragraph (a) of this section.

(c) Where appropriate, OGC or the proposing OA or component of OST may recommend to the Secretary that a particular guidance document that is otherwise of importance to the Department’s interests shall also be subject to the informal notice-and-comment procedures described in paragraph (a) of this section.

§ 5.43 Petitions for guidance.

Any person may petition an OA or OST component to withdraw or modify a particular guidance document by using the procedures found in § 5.13(c). The OA or OST component should respond to all requests in a timely manner, but no later than 90 days after receipt of the request.

§ 5.45 Rescinded guidance.

No OA or component of OST may cite, use, or rely on guidance documents that are rescinded, except to establish historical facts.

§ 5.47 Exigent circumstances.

In emergency situations or when the issuing OA or component of OST is required by statutory deadline or court order to act more quickly than normal review procedures allow, the issuing OA or component of OST shall coordinate with OGC to notify OIRA as soon as possible and, to the extent practicable, shall comply with the requirements of this subpart at the earliest opportunity. Wherever practicable, the issuing OA or component of OST should schedule its proceedings to permit sufficient time to

⁵ See Appendix A to “Memorandum on the Review and Clearance of Guidance Documents,” available at <https://www.transportation.gov/sites/dot.gov/files/docs/regulations/328566/gen-counsel-mem-guidance-documents-signed-122018.pdf>.

comply with the procedures set forth in this subpart.

§ 5.49 Reports to Congress and GAO.

Unless otherwise determined in writing by OGC, it is the policy of the Department that upon issuing a guidance document determined to be “significant” within the meaning of § 5.37, the issuing OA or component of OST will submit a report to Congress and GAO in accordance with the procedures described in 5 U.S.C. 801 (the “Congressional Review Act”).

§ 5.51 No judicial review or enforceable rights.

This subpart is intended to improve the internal management of the Department of Transportation. As such, it is for the use of DOT personnel only and is not intended to, and does not, create any right or benefit, substantive or procedural, enforceable at law or in equity by any party against the United States, its agencies or other entities, its officers or employees, or any other person.

Subpart D—Enforcement Procedures

§ 5.53 General.

The requirements set forth in this subpart apply to all enforcement actions taken by each DOT operating administration (OA) and each component of the Office of the Secretary of Transportation (OST) with enforcement authority.

§ 5.55 Enforcement attorney responsibilities.

All attorneys of OST and the OAs involved in enforcement activities are responsible for carrying out and adhering to the policies set forth in this subpart. All supervising attorneys with responsibility over enforcement adjudications, administrative enforcement proceedings, and other enforcement actions are accountable for the successful implementation of these policies and for reviewing and monitoring compliance with this subpart by the employees under their supervision. These responsibilities include taking all steps necessary to ensure that the Department provides a fair and impartial process at each stage of enforcement actions. The Office of Litigation and Enforcement within the Office of the General Counsel (OGC) is delegated authority to interpret this subpart and provide guidance on compliance with the policies contained herein. The Office of Litigation and Enforcement shall exercise this authority in coordination with the Chief Counsels of the OAs and subject to the

direction and supervision of the General Counsel.

§ 5.57 Definitions.

Administrative enforcement proceeding is to be interpreted broadly, consistent with applicable law and regulations, and includes, but is not limited to, administrative civil penalty proceedings; proceedings involving potential cease-and-desist or corrective action orders; preemption proceedings; safety rating appeals; pilot and mechanic revocation proceedings; grant suspensions, terminations, or other actions to remedy violations of grant conditions; and similar enforcement-related proceedings.

Administrative law judges (ALJs) are adjudicatory hearing officers appointed by a department head to serve as triers of fact in formal and informal administrative proceedings and to issue recommended decisions in adjudications. At DOT, ALJs are to be appointed by the Secretary of Transportation and assigned to the Office of Hearings.

Adversarial personnel are those persons who represent a party (including the agency) or a position or interest at issue in an enforcement action taken or proposed to be taken by or for an agency. They include the agency’s employees who investigate, prosecute, or advocate on behalf of the agency in connection with the enforcement action.

Decisional personnel are employees of the agency responsible for issuing decisions arising out of the agency’s enforcement actions, which include formal or informal enforcement adjudications. These employees include ALJs, hearing officers, Administrative Judges (AJs), and agency employees who advise and assist such decision makers.

Due process means procedural rights and protections afforded by the Government to affected parties to provide for a fair process in the enforcement of legal obligations, including in connection with agency actions determining a violation of law, assessing a civil penalty, requiring a party to take corrective action or to cease and desist from conduct, or otherwise depriving a party of a property or liberty interest. Due process always includes two essential elements for a party subject to an agency enforcement action: adequate notice of the proposed agency enforcement action and a meaningful opportunity to be heard by the agency decision maker.

Enabling act means the Federal statute that defines the scope of an agency’s authority and authorizes it to undertake an enforcement action.

Enforcement action means an action taken by the Department upon its own initiative or at the request of an affected party in furtherance of its statutory authority and responsibility to execute and ensure compliance with applicable laws. Such actions include administrative enforcement proceedings, enforcement adjudications, and judicial enforcement proceedings.

Enforcement adjudication is the administrative process undertaken by the agency to resolve the legal rights and obligations of specific parties with regard to a particular enforcement issue pending before an agency. The outcome of an enforcement adjudication is a formal or informal decision issued by an appropriate decision maker. Enforcement adjudications require the opportunity for participation by directly affected parties and the right to present a response to a decision maker, including relevant evidence and reasoned arguments.

Formal enforcement adjudication means an adjudication required by statute to be conducted “on the record.” The words “on the record” generally refer to a decision issued by an agency after a proceeding conducted before an ALJ (or the agency head sitting as judge or other presiding employee who is not an ALJ) using trial-type procedures. It is usually the agency’s enabling act, not the APA, that determines whether a formal hearing is required.

Informal enforcement adjudication means an adjudication that is not required to be conducted “on the record” with trial-like procedures. The APA provides agencies with a substantial degree of flexibility in establishing practices and procedures for the conduct of informal adjudications.

Investigators, inspectors, and special agents refer to those agency employees or agents responsible for the investigation and review of an affected party’s compliance with the regulations and other legal requirements administered by the agency.

Judicial enforcement proceeding means a proceeding conducted in an Article III court, in which the Department is seeking to enforce an applicable statute, regulation, or order.

Procedural regulations are agency regulations setting forth the procedures to be followed during adjudications consistent with the agency’s enabling act, the APA, and other applicable laws.

§ 5.59 Enforcement policy generally.

It is the policy of the Department to provide affected parties appropriate due process in all enforcement actions. In the course of such actions and

proceedings, the Department's conduct must be fair and free of bias and should conclude with a well-documented decision as to violations alleged and any violations found to have been committed, the penalties or corrective actions to be imposed for such violations, and the steps needed to ensure future compliance. It is in the public interest and fundamental to good government that the Department carry out its enforcement responsibilities in a fair and just manner. No person should be subject to an administrative enforcement action or adjudication absent prior public notice of both the enforcing agency's jurisdiction over particular conduct and the legal standards applicable to that conduct. The Department should, where feasible, foster greater private-sector cooperation in enforcement, promote information sharing with the private sector, and establish predictable outcomes for private conduct.

§ 5.61 Investigative functions.

DOT's investigative powers must be used in a manner consistent with due process, basic fairness, and respect for individual liberty and private property. Congress has granted the Secretary (and by delegation from the Secretary to the OAs) and the FAA Administrator broad investigative powers, and it is an essential part of DOT's safety and consumer protection mission to investigate compliance with the statutes and regulations administered by the Department, including through periodic inspections. The OAs and components of OST with enforcement authority are appropriately given broad discretion in determining whether and how to conduct investigations, periodic inspections, and other compliance reviews, and these investigative functions are often performed by agency investigators or inspectors in the field. The employees and contractors of DOT responsible for inspections and other investigative functions must not use these authorities as a game of "gotcha" with regulated entities and should follow existing statutes and regulations. Rather, to the maximum extent consistent with protecting the integrity of the investigation, the representatives of DOT should promptly disclose to the affected parties the reasons for the investigative review and any compliance issues identified or findings made in the course of the review. The responsible enforcement attorneys within the relevant OA or component of OST shall provide effective legal guidance to investigators and inspectors to ensure adherence to the policies and procedures set forth herein.

§ 5.63 Clear legal foundation.

All DOT enforcement actions against affected parties seeking redress for asserted violations of a statute or regulation must be founded on a grant of statutory authority in the relevant enabling act. The authority to prosecute the asserted violation and the authority to impose monetary penalties, if sought, must be clear in the text of the statute. Unless the terms of the relevant statute or regulation with government-wide applicability, such as 2 CFR part 180, clearly and expressly authorize the OA or component of OST to enforce the relevant legal requirement directly through an administrative enforcement proceeding, the proper forum for the enforcement action is Federal court, and the enforcement action must be initiated in court by attorneys of the Department of Justice acting in coordination with DOT counsel.

§ 5.65 Proper exercise of prosecutorial and enforcement discretion.

The Department's attorneys and policy makers have broad discretion in deciding whether to initiate an enforcement action. Nevertheless, in exercising discretion to initiate an enforcement action and in the pursuit of that action, agency counsel must not adopt or rely upon overly broad or unduly expansive interpretations of the governing statutes or regulations, and should ensure that the law is interpreted and applied according to its text. DOT will not rely on judge-made rules of judicial discretion, such as the *Chevron* doctrine, as a device or excuse for straining the limits of a statutory grant of enforcement authority. All decisions by DOT to prosecute or not to prosecute an enforcement action should be based upon a reasonable interpretation of the law about which the public has received fair notice and should be made with due regard for fairness, the facts and evidence adduced through an appropriate investigation or compliance review, the availability of scarce resources, the administrative needs of the responsible OA or OST component, Administration policy, and the importance of the issues involved to the fulfillment of the Department's statutory responsibilities.

§ 5.67 Duty to review for legal sufficiency.

In accordance with established agency procedures, enforcement actions should be reviewed by the responsible agency component for legal sufficiency under applicable statutes and regulations, judicial decisions, and other appropriate

authorities.⁶ If, in the opinion of the responsible agency component or its counsel, the evidence is sufficient to support the assertion of violation(s), then the agency may proceed with the enforcement action. If the evidence is not sufficient to support the proposed enforcement action, the agency may modify or amend the charges and bring an enforcement action in line with the evidence or return the case to the enforcement staff for additional investigation. The reviewing attorney or agency component may also recommend the closure of the case for lack of sufficient evidence.⁷ The Department will not initiate enforcement actions as a "fishing expedition" to find potential violations of law in the absence of sufficient evidence in hand to support the assertion of a violation.

§ 5.69 Fair notice.

Notice to the regulated party is a due process requirement. All documents initiating an enforcement action shall ensure notice reasonably calculated to inform the regulated party of the nature and basis for the action being taken to allow an opportunity to challenge the action and to avoid unfair surprise. The notice should include legal authorities, statutes or regulations allegedly violated, basic issues, key facts alleged, a clear statement of the grounds for the agency's action, and a reference to or recitation of the procedural rights available to the party to challenge the agency action, including appropriate procedure for seeking administrative and judicial review.

§ 5.71 Separation of functions.

For those OAs or OST components whose regulations provide for a separation of decisional personnel from adversarial personnel in an

⁶ Though it may not always be feasible or necessary for agency personnel to consult with counsel before initiating an enforcement action, particularly since the OAs utilize a variety of enforcement personnel to staff their enforcement programs, including personnel located in the fields, agency personnel should ensure that the basis for an enforcement action is legally sufficient before initiating it.

⁷ Attorneys at many of the OAs issue Notices of Probable Violations, Notice of Claims, or Demand Letters to initiate enforcement proceedings. At other OAs, these documents are issued by non-attorney program officials. The duty to review applies equally to all agency attorneys whether deciding to issue a document to initiate enforcement proceedings or to continue to prosecute based upon a document previously issued by a non-attorney program official. In the latter situation, it is important that attorneys provide legal input, training, and review of the work product of the program office. At all times, DOT attorneys are encouraged to exercise their best professional judgment in deciding to initiate, continue, or recommend closing a case, consistent with applicable legal and ethical standards.

administrative enforcement proceeding, any agency personnel who have taken an active part in investigating, prosecuting, or advocating in the enforcement action should not serve as a decision maker and should not advise or assist the decision maker in that same or a related case. In such proceedings, the agency's adversarial personnel should not furnish ex parte advice or factual materials to decisional personnel. When and as necessary, agency employees involved in enforcement actions should consult legal counsel and applicable regulations and ethical standards for further guidance on these requirements.

§ 5.73 Avoiding bias.

Consistent with all applicable laws and ethical standards relating to recusals and disqualifications, no Federal employee or contractor may participate in a DOT enforcement action in any capacity, including as ALJ, adjudication counsel, adversarial personnel, or decisional personnel, if that person has:

- (a) A financial or other personal interest that would be affected by the outcome of the enforcement action;
- (b) Personal animus against a party to the action or against a group to which a party belongs;
- (c) Prejudgment of the adjudicative facts at issue in the proceeding; or
- (d) Any other prohibited conflict of interest.

§ 5.75 Formal enforcement adjudications.

When a case is referred by the decision maker to the Office of Hearings or another designated hearing officer for formal adjudication (an "on the record" hearing), the assigned ALJ or hearing officer should use trial-type procedures consistent with applicable legal provisions. In formal adjudication, the APA requires findings and reasons on all material issues of fact, law, or discretion (policy). In all formal adjudications, the responsible OA or component of OST shall adhere faithfully and consistently to the procedures established in the relevant procedural regulations. Agency counsel engaged in formal adjudications on behalf of DOT are accountable for compliance with the requirements of this subpart.

§ 5.77 Informal enforcement adjudications.

Even though informal adjudications do not require trial-type procedures, the responsible OA or component of OST should ordinarily afford the applicant or the regulated entity that is the subject of the adjudication (as the case may be), as well as other directly affected parties (if

any), adequate notice and an opportunity to be heard on the matter under review, either through an oral presentation or through a written submission. Except in cases of a safety emergency or when the clear text of the relevant enabling act or government-wide regulation, such as 2 CFR part 180, expressly authorizes exigent enforcement action without a prior hearing, the responsible OA or component of OST shall give the regulated entity appropriate advance notice of the proposed enforcement action and shall advise the entity of the opportunity for an informal hearing in a manner and sufficiently in advance that the entity's representatives have a fair opportunity to prepare for and to participate in the hearing, whether in person or by writing. The notice should be in plain language and, when appropriate, contain basic information about the applicable adjudicatory process. In all informal adjudications, the responsible OA or component of OST shall adhere faithfully and consistently to the procedures established in any applicable procedural regulations.

§ 5.79 The hearing record.

In formal hearings, the agency shall comply with the APA and shall include in the record of the hearing the testimony, exhibits, papers, and requests that are filed by parties to the hearing, in addition to the ALJ's or hearing officer's decision or the decision on appeal. For informal hearings, the record shall include the information that the agency considered "at the time it reached the decision" and its contemporaneous findings. The administrative record does not include privileged documents, such as attorney-client communications or deliberative or draft documents. Agencies are encouraged to make the record available to all interested parties to the fullest extent allowed by law, consistent with appropriate protections for the handling of confidential information.

§ 5.81 Contacts with the public.

After the initiation of an enforcement proceeding, communications between persons outside the agency and agency decisional personnel should occur on the record. Consistent with applicable regulations and procedures, if oral, written, or electronic ex parte communications occur, they should be placed on the record as soon as practicable. Notice should be given to the parties that such communications are being placed into the record. When performing departmental functions, all DOT employees should properly

identify themselves as employees of the Department, including the OA or component of OST in which they work; they should properly show official identification if the contact is made in person; and they should clearly state the nature of their business and the reasons for the contact. All contacts by DOT personnel with the public shall be professional, fair, honest, direct, and consistent with all applicable ethical standards.

§ 5.83 Duty to disclose exculpatory evidence.

It is the Department's policy that each responsible OA or component of OST will voluntarily follow in its civil enforcement actions the principle articulated in *Brady v. Maryland*,⁸ in which the Supreme Court held that the Due Process Clause of the Fifth Amendment requires disclosure of exculpatory evidence "material to guilt or punishment" known to the government but unknown to the defendant in criminal cases. Adopting the "Brady rule" and making affirmative disclosures of exculpatory evidence in all enforcement actions will contribute to the Department's goal of open and fair investigations and administrative enforcement proceedings. This policy requires the agency's adversarial personnel to disclose materially exculpatory evidence in the agency's possession to the representatives of the regulated entity whose conduct is the subject of the enforcement action. These affirmative disclosures should include any material evidence known to the Department's adversarial personnel that may be favorable to the regulated entity in the enforcement action—including evidence that tends to negate or diminish the party's responsibility for a violation or that could be relied upon to reduce the potential fine or other penalties. The regulated entity need not request such favorable information; it should be disclosed as a matter of course. Agency counsel should recommend appropriate remedies to DOT decision makers where a *Brady* rule violation has occurred, using the factors identified by courts when applying the *Brady* rule in the criminal context.

§ 5.85 Use of guidance documents in administrative enforcement cases.

Guidance documents cannot create binding requirements that do not already exist by statute or regulation. Accordingly, the Department may not use its enforcement authority to convert agency guidance documents into

⁸ *Brady v. Maryland*, 373 U.S. 83 (1963).

binding rules. Likewise, enforcement attorneys may not use noncompliance with guidance documents as a basis for proving violations of applicable law. Guidance documents can do no more, with respect to prohibition of conduct, than articulate the agency or Department's understanding of how a statute or regulation applies to particular circumstances. The Department may cite a guidance document to convey this understanding in an administrative enforcement action or adjudication only if it has notified the public of such document in advance through publication in the **Federal Register** or on the Department's website. Additional procedures related to guidance documents are contained in part 5, subpart C, of this chapter.

§ 5.87 Alternative Dispute Resolution (ADR).

The OAs and the components of OST with enforcement authority are encouraged to use ADR to resolve enforcement cases where appropriate. The Department's ADR policy describes a variety of problem-solving processes that can be used in lieu of litigation or other adversarial proceedings to resolve disputes over compliance.

§ 5.89 Duty to adjudicate proceedings promptly.

Agency attorneys should promptly initiate proceedings or prosecute matters referred to them. In addition, cases should not be allowed to linger unduly after the adjudicatory process has begun. Attorneys should seek to settle matters where possible or refer the case to a decision maker for proper disposition when settlement negotiations have reached an impasse.

§ 5.91 Agency decisions.

Agency counsel may be used in the conduct of informal hearings and to prepare initial recommended decisions for the agency decision maker. The agency must notify the directly affected parties of its decision, and the decision must reasonably inform the parties in a timely manner of the additional procedural rights available to them.

§ 5.93 Settlements.

Settlement conferences may be handled by appropriate agency counsel without the involvement of the agency's decision maker. Once a matter is settled by compromise, that agreement should be reviewed and accepted by an appropriate supervisor. The responsible OA or component of OST should issue an order adopting the terms of the settlement agreement as the final agency decision, where and as authorized by statute or regulation. No DOT settlement

agreement, consent order, or consent decree should be used to adopt or impose new regulatory obligations for entities that are not parties to the settlement. Unless required by law, settlement agreements are not confidential and are subject to public disclosure.

§ 5.95 OGC approval required for certain settlement terms.

Whenever a proposed settlement agreement, consent order, or consent decree would impose behavioral commitments or obligations on a regulated entity that go beyond the requirements of relevant statutes and regulations, including the appointment of an independent monitor or the imposition of novel, unprecedented, or extraordinary obligations, the responsible OA or OST component should obtain the approval of OGC before finalizing the settlement agreement, consent order, or consent decree.

§ 5.97 Basis for civil penalties and disclosures thereof.

No civil penalties will be sought in any DOT enforcement action except when and as supported by clear statutory authority and sufficient findings of fact. Where applicable statutes vest the agency with discretion with regard to the amount or type of penalty sought or imposed, the penalty should reflect due regard for fairness, the scale of the violation, the violator's knowledge and intent, and any mitigating factors (such as whether the violator is a small business). The assessment of proposed or final penalties in a DOT enforcement action shall be communicated in writing to the subject of the action, along with a full explanation of the basis for the calculation of asserted penalties. In addition, the agency shall voluntarily share penalty calculation worksheets, manuals, charts, or other appropriate materials that shed light on the way penalties are calculated to ensure fairness in the process and to encourage a negotiated resolution where possible.

§ 5.99 Publication of decisions.

The agency's decisions in informal adjudications are not required to be published under the APA. However, where the agency intends to rely on its opinions in future cases, those opinions must generally be made available on agency websites or in agency reading rooms (and publication on Westlaw, Lexis, or similar legal services is also highly recommended). The APA has been read to require that opinions in formal adjudications must be made

“available for public inspection and copying.” Agencies are strongly encouraged to publish all formal decisions on Westlaw, Lexis, or similar legal services.

§ 5.101 Coordination with the Office of Inspector General on criminal matters.

All Department employees must comply with the operative DOT Order(s) addressing referrals of potential criminal matters to the Office of Inspector General (OIG), consistent with the respective roles of the OIG and DOT OAs and components of OST in criminal investigations and the OIG's investigative procedures under the Inspector General Act of 1978, as amended.

§ 5.103 Standard operating procedures.

All legal offices that participate in or render advice in connection with enforcement actions should, to the extent practicable, operate under standard operating procedures. Such offices include, but are not limited to, those that oversee investigatory matters and serve as adversarial personnel in the agency's enforcement matters. These standard operating procedures, which can be contained in manuals, can be used to outline step-by-step requirements for attorney actions in the investigative stage and the prosecution stage; the role of an attorney as counselor, adjudicator, or litigator; the rulemaking process; and the process for issuance of guidance documents, letters of interpretation, preemption decisions, legislative guidance, contract administration, and a variety of other legal functions performed in the legal office. Each DOT OA and each OST component that conducts administrative inspections shall operate under those procedures governing such inspections and shall adopt such administrative inspection procedures if they do not exist. Those procedures shall be updated in a timely manner as needed.

§ 5.105 Cooperative Information Sharing.

The Department, as appropriate and to the extent practicable and permitted by law, shall:

- (a) Encourage voluntary self-reporting of regulatory violations by regulated parties in exchange for reduction or waivers of civil penalties;
- (b) Encourage voluntary information sharing by regulated parties; and
- (c) Provide pre-enforcement rulings to regulated parties (formal and informal interpretations).

§ 5.107 Small Business Regulatory Enforcement Fairness Act Compliance (SBREFA).

The Department shall comply with the terms of SBREFA when conducting administrative inspections and adjudications, including section 223 of SBREFA (reduction or waivers of civil penalties, where appropriate). The Department will also cooperate with the Small Business Administration (SBA) when a small business files a comment or complaint related to DOT's inspection authority and when requested to answer SBREFA compliance requests.

§ 5.109 Referral of matters for judicial enforcement.

In considering whether to refer a matter for judicial enforcement by the Department of Justice, DOT attorneys should consult the applicable procedures set forth by the General Counsel, including in the document entitled "Partnering for Excellence: Coordination of Legal Work Within the U.S. Department of Transportation," and any update or supplement to such document issued hereafter by the General Counsel. The specific procedures for initiating an affirmative litigation request are currently found in the coordination document at Section 11.B.1., "Affirmative Litigation Requests to the Department of Justice." In most instances, requests to commence affirmative litigation must be reviewed by OGC, with such reviews coordinated through the Office of Litigation and Enforcement.

§ 5.111 No third-party rights or benefits.

This subpart is intended to improve the internal management of the Department. As such, it is for the use of DOT personnel only and is not intended to, and does not, create any right or benefit, substantive or procedural, enforceable at law or in equity by any party against the United States, its agencies, officers, or any person.

Title 49—Transportation

PART 7—PUBLIC AVAILABILITY OF INFORMATION

■ 11. The authority citation for part 7 continues to read as follows:

Authority: 5 U.S.C. 552; 31 U.S.C. 9701; 49 U.S.C. 322; E.O. 12600; E.O. 13392.

■ 12. Amend § 7.12 by revising paragraph (a)(2) to read as follows:

§ 7.12 What records are available in reading rooms, and how are they accessed?

(a) * * *

(2) Statements of policy and interpretations, including guidance documents as defined in 49 CFR 5.25(c), that have been adopted by DOT;

* * * * *

PART 106—RULEMAKING PROCEDURES

■ 13. The authority citation for part 106 continues to read as follows:

Authority: 49 U.S.C. 5101–5127; 49 CFR 1.53.

■ 14. Amend § 106.40 by revising the introductory text, the first sentence of paragraph (c), and paragraph (d)(1) to read as follows:

§ 106.40 Direct final rule.

A direct final rule makes regulatory changes and states that the regulatory changes will take effect on a specified date unless PHMSA receives an adverse comment within the comment period—generally 60 days after the direct final rule is published in the **Federal Register**.

* * * * *

(c) *Confirmation of effective date.* We will publish a confirmation document in the **Federal Register**, generally within 15 days after the comment period closes, if we have not received an adverse comment. * * *

(d) * * *

(1) If we receive an adverse comment, we will either publish a document withdrawing the direct final rule before it becomes effective and may issue an NPRM, or proceed by any other means permitted under the Administrative Procedure Act, consistent with procedures at 49 CFR 5.13(l).

* * * * *

PART 211—RULES OF PRACTICE

■ 15. The authority citation for part 211 is revised to read as follows:

Authority: 49 U.S.C. 20103, 20107, 20114, 20306, 20502–20504, and 49 CFR 1.89.

■ 16. Amend § 211.33 by revising paragraph (b) to read as follows:

§ 211.33 Direct final rulemaking procedures.

* * * * *

(b) The **Federal Register** document will state that any adverse comment must be received in writing by the Federal Railroad Administration within the specified time after the date of publication and that, if no written adverse comment or request for oral hearing (if such opportunity is required by statute) is received, the rule will

become effective a specified number of days after the date of publication.

* * * * *

PART 389—RULEMAKING PROCEDURES—FEDERAL MOTOR CARRIER SAFETY REGULATIONS

■ 17. The authority citation for part 389 continues to read as follows:

Authority: 49 U.S.C. 113, 501 *et seq.*, subchapters I and III of chapter 311, chapter 313, and 31502; 42 U.S.C. 4917; and 49 CFR 1.87.

■ 18. Amend § 389.39 by revising the introductory text and paragraphs (c) and (d)(1) to read as follows:

§ 389.39 Direct final rulemaking procedures.

A direct final rule makes regulatory changes and states that those changes will take effect on a specified date unless FMCSA receives an adverse comment by the date specified in the direct final rule published in the **Federal Register**.

* * * * *

(c) *Confirmation of effective date.* FMCSA will publish a confirmation rule document in the **Federal Register**, if it has not received an adverse comment by the date specified in the direct final rule. The confirmation rule document tells the public the effective date of the rule.

(d) * * *

(1) If FMCSA receives an adverse comment within the comment period, it will either publish a document withdrawing the direct final rule before it becomes effective and may issue an NPRM, or proceed by any other means permitted under the Administrative Procedure Act, consistent with procedures at 49 CFR 5.13(l).

* * * * *

PART 553—RULEMAKING PROCEDURES

■ 19. The authority citation for part 553 is revised to read as follows:

Authority: 49 U.S.C. 322, 30103, 30122, 30124, 30125, 30127, 30146, 30162, 32303, 32502, 32504, 32505, 32705, 32901, 32902, 33102, 33103, and 33107; delegation of authority at 49 CFR 1.95.

■ 20. Amend § 553.14 by revising paragraphs (b), (c), and (d) to read as follows:

§ 553.14 Direct final rulemaking.

* * * * *

(b) The **Federal Register** document will state that any adverse comment must be received in writing by NHTSA within the specified time after the date of publication of the direct final rule

and that, if no written adverse comment is received in that period, the rule will become effective a specified number of days (no less than 45) after the date of publication of the direct final rule. NHTSA will provide a minimum comment period of 30 days.

(c) If no written adverse comment is received by NHTSA within the specified time after the date of publication in the **Federal Register**, NHTSA will publish a document in the **Federal Register** indicating that no adverse comment was received and confirming that the rule will become effective on the date that was indicated in the direct final rule.

(d) If NHTSA receives any written adverse comment within the specified time after publication of the direct final rule in the **Federal Register**, the agency will either publish a document withdrawing the direct final rule before it becomes effective and may issue an NPRM, or proceed by any other means permitted under the Administrative

Procedure Act, consistent with procedures at 49 CFR 5.13(l).

* * * * *

PART 601—ORGANIZATION, FUNCTIONS, AND PROCEDURES

■ 21. The authority citation for part 601 is revised to read as follows:

Authority: 5 U.S.C. 552; 49 U.S.C. 5334; 49 CFR 1.91.

■ 22. Amend § 601.36 by revising paragraphs (b), (c), and (d) to read as follows:

§ 601.36 Procedures for direct final rulemaking.

* * * * *

(b) The **Federal Register** document will state that any adverse comment must be received in writing by FTA within the specified time after the date of publication and that, if no written adverse comment is received, the rule will become effective a specified

number of days after the date of publication.

(c) If no written adverse comment is received by FTA within the specified time of publication in the **Federal Register**, FTA will publish a notice in the **Federal Register** indicating that no adverse comment was received and confirming that the rule will become effective on the date that was indicated in the direct final rule.

(d) If FTA receives any written adverse comment within the specified time of publication in the **Federal Register**, FTA will either publish a document withdrawing the direct final rule before it becomes effective and may issue an NPRM, or proceed by any other means permitted under the Administrative Procedure Act, consistent with procedures at 49 CFR 5.13(l).

BILLING CODE 4910-9X-P

(3) If the modification specified in paragraph (4) of EASA AD 2019–0064R1 is done, it must be done at the compliance time specified in paragraph (3) of EASA AD 2019–0064R1.

(4) Although the service information referenced in EASA AD 2019–0064R1 specifies to discard or scrap certain parts, this AD does not include that requirement.

(5) Where paragraph (3) of EASA AD 2019–0064R1 specifies to do a modification “in accordance with the instructions of section 3 of the modification ASB” this AD excludes paragraph 3.B.5. of “the modification ASB.”

(6) Where paragraph (4) of EASA AD 2019–0064R1 refers to “Eurocopter AS 322 SB No. 52.00.28,” for this AD use “Eurocopter AS 332 SB No. 52.00.28.”

(i) Terminating Action for AD 2019–09–03

Accomplishing the actions required by this AD terminates all requirements of AD 2019–09–03.

(j) Alternative Methods of Compliance (AMOCs)

(1) The Manager, International Validation Branch, FAA, has the authority to approve AMOCs for this AD, if requested using the procedures found in 14 CFR 39.19. In accordance with 14 CFR 39.19, send your request to your principal inspector or local Flight Standards District Office, as appropriate. If sending information directly to the International Validation Branch, send it to the attention of the person identified in paragraph (k) of this AD. Information may be emailed to: 9-AVS-AIR-730-AMOC@faa.gov.

(2) Before using any approved AMOC, notify your appropriate principal inspector, or lacking a principal inspector, the manager of the local flight standards district office/certificate holding district office.

(k) Related Information

For more information about this AD, contact Kathleen Arrigotti, Aviation Safety Engineer, Large Aircraft Section, International Validation Branch, FAA, 2200 South 216th St., Des Moines, WA 98198; telephone and fax 206–231–3218; email kathleen.arrigotti@faa.gov.

(l) Material Incorporated by Reference

(1) The Director of the Federal Register approved the incorporation by reference (IBR) of the service information listed in this paragraph under 5 U.S.C. 552(a) and 1 CFR part 51.

(2) You must use this service information as applicable to do the actions required by this AD, unless this AD specifies otherwise.

(i) European Union Aviation Safety Agency (EASA) AD 2019–0064R1, dated December 19, 2019.

(ii) [Reserved]

(3) For EASA AD 2019–0064R1, contact the EASA, Konrad-Adenauer-Ufer 3, 50668 Cologne, Germany; telephone +49 221 8999 000; email ADS@easa.europa.eu; Internet www.easa.europa.eu. You may find this EASA AD on the EASA website at <https://ad.easa.europa.eu>.

(4) You may view this service information at the FAA, Office of the Regional Counsel, Southwest Region, 10101 Hillwood Pkwy., Room 6N–321, Fort Worth, TX 76177. For

information on the availability of this material at the FAA, call 817–222–5110. This material may be found in the AD docket on the internet at <https://www.regulations.gov> by searching for and locating Docket No. FAA–2020–0909.

(5) You may view this material that is incorporated by reference at the National Archives and Records Administration (NARA). For information on the availability of this material at NARA, email fedreg.legal@nara.gov, or go to <https://www.archives.gov/federal-register/cfr/ibr-locations.html>.

Issued on February 25, 2021.

Gaetano A. Sciortino,

Deputy Director for Strategic Initiatives, Compliance & Airworthiness Division, Aircraft Certification Service.

Pipeline and Hazardous Materials Safety Administration

49 CFR Part 106

Federal Motor Carrier Safety Administration

49 CFR Part 389

National Highway Traffic Safety Administration

49 CFR Part 553

Federal Transit Administration

49 CFR Part 601

RIN 2105–AF00

Administrative Rulemaking, Guidance, and Enforcement Procedures

AGENCY: Office of the Secretary of Transportation (OST), Pipeline and Hazardous Materials Administration, Federal Motor Carrier Safety Administration, National Highway Traffic Safety Administration, and Federal Transit Administration, U.S. Department of Transportation (DOT).

ACTION: Final rule.

SUMMARY: This final rule removes the Department’s internal policies and procedures relating to the issuance of rulemaking and guidance documents from the Code of Federal Regulations. In addition, this final rule removes regulations concerning the initiation

and conduct of enforcement actions, including administrative enforcement proceedings and judicial enforcement actions brought in Federal court.

DATES: Effective on May 3, 2021.

FOR FURTHER INFORMATION CONTACT: Jill Laptosky, Office of Regulation, Office of the General Counsel, 202–493–0308, Jill.Laptosky@dot.gov.

SUPPLEMENTARY INFORMATION: The Department is issuing this final rule in response to two recently issued Executive orders. Executive Order (E.O.) 13992, “Revocation of Certain Executive Orders Concerning Federal Regulation” (January 20, 2021), revokes several executive orders that directed action by the Federal Government in the context of rulemaking, guidance, and regulatory enforcement. It also directs the Director of the Office of Management and Budget and heads of agencies to promptly take steps to rescind any orders, rules, regulations, guidelines, or policies, or portions thereof, implementing or enforcing any of the revoked orders, as appropriate and consistent with applicable law. E.O. 13990, “Protecting Public Health and the Environment and Restoring Science To Tackle the Climate Crisis” (January 20, 2021), directs all executive departments and agencies to review immediately and, as appropriate and consistent with applicable law, take action to address the promulgation of Federal regulations and other actions that conflict with the objectives stated in E.O. 13990.

On December 27, 2019, the Department published a final rule, “Administrative Rulemaking, Guidance, and Enforcement Procedures” (84 FR 71714), that codified at 49 CFR part 5 the Department’s internal procedures relating to the review and clearance of rulemaking and guidance documents, as well as the initiation and conduct of enforcement actions. In accordance with 49 CFR 5.21, “Policy updates and revisions,” the Department has reviewed the amendments made to 49 CFR part 5 by that final rule to determine whether any revisions are necessary in light of E.O. 13992 and E.O. 13990.

Many of the policies and procedures codified at 49 CFR part 5 were prompted by Executive orders that have since been revoked by E.O. 13992.¹ As

¹ For purposes of this rulemaking, the relevant revoked executive orders include the following: E.O. 13771 of January 30, 2017 (Reducing Regulation and Controlling Regulatory Costs), E.O. 13777 of February 24, 2017 (Enforcing the Regulatory Reform Agenda), E.O. 13891 of October 9, 2019 (Promoting the Rule of Law Through Improved Agency Guidance Documents), and E.O. 13892 of October 9, 2019 (Promoting the Rule of

a result, the Department will rescind those policies and procedures, or portions thereof, that implemented or enforced any of the revoked orders. This final rule removes from 49 CFR part 5 those provisions that reflect revoked policies and procedures that are no longer in effect.

With respect to the provisions of 49 CFR part 5 that are not directly attributable to now-revoked executive orders, the Department has determined to rescind many of the other regulations promulgated on December 27, 2019, concerning rulemaking, guidance documents, and enforcement actions for four primary reasons. First, the Department has found that a majority of the provisions contained in 49 CFR part 5 not directly attributable to the now-revoked executive orders solely apply to the Department's internal operations and thus need not be codified in the Code of Federal Regulations. Second, the regulations found in 49 CFR part 5 are duplicative of existing procedures contained in internal departmental procedural directives.² Because these procedures are already contained in existing internal procedures, it is not necessary that they also be published in the Code of Federal Regulations in order for them to be effective. Third, with regard to the regulations on enforcement matters, many of these provisions are derived from the Administrative Procedure Act (APA) and significant judicial decisions and thus need not be adopted by regulation in order to be effective. Application of the APA and these decisions to enforcement matters can be accomplished by internal directives as the Department deems necessary and appropriate. Therefore, 49 CFR part 5, subpart D—Enforcement Procedures is rescinded in its entirety. Fourth, removing these provisions from 49 CFR part 5 ensures that the Department is able to effectively and efficiently promulgate new Federal regulations and other actions to support the objectives stated in E.O. 13990.

The Code of Federal Regulations will continue to include those provisions that impact the public's ability to interact with the Department on rulemaking matters and activities. For example, the Department will maintain in 49 CFR part 5 procedures for the

public to petition for rulemakings and exemptions. In addition to rulemakings and exemptions, the Department's procedures, as amended in 2019, explicitly provided for the public to petition for retrospective reviews of existing rules and the modification or rescission of guidance documents. While the Department is revising its petition procedures to remove references to retrospective reviews and guidance document petitions, the Department will nevertheless accept and process these types of petitions. The revised petition procedures thus define "rule" expansively, consistent with the APA, to ensure that the Department will continue to consider a broad range of requests from the public regarding our regulatory programs.

E.O. 13992 also directs agencies to take prompt action to rescind any rules or regulations, or portions thereof, implementing revoked Executive orders, as appropriate and consistent with applicable law, that threaten to frustrate the Federal Government's ability to confront urgent challenges facing the Nation, including the coronavirus disease 2019 pandemic, economic recovery, racial justice, and climate change. The Department is reviewing its internal procedures (e.g., DOT Order 2100.6) and will revise them accordingly. As a result, departmental internal procedures will be updated to reflect the call of E.O. 13992 to revoke those procedures that reflect outdated policy that could hamstring the Department's ability to respond quickly and effectively to the challenges facing our Nation.

This final rule also makes a number of conforming edits to the regulations of its subcomponent operating administrations to ensure that they are updated properly to reflect the repeal of certain provisions of 49 CFR part 5.

Administrative Procedure Act

Under the Administrative Procedure Act, the normal notice and comment procedures do not apply to an action that is a rule of agency organization, procedure, or practice. See 5 U.S.C. 553(b)(A). Since this final rule revises only internal processes applicable to the Department's administrative procedures, this is a rule of agency procedure for which notice and comment are not required.

Rulemaking Analyses and Notices

A. E.O. 12866 and DOT Regulatory Policies and Procedures

This rulemaking is not a significant regulatory action under Executive Order 12866. The Department does not

anticipate that this rulemaking will have an economic impact on regulated entities. This is a rule of agency procedure and practice that does not change the Department's procedures in and of itself. This action merely removes duplicative regulations from the Code of Federal Regulations that would be better managed in departmental operating procedures.

B. Regulatory Flexibility Act

Since notice and comment rulemaking is not necessary for this rule, the analytical provisions of the Regulatory Flexibility Act (Pub. L. 96–354, 5 U.S.C. 601–612) do not apply.

C. Executive Order 13132 (Federalism)

Executive Order 13132 requires agencies to ensure meaningful and timely input by State and local officials in the development of regulatory policies that may have a substantial, direct effect on the States, on the relationship between the National Government and the States, or on the distribution of power and responsibilities among the various levels of government. This action has been analyzed in accordance with the principles and criteria contained in Executive Order 13132 (August 4, 1999), and DOT has determined that this action will not have a substantial direct effect or federalism implications on the States and would not preempt any State law or regulation or affect the States' ability to discharge traditional State governmental functions. Therefore, consultation with the States is not necessary.

D. Executive Order 13175 (Tribal Consultation)

This final rule has been analyzed in accordance with the principles and criteria contained in Executive Order 13175, "Consultation and Coordination with Indian Tribal Governments." Because this rulemaking does not significantly or uniquely affect the communities of the Indian tribal governments or impose substantial direct compliance costs on them, the funding and consultation requirements of Executive Order 13175 do not apply.

E. Paperwork Reduction Act

The Paperwork Reduction Act of 1995 (PRA) (44 U.S.C. 3501 *et seq.*) requires that DOT consider the impact of paperwork and other information collection burdens imposed on the public and, under the provisions of PRA section 3507(d), obtain approval from the Office of Management and Budget (OMB) for each collection of information it conducts, sponsors, or

Law Through Transparency and Fairness in Civil Administrative Enforcement and Adjudication).

² See, e.g., U.S. Department of Transportation, DOT Order 2100.6, "Policies and Procedures for Rulemakings," available at <https://www.transportation.gov/regulations/2018-dot-rulemaking-order>. Note that, consistent with the authorities described in this final rule, DOT is also reviewing the procedures and policies contained in this order to determine what revisions are necessary.

requires through regulations. The DOT has determined there are no new information collection requirements associated with this final rule.

F. National Environmental Policy Act

The agency has analyzed the environmental impacts of this action pursuant to the National Environmental Policy Act of 1969 (NEPA) (42 U.S.C. 4321 *et seq.*) and has determined that it is categorically excluded pursuant to DOT Order 5610.1C, "Procedures for Considering Environmental Impacts" (44 FR 56420, October 1, 1979). Categorical exclusions are actions identified in an agency's NEPA implementing procedures that do not normally have a significant impact on the environment and therefore do not require either an environmental assessment (EA) or environmental impact statement (EIS). The purpose of this rulemaking is to update the Department's administrative procedures for rulemaking, guidance documents, and enforcement actions. The agency does not anticipate any environmental impacts, and there are no extraordinary circumstances present in connection with this rulemaking.

Regulation Identifier Number

A regulation identifier number (RIN) is assigned to each regulatory action listed in the Unified Agenda of Federal Regulations. The Regulatory Information Service Center publishes the Unified Agenda in the spring and fall of each year. The RIN contained in the heading of this document can be used to cross reference this action with the Unified Agenda.

List of Subjects

14 CFR Part 302

Administrative practice and procedure, Air carriers, Airports, Postal Service.

14 CFR Part 399

Administrative practice and procedure, Air carriers, Air rates and fares, Air taxis, Consumer protection, Law enforcement, Policies, Rulemaking procedures, Small businesses.

49 CFR Part 1

Authority delegations (Government agencies), Organization and functions (Government agencies).

49 CFR Part 5

Administrative practice and procedure.

49 CFR Part 7

Freedom of information, Reporting and recordkeeping requirements.

49 CFR Part 106

Administrative practice and procedure, Hazardous materials transportation.

49 CFR Part 389

Administrative practice and procedure, Highway safety, Motor carriers, Motor vehicle safety.

49 CFR Part 553

Administrative practice and procedure, Motor vehicle safety.

49 CFR Part 601

Authority delegations (Government agencies), Freedom of information, Organization and functions (Government agencies).

In consideration of the foregoing, the Office of the Secretary of Transportation amends 14 CFR parts 302 and 399, and 49 CFR parts 1, 5, 7, 106, 389, 553, and 601, as follows:

Title 14—Aeronautics and Space

PART 302—RULES OF PRACTICE IN PROCEEDINGS

- 1. The authority citation for part 302 continues to read as follows:

Authority: 39 U.S.C. 5402; 42 U.S.C. 4321, 49 U.S.C. Subtitle I and Chapters 401, 411, 413, 415, 417, 419, 461, 463, and 471.

- 2. Revise § 302.16 to read as follows:

§ 302.16 Petitions for rulemaking.

Any interested person may petition the Department for the issuance, amendment, modification, or repeal of any regulation or guidance document, subject to the provisions of 49 CFR 5.3.

PART 399—STATEMENTS OF GENERAL POLICY

- 3. The authority citation for part 399 continues to read as follows:

Authority: 49 U.S.C. 41712, 40113(a).

- 4. Amend § 399.75 by revising paragraph (b) introductory text to read as follows:

§ 399.75 Rulemakings relating to unfair and deceptive practices.

* * * * *

(b) *Procedural requirements.* When issuing a proposed regulation under paragraph (a) of this section, unless the regulation is specifically required by statute, the Department shall adhere to the following procedural requirements:

* * * * *

§ 399.79 [Amended]

- 5. Amend § 399.79 by removing the first sentence of paragraph (e)(1).

Title 49—Transportation

PART 1—ORGANIZATION AND DELEGATION OF POWERS AND DUTIES

- 6. The authority citation for part 1 continues to read as follows:

Authority: 49 U.S.C. 322.

- 7. Amend § 1.27 by revising paragraph (e) to read as follows:

§ 1.27 Delegations to the General Counsel.

* * * * *

(e) Respond to petitions for rulemaking or petitions for exemptions in accordance with 49 CFR 5.3, and notify petitioners of decisions in accordance with 49 CFR 5.3(d)(5).

* * * * *

- 8. Revise part 5 to read as follows:

PART 5—ADMINISTRATIVE PROCEDURES

Subpart A—GENERAL

Sec. 5.1 Applicability.

Subpart B—Rulemaking Procedures

5.3 Petitions.

5.5 Public contacts in informal rulemaking.

5.7 Policy updates and revisions.

5.9 Disclaimer.

Authority: 49 U.S.C. 322(a).

Subpart A—General

§ 5.1 Applicability.

(a) This part prescribes general procedures that apply to rulemakings of the U.S. Department of Transportation (the Department or DOT), including each of its operating administrations (OAs) and all components of the Office of Secretary of Transportation (OST).

(b) For purposes of this part, *Administrative Procedure Act (APA)* is the Federal statute, codified in scattered sections of chapters 5 and 7 of title 5, United States Code, that governs procedures for agency rulemaking and adjudication and provides for judicial review of final agency actions.

Subpart B—Rulemaking Procedures

§ 5.3 Petitions.

(a) Any person may petition an OA or OST component with rulemaking authority to:

(1) Issue, amend, or repeal a rule, as defined in 5 U.S.C. 551; or

(2) Issue an exemption, either permanently or temporarily, from any requirements of a rule, consistent with applicable statutory or regulatory provisions.

(b) When an OA or OST component receives a petition under this section, the petition should be filed with the

Docket Clerk in a timely manner. If a petition is filed directly with the Docket Clerk, the Docket Clerk will submit the petition in a timely manner to the OA or component of OST with regulatory responsibility over the matter described in the petition.

(c) The OA or component of OST should provide clear instructions on its website to members of the public regarding how to submit petitions, including, but not limited to, an email address or Web portal where petitions can be submitted, a mailing address where hard copy requests can be submitted, and an office responsible for coordinating such requests.

(d) Unless otherwise provided by statute or in OA regulations or procedures, the following procedures apply to the processing of petitions for rulemaking or exemption:

(1) *Contents.* Each petition filed under this section must:

(i) Be submitted, either by paper submission to the U.S. Department of Transportation, Docket Operations, West Building Ground Floor, Room W12-140, 1200 New Jersey Avenue SE, Washington, DC 20590, or electronically by emailing: *regulationC50.law@dot.gov*;

(ii) Describe the nature of the request and set forth the text or substance of the rule, or specify the rule that the petitioner seeks to have issued, amended, exempted, or repealed, as the case may be;

(iii) Explain the interest of the petitioner in the action requested, including, in the case of a petition for an exemption, the nature and extent of the relief sought and a description of the persons to be covered by the exemption;

(iv) Contain any information and arguments available to the petitioner to support the action sought; and

(v) In the case of a petition for exemption, unless good cause is shown in that petition, be submitted at least 60 days before the proposed effective date of the exemption, as appropriate.

(2) *Processing.* Each petition received under this section is referred to the head of the office responsible for the subject matter of that petition, and the Office of Regulation.

(3) *Grants.* If the OA or component of OST with regulatory responsibility over the matter described in the petition determines that the petition contains adequate justification, it may request the initiation of a rulemaking action in accordance with departmental procedures or grant the petition, as appropriate.

(4) *Denials.* If the OA or component of OST determines that the petition is not justified, the OA or component of

OST denies the petition in coordination with the Office of Regulation.

(5) *Notification.* Whenever the OA or OST component determines that a petition should be granted or denied, and after consultation with the Office of Regulation in the case of denial, the office concerned prepares a notice of that grant or denial for issuance to the petitioner, and issues it to the petitioner.

§ 5.5 Public contacts in informal rulemaking.

(a) *Agency contacts with the public during informal rulemakings conducted in accordance with 5 U.S.C. 553.* (1) DOT personnel may have meetings or other contacts with interested members of the public concerning an informal rulemaking under 5 U.S.C. 553 or similar procedures at any stage of the rulemaking process, provided the substance of material information submitted by the public that DOT relies on in proposing or finalizing the rule is adequately disclosed and described in the public rulemaking docket such that all interested parties have notice of the information and an opportunity to comment on its accuracy and relevance.

(2) During the pendency of a rulemaking proceeding, DOT personnel must avoid giving persons outside the executive branch information regarding the rulemaking that is not available generally to the public.

(3) If DOT receives an unusually large number of requests for meetings with interested members of the public during the comment period for a proposed rule or after the close of the comment period, the issuing OA or component of OST should consider whether there is a need to extend or reopen the comment period, to allow for submission of a second round of “reply comments,” or to hold a public meeting on the proposed rule.

(4) If the issuing OA or OST component meets with interested persons on the rulemaking after the close of the comment period, it should be open to giving other interested persons a similar opportunity to meet.

(5) If DOT learns of significant new information, such as new studies or data, after the close of the comment period that the issuing OA or OST component wishes to rely upon in finalizing the rule, the OA or OST component should reopen the comment period to give the public an opportunity to comment on the new information. If the new information is likely to result in a change to the rule that is not within the scope of the notice of proposed rulemaking (NPRM), the OA or OST component should consider issuing a

supplemental NPRM to ensure that the final rule represents a logical outgrowth of DOT’s proposal.

(b) [Reserved]

§ 5.7 Policy updates and revisions.

This subpart shall be reviewed from time to time to reflect improvements in the rulemaking process or changes in Administration policy.

§ 5.9 Disclaimer.

This subpart is intended to improve the internal management of the Department. It is not intended to, and does not, create any right or benefit, substantive or procedural, enforceable at law or in equity by any party against the United States, its agencies or other entities, officers or employees, or any other person. In addition, this subpart shall not be construed to create any right to judicial review involving the compliance or noncompliance with this subpart by the Department, its OAs or OST components, its officers or employees, or any other person.

PART 7—PUBLIC AVAILABILITY OF INFORMATION

■ 9. The authority citation for part 7 continues to read as follows:

Authority: 5 U.S.C. 552; 31 U.S.C. 9701; 49 U.S.C. 322; E.O. 12600; E.O. 13392.

■ 10. Amend § 7.12 by revising paragraph (a)(2) to read as follows:

§ 7.12 What records are available in reading rooms, and how are they accessed?

(a) * * *

(2) Statements of policy and interpretations that have been adopted by DOT;

* * * * *

PART 106—RULEMAKING PROCEDURES

■ 11. The authority citation for part 106 continues to read as follows:

Authority: 49 U.S.C. 5101–5128; 49 CFR 1.81 and 1.97.

■ 12. Amend § 106.40 by revising paragraph (d)(1) to read as follows:

§ 106.40 Direct final rule.

* * * * *

(d) * * *

(1) If we receive an adverse comment, we will either publish a document withdrawing the direct final rule before it becomes effective and may issue an NPRM, or proceed by any other means permitted under the Administrative Procedure Act.

* * * * *

PART 389—RULEMAKING PROCEDURES—FEDERAL MOTOR CARRIER SAFETY REGULATIONS

■ 13. The authority citation for part 389 continues to read as follows:

Authority: 49 U.S.C. 113, 501 *et seq.*, subchapters I and III of chapter 311, chapter 313, and 31502; sec. 5204 of Pub. L. 114–94, 129 Stat. 1312, 1536; 42 U.S.C. 4917; and 49 CFR 1.87.

§ 389.13 [Amended]

■ 14. Amend § 389.13 by removing the first sentence of paragraph (a).

■ 15. Amend § 389.39 by revising paragraph (d)(1) to read as follows:

§ 389.39 Direct final rulemaking procedures.

* * * * *

(d) * * *

(1) If FMCSA receives an adverse comment within the comment period, it will either publish a document withdrawing the direct final rule before it becomes effective and may issue an NPRM, or proceed by any other means permitted under the Administrative Procedure Act.

* * * * *

PART 553—RULEMAKING PROCEDURES

■ 16. The authority citation for part 553 continues to read as follows:

Authority: 49 U.S.C. 322, 30103, 30122, 30124, 30125, 30127, 30146, 30162, 32303, 32502, 32504, 32505, 32705, 32901, 32902, 33102, 33103, and 33107; delegation of authority at 49 CFR 1.95.

■ 17. Amend § 553.14 by revising paragraphs (d) to read as follows:

§ 553.14 Direct final rulemaking.

* * * * *

(d) If NHTSA receives any written adverse comment within the specified time after publication of the direct final rule in the **Federal Register**, the agency will either publish a document withdrawing the direct final rule before it becomes effective and may issue an NPRM, or proceed by any other means permitted under the Administrative Procedure Act.

* * * * *

PART 601—ORGANIZATION, FUNCTIONS, AND PROCEDURES

■ 18. The authority citation for part 601 continues to read as follows:

Authority: 5 U.S.C. 552; 49 U.S.C. 5334; 49 CFR 1.91.

■ 19. Amend § 601.36 by revising paragraph (d) to read as follows:

§ 601.36 Procedures for direct final rulemaking.

* * * * *

(d) If FTA receives any written adverse comment within the specified time of publication in the **Federal Register**, FTA will either publish a document withdrawing the direct final rule before it becomes effective and may issue an NPRM, or proceed by any other means permitted under the Administrative Procedure Act.

BILLING CODE 4910–9X–P

CONSUMER PRODUCT SAFETY COMMISSION

16 CFR Part 1231

[Docket No. CPSC–2015–0031]

Safety Standard for High Chairs

AGENCY: Consumer Product Safety Commission.

ACTION: Direct final rule.

SUMMARY: In June 2018, the U.S. Consumer Product Safety Commission (CPSC) published a consumer product safety standard for high chairs under section 104 of the Consumer Product Safety Improvement Act of 2008 (CPSIA). The standard incorporated by reference the ASTM voluntary standard that was in effect for high chairs at the time. The CPSIA sets forth a process for updating mandatory standards for durable infant or toddler products that are based on a voluntary standard, when a voluntary standards organization revises the standard. In December 2020, ASTM published a revised voluntary standard for high chairs, and it notified the Commission of this revised standard in January 2021. This direct final rule updates the mandatory standard for high chairs to incorporate by reference ASTM’s 2020 version of the voluntary standard for high chairs.

DATES: The rule is effective on July 3, 2021, unless CPSC receives a significant adverse comment by May 3, 2021. If CPSC receives such a comment, it will publish notification in the **Federal Register**, withdrawing this direct final rule before its effective date. The incorporation by reference of the publication listed in this rule is approved by the Director of the Federal Register as of July 3, 2021.

ADDRESSES: You can submit comments, identified by Docket No. CPSC–2015–0031, by any of the following methods:

Electronic Submissions: Submit electronic comments to the Federal eRulemaking Portal at: <https://www.regulations.gov>. Follow the instructions for submitting comments. CPSC typically does not accept comments submitted by electronic mail (email), except through <https://www.regulations.gov>. CPSC encourages you to submit electronic comments by using the Federal eRulemaking Portal, as described above.

Mail/hand delivery/courier Written Submissions: Submit comments by mail/hand delivery/courier to: Division of the Secretariat, Consumer Product Safety Commission, Room 820, 4330 East West Highway, Bethesda, MD 20814; telephone: (301) 504–7479. Alternatively, as a temporary option during the COVID–19 pandemic, you can email such submissions to: cpsc-os@cpsc.gov.

Instructions: All submissions must include the agency name and docket number for this document. CPSC may post all comments without change, including any personal identifiers, contact information, or other personal information provided, to: <https://www.regulations.gov>. Do not submit electronically: Confidential business information, trade secret information, or other sensitive or protected information that you do not want to be available to the public. If you wish to submit such information, please submit it according to the instructions for mail/hand delivery/courier written submissions.

Docket: For access to the docket to read background documents or comments received, go to: <https://www.regulations.gov>, and insert the docket number, CPSC–2015–0031, into the “Search” box, and follow the prompts.

FOR FURTHER INFORMATION CONTACT: Keysha Walker, Compliance Officer, U.S. Consumer Product Safety Commission, 4330 East West Highway, Bethesda, MD 20814; telephone (301) 504–6820; email: kwalker@cpsc.gov.

SUPPLEMENTARY INFORMATION:

I. Background

A. Statutory Authority

Section 104(b)(1) of the CPSIA requires the Commission to assess the effectiveness of voluntary standards for durable infant or toddler products and adopt mandatory standards for these products. 15 U.S.C. 2056a(b)(1). The mandatory standard must be “substantially the same as” the voluntary standard, or it may be “more

FOR THE WESTERN DISTRICT OF KENTUCKY

POLYWEAVE PACKAGING, INC.,
Plaintiff

v.

PETER PAUL MONTGOMERY BUTTIGIEG,
Secretary, United States Department of Transportation,
Defendant

AFFIDAVIT OF NEIL J. WERTHMANN, JR.

**STATE OF INDIANA
COUNTY OF VANDENBURGH**

BEFORE ME, the undersigned Notary, NEIL J. WERTHMANN, JR., on this 29th day of April, 2021, personally appeared and, after being by me duly sworn, deposes and says the following:

1. My birthdate is April 4, 1962.
2. I reside in Newburgh, Indiana.
3. My office address is 8 Industrial Rd., Madisonville, KY 42431.
4. I am the President of the above-captioned Polyweave Packaging, Inc. ("Polyweave"). My responsibilities include, among other duties, management of Polyweave's manufacturing facility at the address above in Madisonville, KY. Polyweave was founded by my father, Neil Werthmann, Sr., and the company began operations in 1980.
5. From at least 2015, I have been in charge of Polyweave's compliance with all federal, state and local regulations applicable to the business, including the U.S. Department of Transportation's ("DOT's") Hazardous Materials Regulations ("HMRs"). I have consistently made every effort to assure our company's full compliance with all regulatory requirements and have always responded promptly to any inquiries or criticisms from representatives of regulatory bodies.
6. In April, 2015, I first became aware that Edward Rastetter, an inspector for DOT's Pipeline and Hazardous Materials Safety Administration ("PHMSA") had concerns with certain aspects of our product, a bag made for other businesses to use in the transportation of hazardous materials. Our interaction with Agent Rastetter is set forth in Part III, ¶¶ 45-61 of the Complaint in the above-captioned action.
7. The factual averments in those paragraphs of the Complaint are true, correct and complete, to the best of my knowledge and recollection.

Neil J. Werthmann, Jr.
